BURIAL RECORDS
OF
LENAWEE COUNTY, MICHIGAN

VOLUME FOUR:

OAKWOOD CEMETERY

City of Adrian, Lenawee County, Michigan

Presented by the Lenawee County Family Researchers,
a Genealogical Society

Revised in 2004

This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

Additional copies of all our Burial Series are available. Pricing may vary from printing to printing due to rising costs and changes in our agreement with our printer.

Make checks payable to Lenawee County Family Researchers, and mail to Book Sales, P. O. Box 623, Adrian, Michigan 49221 (Note: Multiple orders may be able to be shipped together for a savings on postage and handling fees, please ask us about this.)

THIS IS A REVISED EDITION OF THE OAKWOOD CEMETERY

Almost immediately after the publication of the original work in the fall of 2003 it became evident that there were a number of errors in the index. Lets put it this way, a LOT of errors in the index. To our horror we discovered that somehow large sections of the index just disappeared during the formatting process.

We don't know how, we just know it did! We were not happy with this situation and after just a few moments of contemplation, it became evident what had to be done. A new index had to be generated. It took all winter to find all the corrections and missing names, and re-format the index.

All future copies of the Oakwood Cemetery that are printed will have the corrected index incorporated, and will be printed as a Revised Edition, publication date 2004. Except for the corrected index and corrected bride's index, the entire book is the same in the 2003 and the 2004 editions.

We are sorry for the inconvenience and the error, but, life is that way sometimes with computers.

INTRODUCTION

This is the fourth in a series of Burial Records for Lenawee County, Michigan. It is a project that has long been awaited.

The Lenawee County Family Researchers, a Genealogical Society has for a number of years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county. Oakwood Cemetery, presented here, took 2 years (and two carpal tunnel wrist surgeries) just to type.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

As you will note, this is a Revised Edition, the index has been updated.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated footnotes in this volume, so that we could report "extra" information that was found on a particular burial. Footnotes appear at the end of each page. (Note: due to the size of this cemetery and the limitations of our personal home computers, this book was done in several sections. Footnotes were numbered in each section, therefore footnotes start with # 1 in each section. This should not effect the researcher, as the footnotes should be at the end of the page, or following page.)

The work is indexed and we have also included a bride's index. Please note that double-barreled female names such as Reynolds-Graham are indexed under both names.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. You may find the following abbreviations:

NOD = No Other Data
G.A.R. = Grand Army of the Republic

D. A. R. = Daughters of the American Revolution
S. A. R. = Sons of the American Revolution
I.O. O. F. = International Organization of Oddfellows
s/o = son of
w/o = wife of
d/o = daughter of
c/o = child of
m. = married
inf. = infant
SB = Section and Block
B = Block
Add. = Addition
S. Div. = South Division
S. F. = Soldier's Field
P. F. = Potter's Field
MAUS = Mausoleum
WW I = World War I
WW II = World War II
Sp. Am. War = Spanish American War

Due to the size of this cemetery, some times we found that we had to go back in and add or delete a burial record. Rather than renumber the entire work, we have added numbers and sometimes deleted numbers. The corrections are as follows:

Numbers added and deleted:

Section 12: #11611 number deleted
Section 15: #14398a added
Section 16: #15826a, #15935a, #15982a and #16192a added
Section 17: #16974a and #16974b added
Section 18: #17642a and #17642b added.

Again, due to the size of this cemetery and this work, we found on a final proofreading that we had some duplicate records, they are as follows:

DUPLICATIONS:
1. Barnard, Dr. Abner #2238 and 2451
2. Bixby, Alonzo F. #2204 and 2448
3. Bowen, George A. #15807 and 15810
4. Bowerfind, Catherine/a E. Gippert #1896 and 1920
5. Bowerfind, Wilhelm G. #1895 and 1922; age 28 years vs. 28 days

6. Butler, Ethel M. #10576 and 10612

THANKS TO

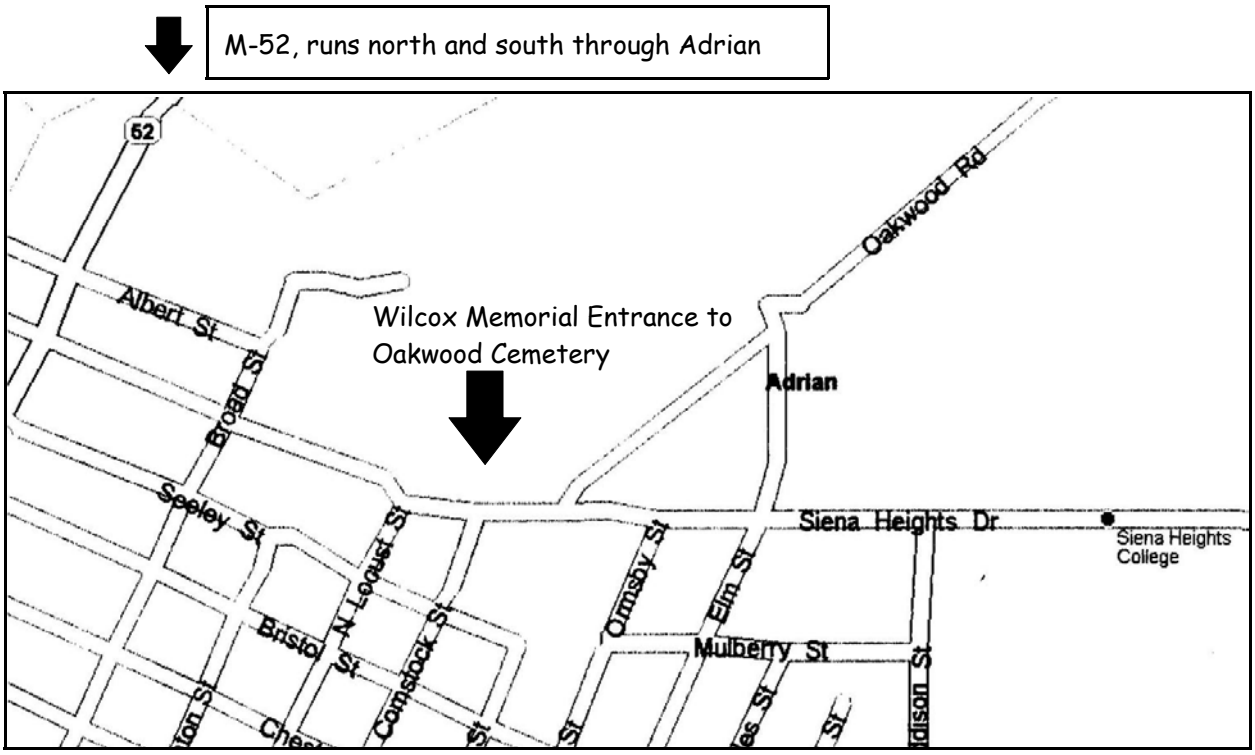
This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project. Almost the entire membership turned out for a "cemetery walk" of Oakwood one June Sunday afternoon. One member who cannot stand for extended periods of time even brought her "chair" and pulled it from tombstone to tombstone, sat down and proceeded to record the next stone.

Special thanks go out to Mary Teeter who typed this entire cemetery over a period of two years, and Dee O'Brien, for their work on this volume of Lenawee County Burials. It must be remembered this is a group effort, and without the help of all involved, the project would not have come to be.

Thanks to the staff of the cemeteries and the township officials for assisting us. A very big and special thank you to Steve Adams, Oakwood's superintendent, for all his assistance on this project, we could not have accomplished this without his help.

Oakwood Cemetery is on the north side of Adrian, located at the corner of Sienna Heights Drive and Oakwood. The Wilcox Memorial Entrance is on Sienna Heights Drive about .3 of a mile East of M-52 (also known as North Adrian Highway).



From M-52, take Sienna Heights Drive to the East. Go about .3 of a mile, Wilcox Memorial entrance will be on your left. There are several other entrances to the cemetery from Oakwood.

This is the main entrance to Oakwood Cemetery, on Sienna Heights Drive. This beautiful entrance was a gift of Mrs. Josephine Southworth Wilcox, widow of the Hon. William Seward Wilcox. It was erected in 1901. Josephine Wilcox left $5,000.00 in her will to be used for the specific purpose of erecting this Memorial entrance. The contract for the memorial was given to Harrison Granite Company, of New York City, but a former Adrian company. The granite was "to be of a light color, from Barre, Vermont, free from all iron and streaks, and to be finished in the best manner known to the granite trade."

In order for this Memorial Monument to be built, the cemetery association had to build a bridge across the deep ravine in front of the entrance. In the Saturday, August 3, 1901 issue of the Adrian Daily Telegram, Adrian, Lenawee County, Michigan there is a lengthy article on the monument, the very specific details of

the construction of the monument and of the bridge. The bridge was to be 150 foot in length, built of steel, stone and concrete abutments, and painted white. It was also to have a double driveway "for teams" and a five foot walk on each side for footmen.

There are two memorial plaques on the Wilcox Memorial Entrance, one states "1901", the other states:

"Erected by
Josephine Southworth Wilcox
Dedicated to the public
in
Memory of her husband
William Seward Wilcox"

OAKWOOD CEMETERY HISTORY

One of the largest cemeteries in Lenawee County, Oakwood has a long history. It is the burial place of two past governors of the State of Michigan, William L. Greenly, who lived from 1813-83 and served from 1847-48, and Charles M. Croswell, who lived from 1825-86 and served from 1877-81. It is also the final resting place for many war heros.

The cemetery was established January 10, 1848 and "was developed as a place for citizens 'to reflect on their finer and deeper feelings,' according to Lenawee County Historical Museum curator Charles Lindquist. 'It was designed to be what it is today -- a place to remember loved ones and get in touch with more lasting things.' Oakwood's superintendent, Steve Adams, says the cemetery is used for much more than burials and funeral services. Regular visitors walk and jog through the park and have picnics, he said, and local school groups even occasionally hold educational 'scavenger hunts' in which students search monuments for tidbits of local history." (From article published in the Adrian Daily Telegram, November 3, 2002.)

To further quote the above Daily Telegram article:

"Also of historic interest at Oakwood is a 'receiving vault' -- a small house-like structure near the center of the cemetery -- that dates from 1881 and once was used to store bodies during the winter until the ground thawed enough to dig graves, Adams said.

Oakwood also has a 'potters' field' - a section set aside for burial of those without the means to pay for the cost of interment.

Additionally, the cemetery includes an unmarked section that serves as the resting place for an unknown number of victims of the Wabash Railroad line train wreck that occurred near Sand Creek on Nov. 27, 1901, he said. The wreck was the result of a collision of an eastbound train with a westbound train traveling on the same track. Some who have studied the wreck estimate that as many as 100 people may have perished in the disaster."

The cemetery is listed on the State Register of Historic Sites. The cemetery has been owned and managed by the city of Adrian since 1955.

According to Steve Adams, the superintendent of Oakwood, the cemetery is divided into 41 sections, with each section including anywhere from 20 to 230 lots. Each lot comprises between five and 16 graves. There are over 10,000 monuments, 70 acres and 5 miles of roadways in the cemetery. There are still about 50 acres of undeveloped land available for burials.

The first known published inventory of Oakwood Cemetery was done by Harriet Cole Clark Bowen and the Adrian DAR, the field work for that publication, commonly known as, "Gravestones of Lenawee County", was done during the winter of 1931-32, owing, as Harriet stated, "to a exceptionally mild winter." Harriet worked with the staff of the cemetery and had free access to the records of the cemetery.

Harriet described the cemetery, as follows:

"Oakwood Cemetery is situated at the northern limits of the city of Adrian. It consists of a succession of gently rolling hills cut by numerous ravines leading down to the South Branch of the historic Raisin River. The hills are edged by virgin oaks from which the Cemetery derives its name. The whole setting makes a natural beauty spot for the peaceful repose of the dead."

Oakwood not only is the burial spot for two Michigan governors, but was the workplace for over 35 years for William Clanton. William was born a slave in Louisiana in 1830. He was educated at Carney academy in Ohio at the request of his master/father. Carney academy later became the Farmer's college in Hamilton County, Ohio. At age 27, Clanton came to Michigan and helped young colored refugees escape to the north via the Underground Railroad. In 1902, at age 72, the Detroit News-Tribune wrote an article about William and took his first photo for the article. The article states that as of 1902, William had dug graves for 5,000 people.

In 1901, Postmaster A. W. "Doc" Smith was building a mausoleum at Oakwood, and the Adrian Daily Telegram reported, "it is to be one of the most magnificent monuments in that most beautiful city of the dead. Workmen have been having considerable trouble the past few days, however, endeavoring to get the 18-ton top on to the grounds. Several attempts were made with horses, then a traction engine was brought into use."

During a drought in the summer of 2002, the staff at the cemetery took the opportunity of the fact that the grass was not growing to find and repair old gravestones. Some of the stones they re-claimed were from the 1800's. Over time the foundations sink into the ground and as the base shifts the stones fall and frequently break. Many of these stones were found as much as two feet under the grass. The bases were reset and the stones repaired with a granite adhesive. The staff repaired a minimum of 50 stones this way in the summer of 2002, and estimated that there could be as many as 100 to 200 more stones that would be found in the restoration process.

Oakwood Cemetery is one of Lenawee County's jewels, packed with history, currently blessed with a staff that is very interested in preserving and reclaiming it's history. It is a place of calm, quiet and beauty.

REVISED INDEXES FOR OAKWOOD CEMETERY, ADRIAN, LENAWEE COUNTY, MICHIGAN

Note to all users of this Revised Oakwood Index. The original index (printed with those volumes printed in 2003) was found to be lacking. We found that several sections of the cemetery were not indexed in the original work. After a year of reviewing and revisions, we present here what we hope is a more complete and accurate index and bride's index. No doubt there are still errors, but we hope they are just SMALL errors now!

Our apologies to all for the inconvenience. Happy searching!
