INTRODUCTION

This is the second in a series of Burial Records for Lenawee County, Michigan. It is a project that has long been awaited.

The Lenawee County Family Researchers, a Genealogical Society has for several years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. They are:

GAR - Grand Army of the Republic

DAR - Daughters of the American Revolution

SAR - Sons of the American Revolution

WRC - Women's Relief Corps

y - years, m - months, d - days

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

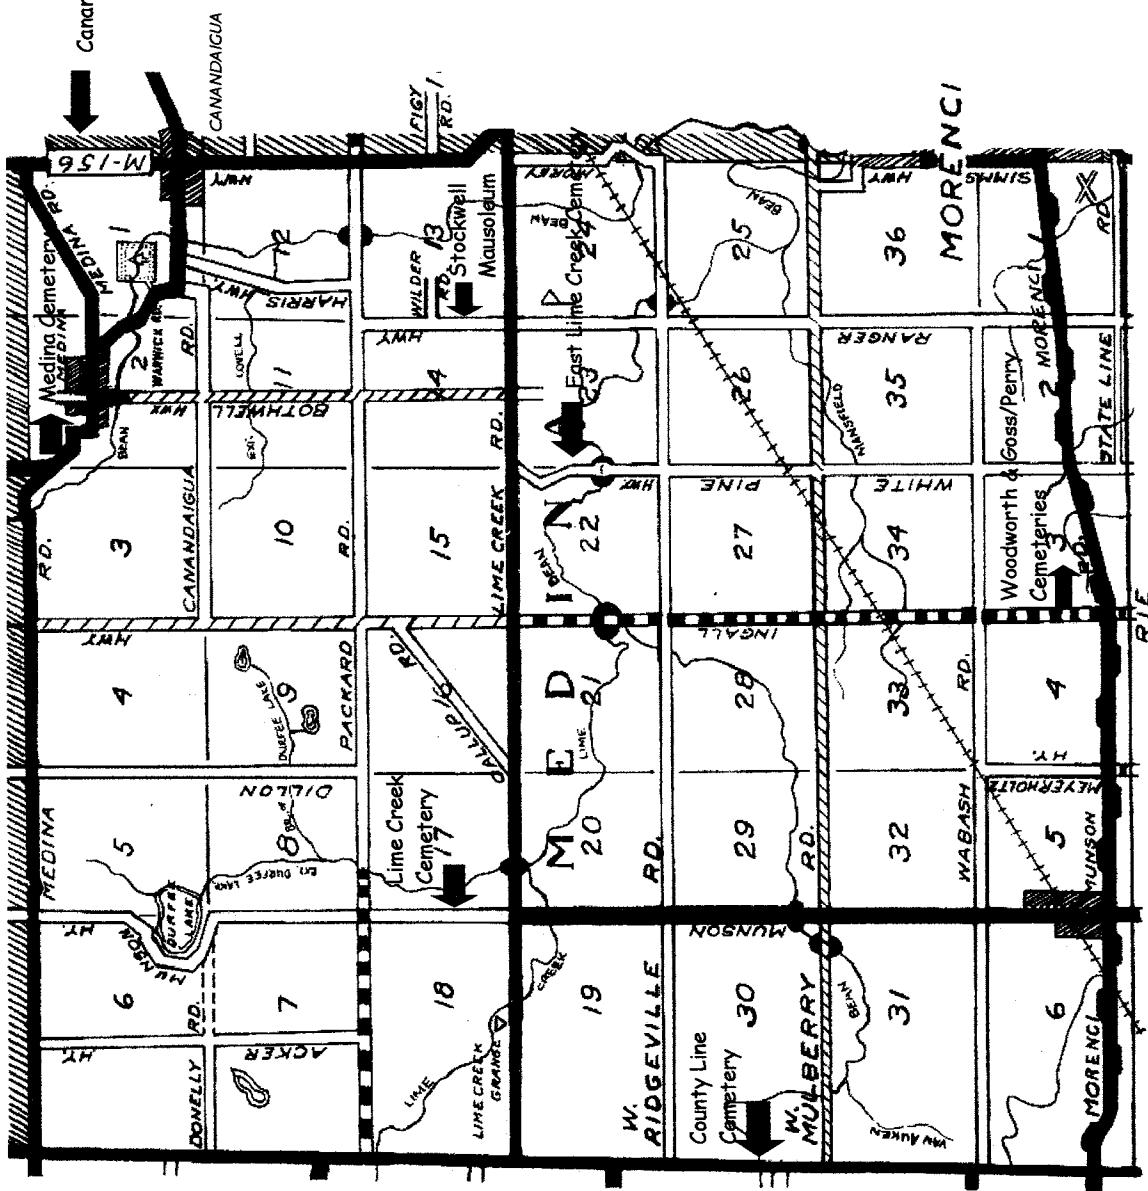

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

Special thanks go out to Mary Teeter, Jane Church, Robert Binns, Dorothy Lee, Linda Reeck, and Carol Stevens for their work on this volume of Lenawee County Burials. A very big thank you goes to Janis Reister who walked almost every cemetery in the township and did a majority of the typing. That said, it must be remembered this is a group effort, and without the help of all involved, the project would not have come to be. Thanks to the staff of the cemeteries and the township officials for assisting us.

Canandaigua Cemetery

Canandaigua Cemetery

This cemetery is located in section 1 of the township, about one half mile south of the intersection of Medina Road and M-156. It is on the west side of M-156, and north of the Village of Canandaigua. The cemetery is well cared for and interments are still being made, especially in the newest section which is the most northerly section of the cemetery. The older section is bounded by black wrought iron fencing, the new section of the cemetery is bounded by chain link fencing. There is a walk through gate between the sections. The newer section of the cemetery has only about 10 graves in early 2001.

A history of the town of Morenci, (Seneca Township), Lenawee County, Michigan, titled Our Journey in Time tells us that the cemetery was founded sometime after 1850, the earliest association records are not available, but that records from 1886 are available.

Our Journey in Time also relates that there is a Revolutionary soldier interred in the older section of the cemetery. The burial record of Samuel Fergeson, died August 26, 1838 can be found under ID # 333, he served with Strong's Connecticut Regiment in the Revolutionary War.

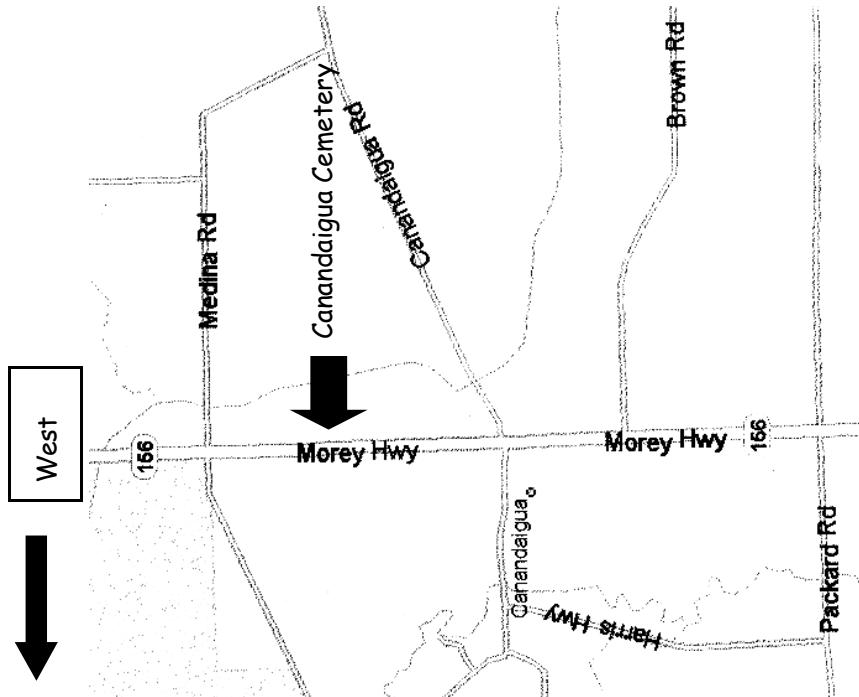

One of the earliest burials is that of Eliza Jane Hagaman, who died November 26, 1833 at the age of 5 years and 28 days.

Harriet Cole Clark Bowen, Adrian DAR and her league of assistants read this cemetery in June of 1942, the results of which are reported in the Gravestones of Lenawee County Michigan series published by the DAR during the late 1930's to early 1940's. She writes of the cemetery, "In observing this ground, one would know the early settlers were from nature-loving English stock by the many clipped trees there. The topiary work is very pronounced as the three avenues and many lots are bordered with these trees, making the ground seemingly filled with these trees. The only exception is a magnificent specimen of a cut-leaved birch."

There are no drives into the old section. The "avenues" Harriet refers to are now covered in grass, but they can be recognized as such. The reading starts in the southwest corner and each row is read starting from the south end. The reading was completed August 20, 1999.

Those buried in the new section are Nos. 549-559 and were randomly read starting in the northwest corner.

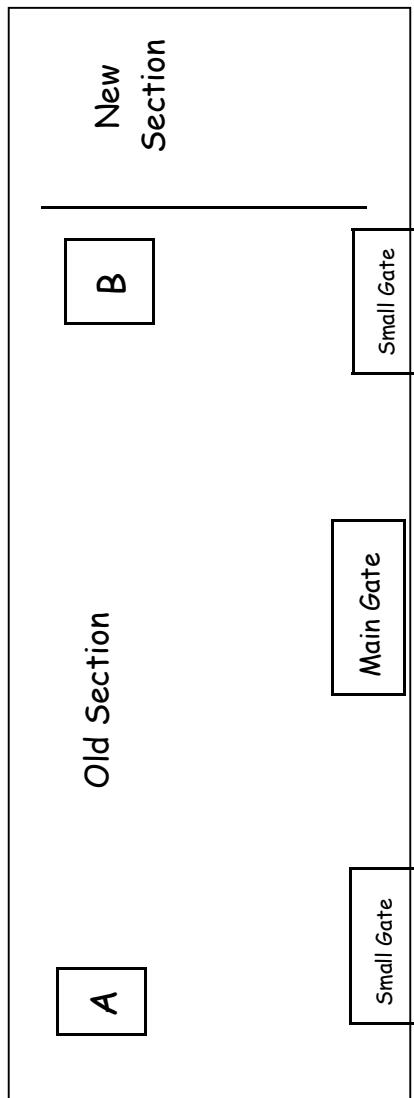

Canandaigua Cemetery

This photo of the Canandaigua Cemetery was taken while looking northwest, from M-156.

Canandaigua Cemetery is located on the west side of M-156, or Morey Highway, about .5 mile south of Medina Road.

Canandaigua Cemetery

The old section of the cemetery is surrounded by black wrought iron fencing. The new section of the cemetery is surrounded by chain link fence. There is a gate between the two sections. Building "A" is a small shed, building "B" is a larger utility building.

Canandaigua Cemetery

Stones were read from the south working north, begin with the row in the back, furthest away from the road.

Row N is in the new section of the cemetery, the burials are scattered in this area of the cemetery.

Row O is for old recorded burials, no stones were found in the 1999 reading.

The cemetery was re-walked again in July of 2001 and any new interments were noted and added to the data base.

Endnotes:

Row 2, Fannie and William Benfield: Her stone is inscribed: Native of Comer, Berns, England, his stone has a similar inscription, which is faded and cannot be read well, it appears to say, Native of Comer, Balis, England. Researchers are advised to do follow up research.

Row 2, W. H. Terpening, stone inscribed: "From Atlanta to the Sea".

Row 6, Jerome Sawdy: during the reading of 1999 this stone was found tipped over, and all that could be read was the given name Jerome, and the words "Son of". During reading of 2001 the stone was found in an upright position, and the name Jerome, the date July 28 and the age of 4 years could be made out. The year of death appeared to be 1844, but was very hard to read and was questioned. We had placed Jerome Sawdy in Row O in 1999, as we could not find his stone. Upon review, it appeared that this was Jerome Sawdy, as recorded in Row 6, and we have placed him back in Row 6. We apologize for any error. Previous reading of cemetery by Harriet Cole Bowen and the Adrian DAR recorded his parents as Orris and Catherine.

Row 7, Samuel Furgeson, stone reads: Orderly Sgt. Stong's CT Reg., Rev. War. Harriet Cole Bowen and Adrian DAR work "Gravestones of Lenawee County, Michigan" tells us that his stone was marked by the Lucy Wolcott Barnum Chapter of the DAR, Adrian.

Row 8, Alexander Pelham, date from stone: Mich. Pvt 860 Guard Sq AAF, World War II.

Row 11, Abner Griffith, Harriet Cole Bowen and Adrian DAR work "Gravestones of Lenawee County, Michigan" tells us that his stone was marked by the State Board of Daughters of 1812, by joint meeting, October 29, 1938.

Row N, Anthony T E Moore: Veteran' Marker: L CPL US Marine Corps, Vietnam brass flag holder, "Tony", Son & Brother, S/W rear corner.

Canandaigua Cemetery

Row N, Maurice Olin, N/W corner, Flag, American Legion, MM2 US Navy, brass Veteran marker.

Row O, Asenath Shepherd, Harriet Cole Clark Bowen and the Adrian DAR, in work "Gravestones of Lenawee County, Michigan" tells us that she is the daughter of Rev. Paul and Asanath Shepherd, and that they are buried in Dover Center Cemetery, Dover, Lenawee County, Michigan.

Row O, Alfratta A. Gardner, wife of GB (See Gershom Gardner, Row 4), in the Lenawee County Vital records death index there is an entry for Alfarata Gardner, died Feb 2, 1876.

County Line Cemetery

County Line Cemetery

This small cemetery was also known as Joughin Cemetery. It was originally a churchyard cemetery, the church is no longer there but the burial ground remains. It is on the East side of US 127, directly across from the intersection of Hartley Road (Hillsdale County). It lies in Sec. 30 of Medina Township, about 3 miles north of the Ohio line, or 7 miles south of Hudson. You have to watch closely as it is up on a hill where you can easily drive by. There is a small drive at the South end. The reading was done starting at the south end of the row closest to US 127 or west side. The reading was completed on June 24, 2000.

The rows run from south to north.
The first row read was the most
westerly one, starting at the south end.

Goss/Perry Cemeteries
Woodworth Cemetery

Goss/Perry Cemetery, with Woodworth Addition

The site contains both the Woodworth Family Plot and the Goss Cemetery. It is located on US 120 about 3 miles West of Morenci.

The Goss Cemetery has also been known as the Perry Cemetery. Levi Goss originally gave the land. According to Harriet Cole Clark Bowen and the Adrian DAR work, Gravestones of Lenawee County, Michigan, his will, which can be found at the Lenawee County Probate Office, specifically states that he 'wishes to be buried in Goss Cemetery'. The cemetery has had no recent interments.

Rows were read from the north to the south.

Goss/Perry Cemetery, with Woodworth Addition

The Woodworth family then added their family plot adjoining on the west. The interment records date from the late 1860's although it was in use earlier than that. A visit to the site reveals that the Woodworth plot was at one time fenced off, or enclosed in some manner. Even when Harriet Cole Clark Bowen visited the site in 1942 the fencing had disappeared. However, the corners of the containment still remain, as can be seen from the photo. It has had no recent interments. Harriet Cole Clark Bowen reports in the Adrian DAR work, Gravestones of Lenawee County, Michigan, that the "Woodworth shaft carried an elaborate display of Masonic Emblems, among which was the double headed Eagle, indicating 32nd Degree."

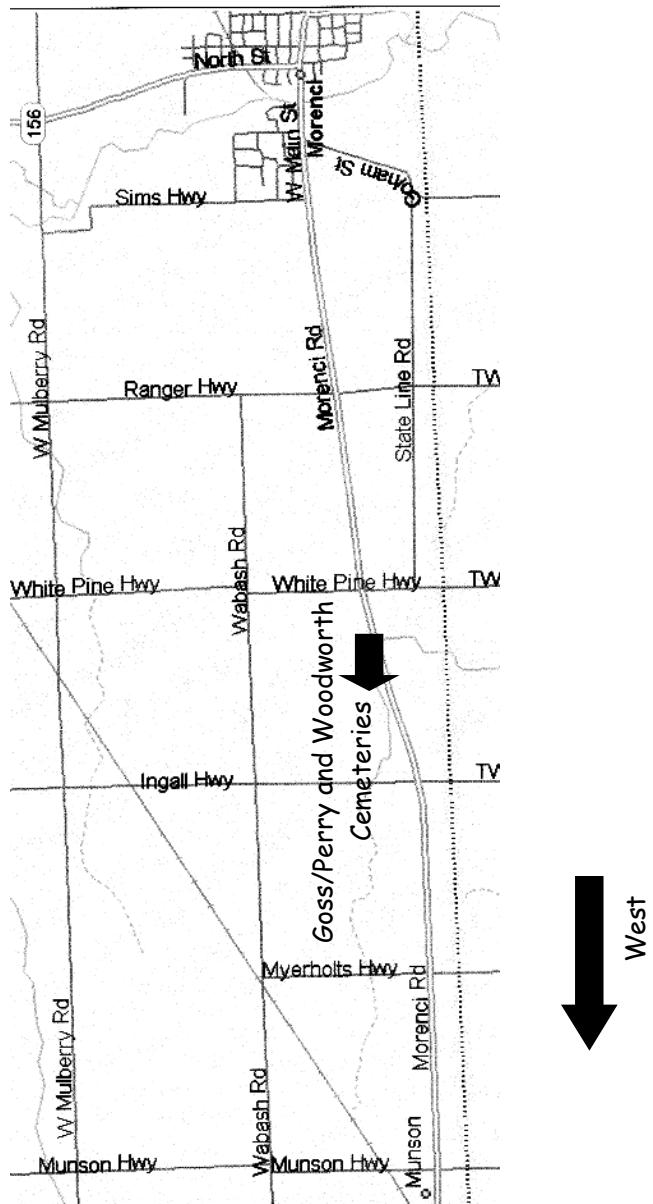

Woodworth Addition lies to the west and adjacent to Goss/Perry Cemetery. In this photo, taken from Morenci Road, you can see the fence posts, all that remains from the fence that once surrounded the Woodworth Addition.

Goss/Perry Cemetery, with Woodworth Addition

Located in Section 3 of Medina Township, this site contains the Goss Cemetery, sometimes known as the Perry Cemetery, with the Woodworth Cemetery immediately to the west. The two actually connect and the border between them is difficult to determine, except for the concrete posts from a former fence that surrounded the Woodworth Plot.

The cemetery is .5 mile west of White Pine Highway on the north side of Morenci Road.

Row W are the Woodworth Cemetery burials.

Row O are readings taken from old readings, the stones are no longer found.

Lime Creek Cemetery
also known as West Lime Creek or Bradish

LIME CREEK

This cemetery is also known as West Lime Creek Cemetery, or Bradish Cemetery.

It is located in Sec. 17, .3 of a mile north of Lime Creek Road on Munson Highway. It is easily seen on the east side of the road at the top of a hill.

According to Harriet Cole Clark Bowen, Adrian DAR, in the work *Gravestones of Lenawee County, 1930-40*, "when the Gallup family came to the locality in 1837 the plot was already established, being a part of the Powers estate." Harriet and her helpers read the cemetery and verified the records June 24, 1942.

Approaching from the south,
the Civil War Monument can
be seen to the far right of
this photo.

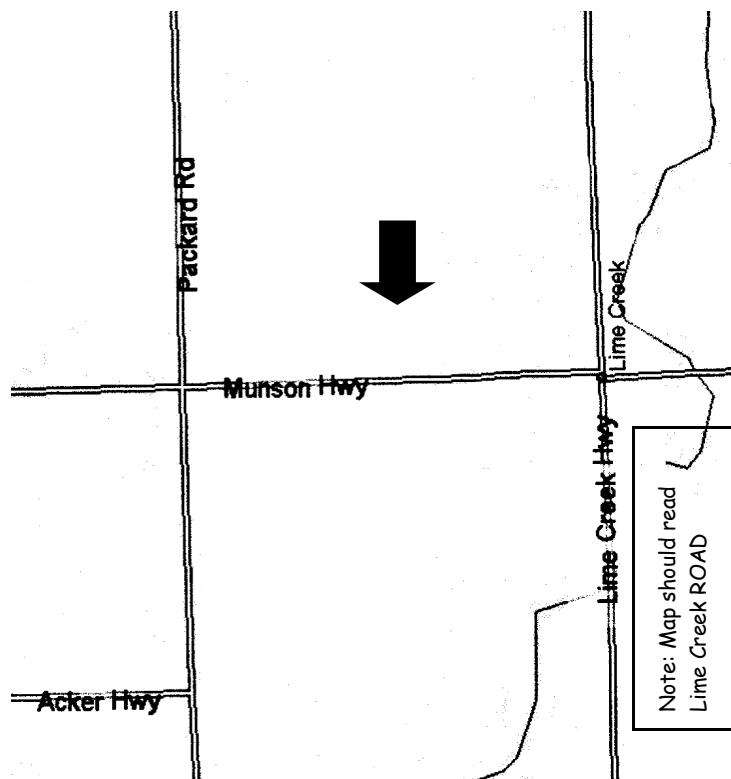

Lime Creek Cemetery

In the center of the Cemetery is a large shaft erected to the Civil War men from Medina who lost their lives at that time. It is said that this is one of the oldest Civil War monuments in the area, possibly the second one dedicated in the county. (The first dedicated is said to be to the one in the Franklin/Tipton cemetery.) However, the date of its dedication is unknown, no record of the date has been found in county histories, local historians do not know the date, and the date has not been found in old newspapers, although the search is continuing. The monument is made from sandstone or some other soft stone, and has deteriorated severely over the years. Some of the names are hard to read. The names were all recorded by Harriet Cole Clark Bowen in her Gravestones of Lenawee County works for which we are eternally thankful. The names inscribed on the monument can be found in section E of this record, we have indicated which side of the monument the names appear on by W, S, E, and N, standing for West, South, East and North.

These records were starting on the North end of each row and by section. The sections start at the North end and are divided by drives. The reading was completed October 6, 1999.

Lime Creek Cemetery

Cemetery is on east side of Munson Highway, between Lime Creek and Packard Roads. It is 3/10ths of a mile north of Lime Creek Road.

Note: Map should read
Lime Creek ROAD

Lime Creek Cemetery

During a re-visit to the cemetery to verify stone data and locations in early 2001 this monument to the Gallop Family was found, by Jan Reister, who had walked many of the Medina Township Cemeteries. She was so impressed by this stone, that a decision was made to include it's photo in this work, we will let it speak for itself.

Lime Creek Cemetery, also known as West Lime Creek or Bradish Cemetery

Stones were read starting on the North end of each row, and by section. The sections start at the North end and are divided by drives. Reading was completed October 6, 1999. Cemetery was walked one additional time in July 2001, new burials have been added to the data base.

Section "E", is the Civil War Monument inscriptions, Row W stands for the west side of the monument, etc.

Section "X", are records found in the Harriet Cole Bowen, Adrian DAR works, "Gravestones of Lenawee County, Michigan", from the 1930-40's era. These stones could not be found in the reading done in 1999.

We dislike using abbreviations, but sometimes it is unavoidable. "DAR" in the comment section in many cases refers to the Harriet Cole Clark Bowen, Adrian DAR works, "Gravestones of Lenawee County, Michigan, from the 1930-40's era. Stn is Stone.

Medina Cemetery

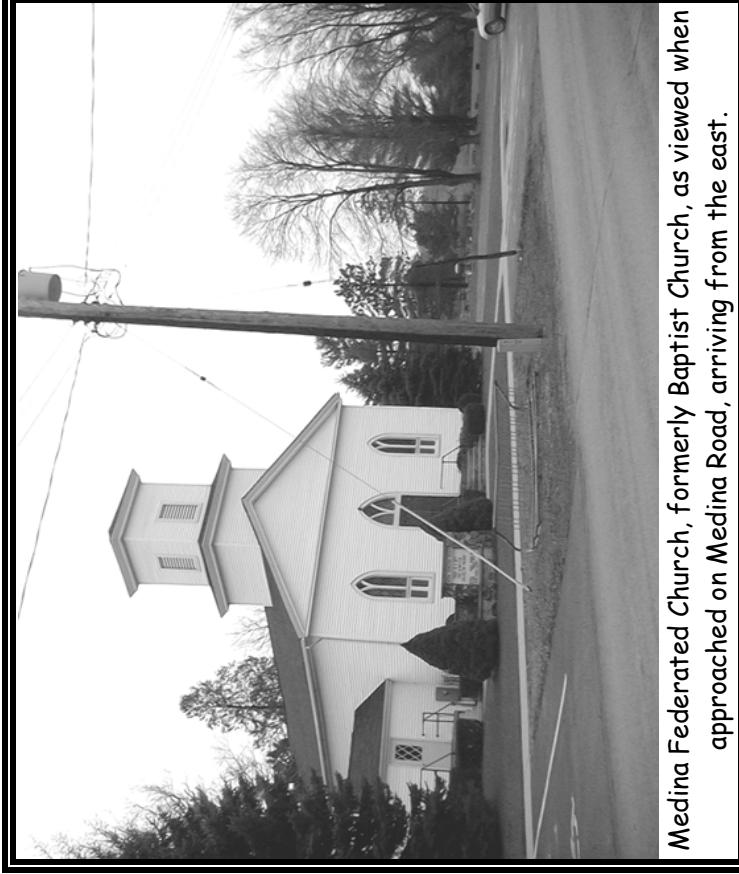

Medina Village Cemetery

The cemetery is found in Section 2 of the township, surrounding the church known as the Medina Federated Church (in 2001). It was previously known as the Medina Village Baptist Church.

According to Harriet Cole Clark Bowen and the Adrian DAR in the work, Gravestones of Lenawee County, Michigan, the cemetery was in use as early as 1849. It has been continuously used and several acres have been added in recent years. The church is a fine example of early Christian architecture with white clapboards and an attractive spire. It is what is called an old "New England" type church and is the only one of its kind in Lenawee County.

"The Village of Medina is about 1 1/2 miles northwest of the Village of Canandaigua in Section 2 of Medina Township. An older burying ground was once east of the present site but assurance has been given that the bodies were all removed to the present location. By the arrangement of children's stones this is probable." (Gravestones of Lenawee County, Michigan)

Medina Federated Church, formerly Baptist Church, as viewed when approached on Medina Road, arriving from the east.

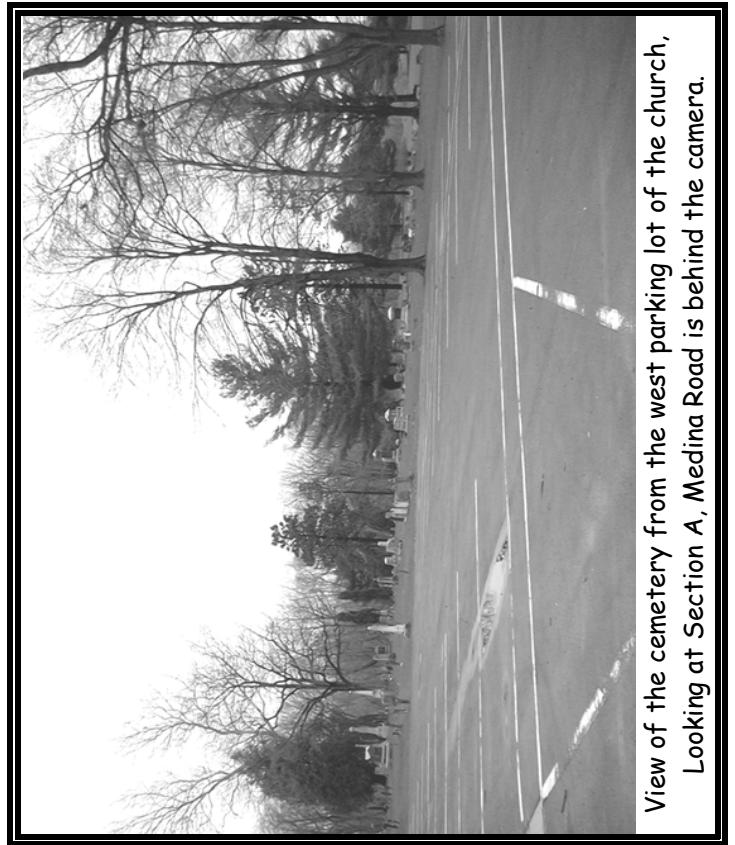

A record of so-called Pioneers was taken in 1923 and was used when the records were last updated in June 1942. (Gravestones of Lenawee County, Michigan) When the cemetery was again read for this book in the summer of 2000 many of the older stones were extremely hard to read so the records of 1942 were consulted and incorporated into the data.

Medina Village Cemetery

While doing the reading in 2000 it was noted that many of the stones were being damaged by lawnmowers. Some had pieces broken off and others had lines scraped into the stones by the mower deck. It was reported to a township official that lived nearby.

A check of records at the Register of Deeds, Lenawee County reveals that in about 1895 the cemetery was deeded additional property, the land was deeded from Alfred H. Christopher, heir of John Christopher to the Ladies Social Union of Medina. In 1938 additional land was deeded from the Heirs of Sarah Darr to the Social Union of Medina, and later deeds are to the Medina Cemetery Association.

The church and graveyard are located .1 of a mile west of the intersection of Bothwell Highway and Medina Road. It is situated on the south side of the main street (Medina Road) of the village.

Harriet Cole Clark Bowen wrote in her introduction to this cemetery, "Bean Creek flows by the foot of these grounds and when the setting sun slants across the rising meadows beyond to their tree-capped skyline, the wonderful verdure of 1942 makes a picture to satisfy a nature-loving soul. It is easy to appreciate the inspiration of the Poet Gray in the composition of his great Elegy."

Looking at Section A, Medina Road is behind the camera.

Medina Village Cemetery

In 2000 there is a new section of the cemetery with very few burials, however, there is a memorial stone in this section, facing Medina Road. It reads:

Medina Our Creed

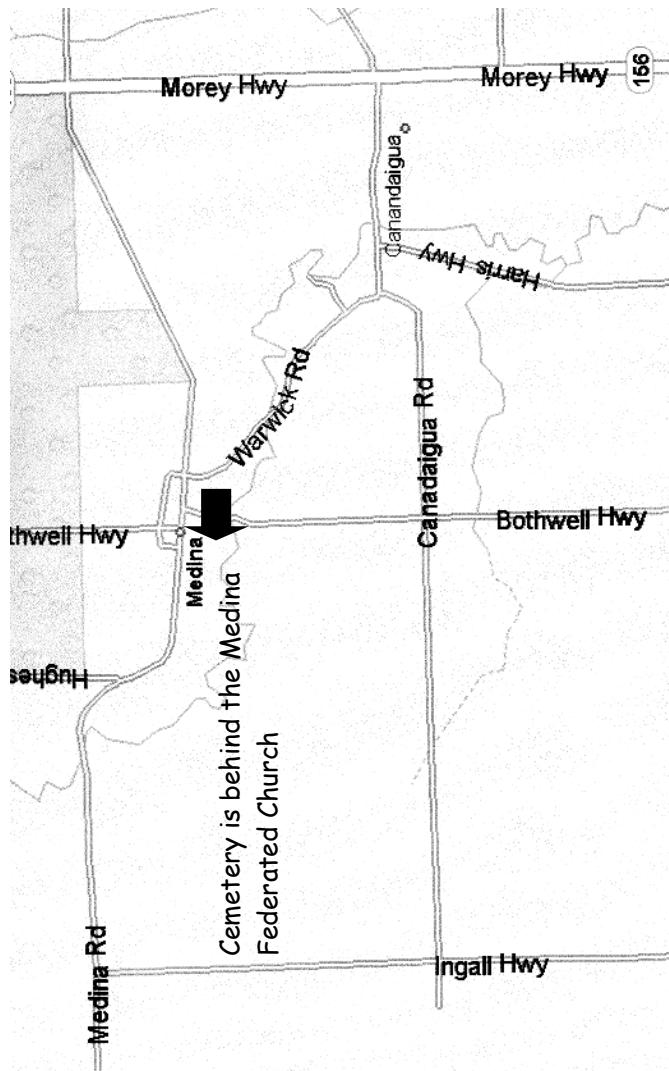

May This Final Resting
Place of Our Loved Ones,
Provide Everlasting Memories
For Those of Us Who
Temporarily Remain Behind.

May It Inspire Us To
Maintain These Grounds, As
We Hope That They Shall Be
Maintained After We, Too,
Have Joined Our Creator.

In Memory of the Distler Family

Medina Village Cemetery

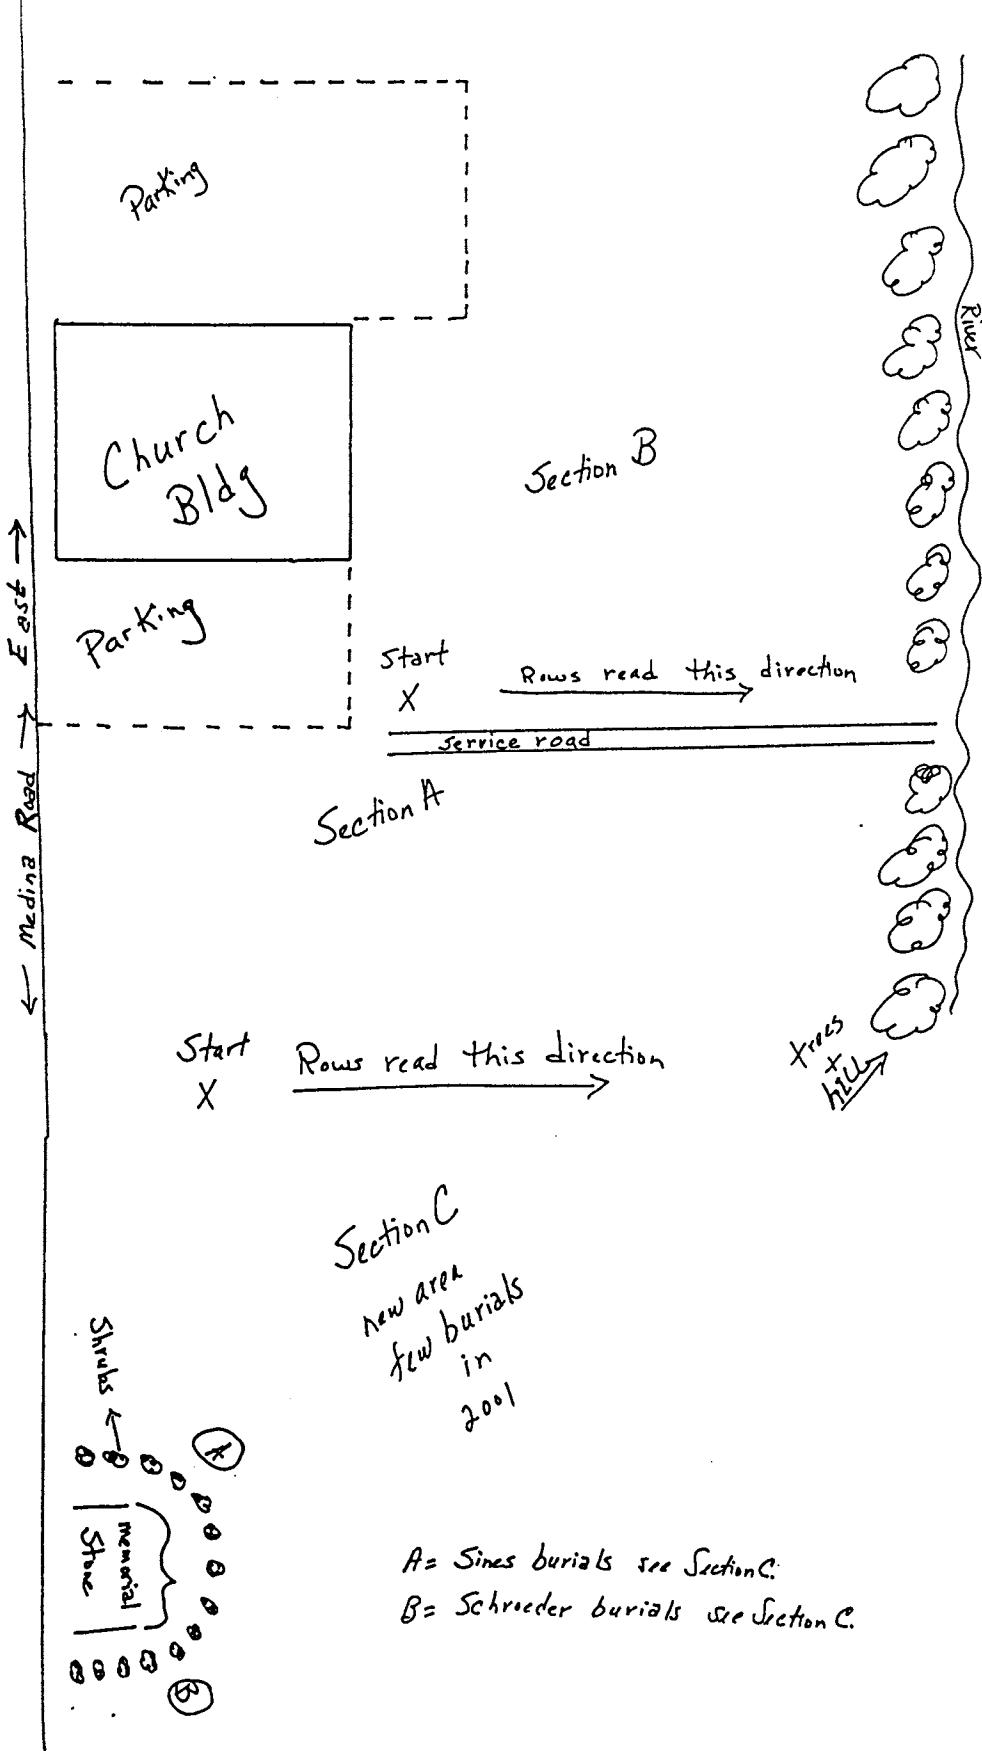

The cemetery is located .1 mile west of the intersection of Bothwell Highway and Medina Road, on Medina Road, behind the Medina Federated Church.

The map on the following page was received by the Lenawee County Family Researchers just before this work of Burial Records was taken to the printer. We felt it was important. We realize it is rather small print, but with a magnifying glass the names can be read. We have not compared the map to our readings, and the section numbers/letters of this map do NOT correspond to our readings, please see our other site map for that information. We want to thank Brenee Moore Evans and the Medina Cemetery Association for sharing this map with us.

Medina Village Cemetery

Sections A and B were walked from the north to the south. Section C in 2001 only had 4 burials, they are indicated on the map. Section X are readings from the 1930-40 era cemetery work, Gravestones of Lenawee County, Michigan, by Harriet Cole Clark Bowen and Adrian DAR for which no stones could be found in 2000 and 2001. The cemetery was walked in Fall of 2000 and again in late Summer of 2001. In Summer of 2001 a number of new flag holders for GAR, and other wars were found in the cemetery, sometimes near graves where no indication of service was found in previous walkings. Notes of markers are included in this work, but extreme care should be used by researchers, and it is highly advised that additional research is done to verify any possible service of your ancestor in any war.

Stockwell Mausoleum Site

Stockwell Mausoleum

No longer in existence.

Was near the intersection of
Ranger Highway and Wilder.

Located on the L. L. Stockwell
farm.

According to Harriet Cole Bowen, Adrian DAR, in the work, *Gravestones of Lenawee County, Michigan*, this cemetery/vault/mausoleum was located on an old map of Medina Township. By studying the three Atlas/Plat maps of Lenawee County, dated 1874, 1893, and 1916, the cemetery can be found on the 1893 and the 1916 maps. She tells us that the cemetery and vault were on the L. L. Stockwell farm.

Harriet wrote a very interesting history of this burial place which we repeat here, in total:

"Upon investigating in 1928, a quite pretentious mausoleum was found. The bodies had been removed from the vault and the wife of a neighboring farmer informed us they had been placed in Morenci Cemetery, "Oak Grove." This stately tomb was built of cut fieldstone, a native product, with slate roof, and lying on the ground beside the vault were two heavy stone slabs which had been the doors. Inside, the thing that first caught the attention was the ceiling which had been lathed and plastered, dome shaped, and painted with blue sky and fleecy clouds. Against this background were beautiful winged angel-heads in most artistic style, both near and distant.

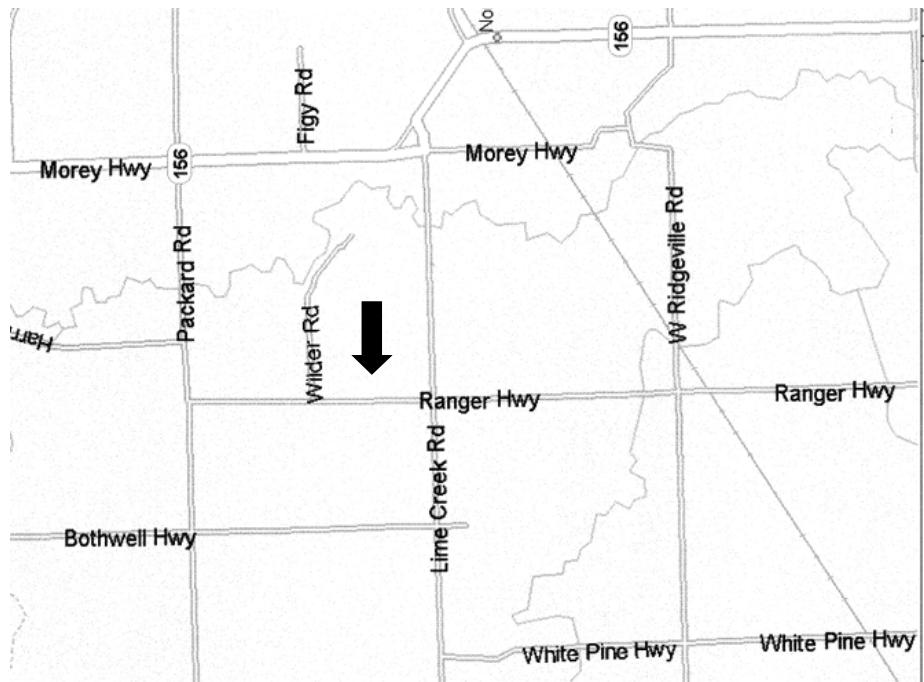

Stockwell Mausoleum

Such taste was a surprise as few houses were about the country and the building about forty rods from the highway on a tree-clad rise of ground. Later it was learned that an Artist from England had come to America for his health, spent the summer with the Stockwells and decorated the interior of the structure.

Visiting the site in 1942, all that was found was a small heap of rubble - all that was left of this once dignified edifice."

A visit to the area in 2001 was made and nothing could be seen but a small rise, covered with trees and undergrowth, a farmer's field, and a private road, blocked by gates.

It is believed all the bodies were removed to the Oak Grove Cemetery, Seneca Township. See Burial Records of Lenawee County, Volume I Seneca Township, page 98 for the Stockwell re-interment records.

East Lime Creek Cemetery
also known as Whitney or Converse or Medina Center

East Lime Creek Cemetery, also known as Whitney or Converse

This cemetery is located in Section 23 of Medina Township, on the east side of White Pine Highway. It is .5 mile south of Lime Creek Road. In 2001 it cannot be approached from the south, as there is a bridge just south of the cemetery that is out, and appears to have been out for a number of years. Approach the cemetery ONLY from Lime Creek Road. In 2001 there is a new cyclone fence on the road side of the cemetery, it is cut and maintained. The history of Morenci called it the Congregational burying ground at Medina Center, having interments reputedly as early as 1846 when the Farley children died.

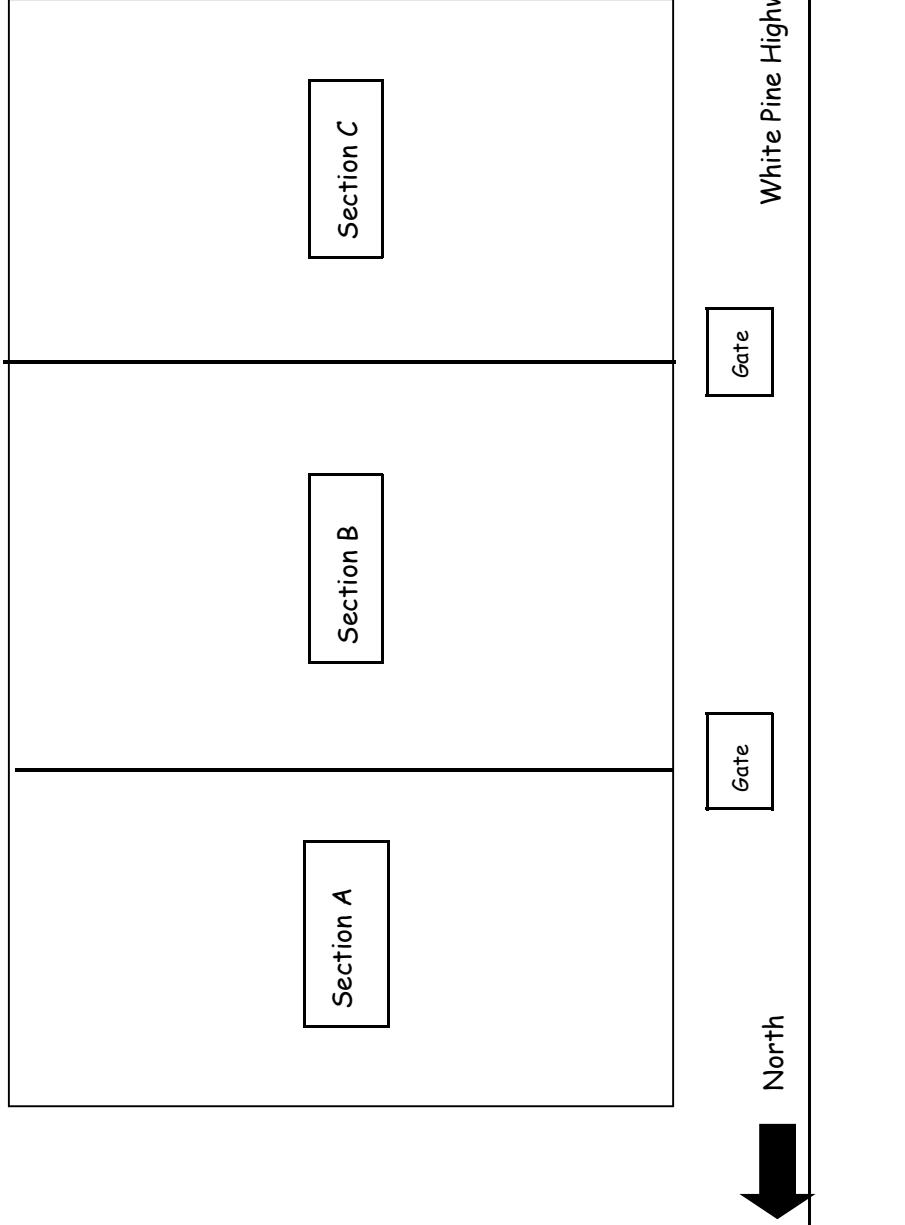

One of the earliest burials we found was that of Julia Daws, daughter of N & CB, who died in 1844. The most recent burial we found was of Patricia Ann Brill who died in 1999.

There are 3 sections, divided by service roads.
Each service road has a gate in front of it.

East Lime Creek Cemetery, also known as Whitney or Converse

Harriet Cole Clark Bowen when compiling Gravestones of Lenawee County, Michigan during the 1930-40's could find no history on this cemetery. A check of an index of deeds for cemeteries in the county was done, and if there are deed(s) recorded for this cemetery, they are not listed in the cemetery deeds index.

East Lime Creek Cemetery, also known as Whitney or Converse

East Lime Creek Cemetery, also known as Whitney and/or Converse, is located .5 mile south of Lime Creek Road, on the east side of White Pine Highway. It cannot be approached from the south, as the bridge just south of the cemetery was out in 2001, and appears to have been out for a number of years. It is a small, quiet cemetery, which Harriet Cole Clark Bowen described as a "beautiful, rural cemetery.....in an angle between the road and a wooded ravine, which is part of the Lime Creek system" (see Gravestones of Lenawee County, Michigan).

East Lime Creek or Whitney Cemetery

Each section was read from the fence/front of the cemetery towards the back. Each row was begun on the north (or far left as standing in the front of the cemetery looking at the back of the cemetery) and working south.
