This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

Additional copies of all our Burial Series are available. Pricing may vary from printing to printing due to rising costs and changes in our agreement with our printer.

Make checks payable to Lenawee County Family Researchers, and mail to Book Sales, P. O. Box 623, Adrian, Michigan 49221 (Note: Multiple orders may be able to be shipped together for a savings on postage and handling fees, please ask us about this.)

INTRODUCTION

This is the fifth in a series of Burial Records for Lenawee County, Michigan. It is a project that has long been awaited.

The Lenawee County Family Researchers, a Genealogical Society has for several years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. They are:

GAR - Grand Army of the Republic
DAR - Daughters of the American Revolution
SAR - Sons of the American Revolution
WRC - Women's Relief Corps
y - years, m - months, d - days

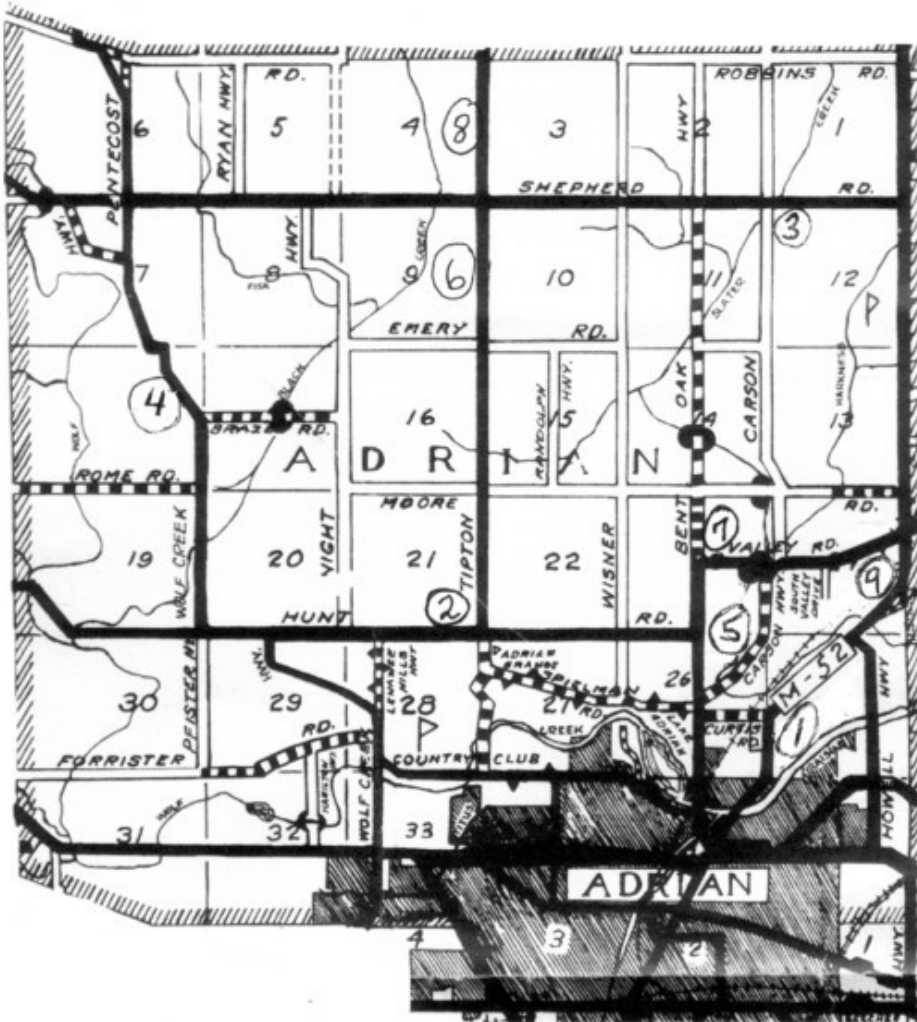

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

Special thanks go out to Mary Teeter, Dee O'Brien, Harold Pixley, Ruth Dunlap, Kelly Dunlap, Linda Reecks, Carolyn Noel, Carol Stevens, Cathy Miller, Jim Path and Debby White for their work on this volume of Lenawee County Burials. Thanks to the staff of the cemeteries and the township officials for assisting us.

Adrian Girls Training School Cemetery

Adrian Girls Training School Cemetery

The Adrian Girls Training School Cemetery is located on the property of the Adrian Girls Training School. The school was the dream of one of Lenawee County's most beloved citizens, Aunt Laura Haviland. The school was created by an act of the Legislature of 1879. Another Lenawee citizen was the governor of the State of Michigan at that time, Charles M. Croswell. The first two students arrived on campus on August 3, 1881, one girl from Lansing, the other from Saginaw. There is a 3 page history of the school included in the work, "Illustrated History and Biographical Record of Lenawee County, Mich...." by John I. Knapp and R. I. Bonner, 1903 (published Adrian, Michigan). Bonner and Knapp tell us that in 1903 there were 12 buildings, and that the school taught cooking, domestic duties, sewing, horticulture, and music. Through May 1, 1902, there had been 1, 741 girls received. During this same time fourteen girls had died while attending the school.

The school was a girls school for a very long time, well past the 1930 census. At some point it became a coed facility. Due to budget restraints, at the end of 2004 the school was scheduled to return to a all girls facility. During the discussion surrounding this decision it became evident that Lenawee County holds this facility dear to its heart.

No map has been provided since for security reasons the school campus is off limits. The school is located next to the Michigan State Police station on M 52, just north of Adrian. The Lenawee County Vo-Tech center is across the street.

Adrian Girls Training School Cemetery

Permission was granted on a one time basis for the Lenawee County Family Researchers to access this cemetery. It is on the grounds of a security secured school. Permission could not be obtained to photograph the site or the headstones. The Attorney General of the State of Michigan has issued an order closing all records of the School to the general public, no matter how old said records are, because these records deal with students that were minors (under the age of 21). Visitors will not be granted permission to visit the cemetery due to security concerns.

Adrian Center Cemetery

Adrian Center Cemetery, also known as Bogert Cemetery

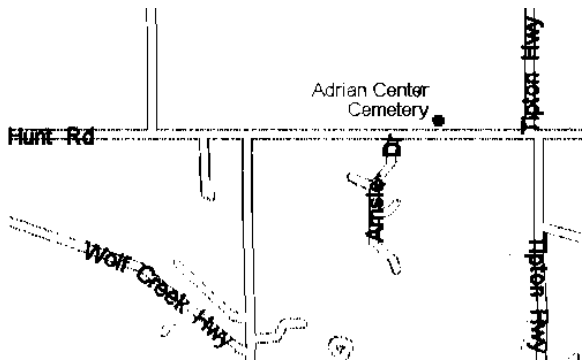

This cemetery lies in Section 21 of Adrian Township, on the north side of Hunt Road, .3 of a mile west of Tipton Highway.

The history of this cemetery is told by Harriet Cole Clark Bowen and the Adrian DAR in their work, "Gravestones of Lenawee County, Michigan", done in the 1930-40 era. Harriet tells us:

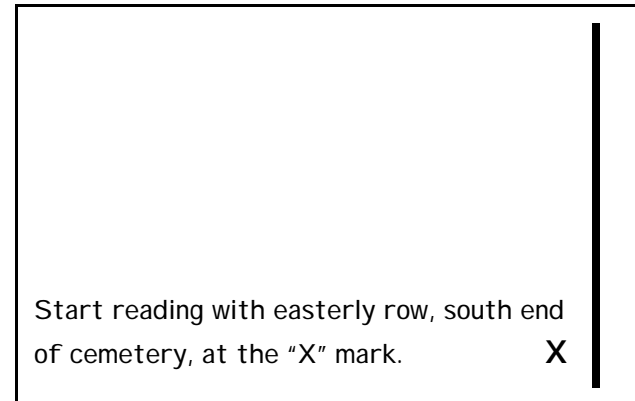

"The land in this particular locality was originally owned by Cornelius Walworth, who sold a west portion to Peter Bogert. The line fence between these two farms ran through the middle of what is now the Cemetery from north to south. Pioneers began to bury their dead on either side of this fence on the higher ground, and subsequently the plot was formally set aside by these men jointly and given over for burial purposes....

...John Walworth, [who died in] 1832, being the first burial on the east or Walworth side of the fence, and Elizabeth, wife of John Pierson, and two Older children on the west or Bogert side."

The cemetery is well cared for, burials still being done there. The cemetery was walked from the south towards the north, the first row was the furthest easterly row.

North Adrian Cemetery
Previously the Gurnee Cemetery

North Adrian Cemetery, previously Gurnee Cemetery

Little has been found on the history over what Harriet Cole Clark Bowen and the Adrian DAR published in their works, "Gravestones of Lenawee County, Michigan", during the 1930 - 40 era. They tell us:

"On December 29, 1858, a committee from North Adrian township made application fo John Barber, Justice of the Peace of Adrian, for permission to form a corporation for the purpose of acquiring and holding a "Burying Ground" in Section 11, Adrian township. The organization was effected in January of 1859. The committee consisted of Gideon Blaine, Samuel Tingley, John R. Gurnee, Asa Hill and William Godfrey.

Gideon Blaine, Asa Hill, and Hiram Gove deeded to the North Cemetery Association land for this purpose, and on January 9th, a tax was levied (\$1.00) on each lot owner to secure funds to improve the already located cemetery. This place had been used long before this time, being called the Gurnee Cemetery."

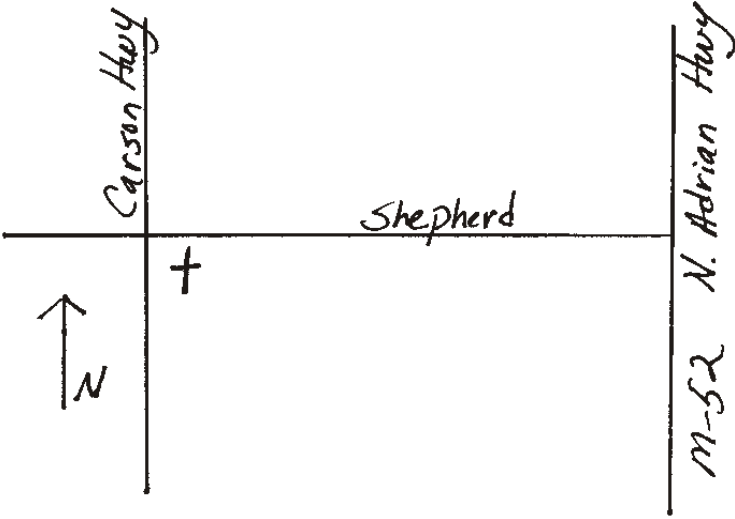

[Notes: Harriet typed Section 11 in her history of this cemetery, but the cemetery actually lies in Section 12 of Adrian Township. The 1874 Atlas of Lenawee County clearly indicates the cemetery lies in Section 12. We do not see any of the Gurnee family buried here, nor did Harriet record any in her work on this cemetery. J. R. Gurnee can be found with land (Adrian Township, Section 1) directly across from the cemetery in the 1874 Atlas of Lenawee County, published by Everts & Stewart. He is found again on the 1893 Atlas of Lenawee County, published by George B. Cadwell & Co.]

Harriet also published in her work a list of the Lot Owners who were taxed in 1858. This list she states came from the Record Book of the Cemetery, then in custody of Frank Treat, Adrian Township. This list is included (see next page), but has not been included in the index of this cemetery. The list is reproduced here in the same format and column layout as it was found in Harriet's work, we are uncertain as to the meaning of the columns or order of the owners.

Row 1 is the most easterly. Each row is read from the front (closest to Shepherd Road) to the back of the cemetery. NOTE: Row 18X, when the cemetery was read in August of 1996 these stones were all found, as placed. However, when the cemetery was re-walked in September of 2001 none of these stones could be located.

West Adrian Cemetery

West Adrian Cemetery

The following history of the West Adrian Cemetery comes from two sources, the first is of course, the wonderful DAR works, "Gravestones of Lenawee County, Michigan", done by the Adrian DAR and Harriet Cole Clark Bowen during the 1930 to 40 era. The other is a short history found at the Lenawee County Historical Society Museum Archives, there is no source data, no compiler name, no indication where this information came from.

The cemetery is located in Section 18 of Adrian Township.

Burials began when this plot was still a dense woods, the first recorded interment is that of Rufus Smead who died in 1848.

A deed of gift was given by William Knight to a Board of Managers and their successors, dated January 9, 1852, and recorded in the Register of Deeds on May 31, 1852, in Deed Book 31, pages 490 and 491. Three of the managers at that time were Ebenezer Fisk, Jarvis Flemming and John Hawks. In 1898, William Knight gave an additional half acre of land.

On October 27, 1900 the Trustees incorporated the cemetery. The following men were on the Board of Trustess at that time: Dr. Julius Westgate, Edward W. Beers, Theron L. Burr, Herbert N. Hood, Edgar Brazee, Murry L. Robinson.

To directly quote "Gravestones of Lenawee County, Michigan":

"A few years after this, Dr. Charles J., brother of Herbert N. Hood, gave a great amount of time, much personal labor, and a substantial amount of money, to the reclamation of this cemetery from the wild state in which it had laid for years, and collected a sum of money which was placed in trust for its perpetual maintenance.

It was reincorporated in 1930 under the name of "West Adrian Cemetery Association". ..."

West Adrian Cemetery

From the untitled, undated source we find:

“A few years ago, some thought the cemetery should be redone to look more modern, but they were advised by a Professor from Michigan State University that West Adrian Cemetery is unique in its simplicity, thus should be kept in its simple and peaceful manner.”

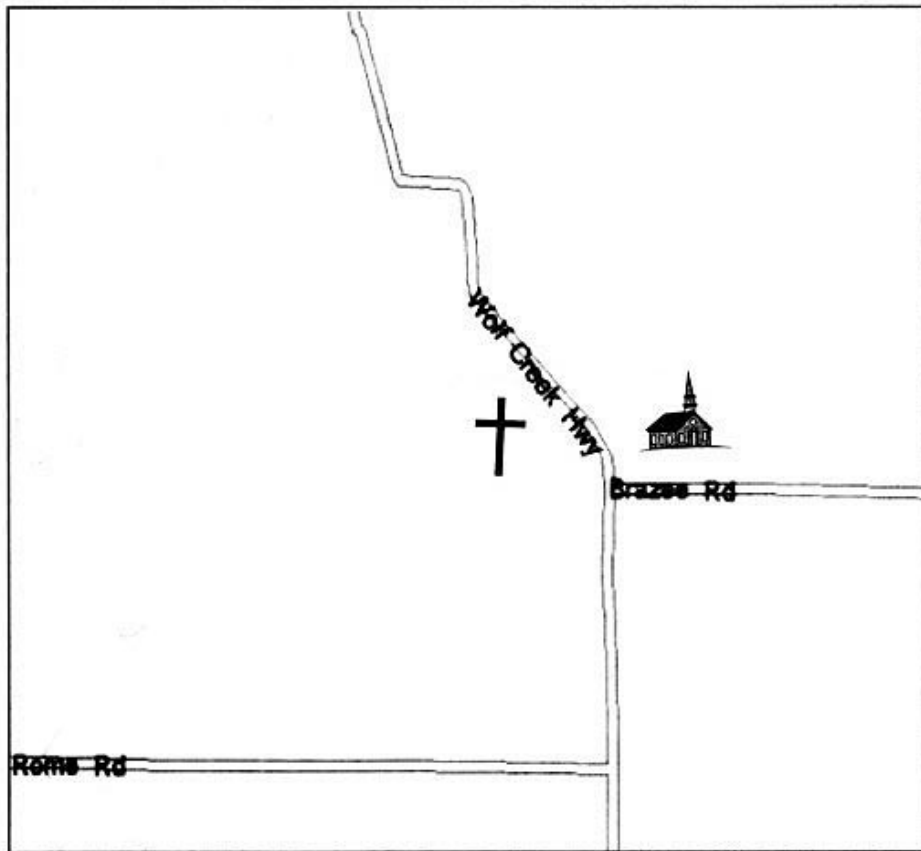

This cemetery is still well kept, the unusual layout makes a visit here a pleasant experience. The cemetery has an active association who has plans to enlarge the cemetery.

Photo on the left below is of the front gate, which opens right onto Wolf Creek Highway and is a bit hard to see while driving. The photo on the right is approaching the cemetery from the south and Brazee Road, heading in the northwest direction.

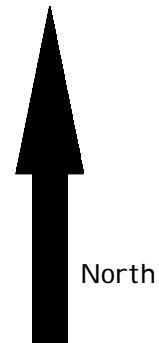

West Adrian Cemetery

This cemetery is located on Wolf Creek Road, just northwest of Brazee Road.

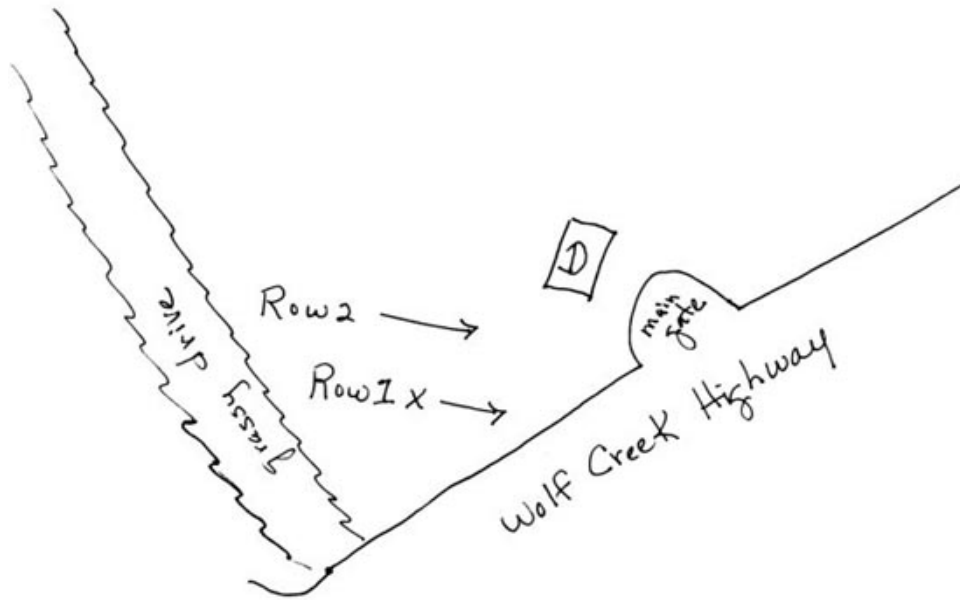

The West Adrian Cemetery is on the west side of Wolf Creek Highway, it is represented by the cross icon on the map. The West Adrian United Church of Christ is on the east side of Wolf Creek Highway and is represented by the church icon on the map. The placement of these icons is approximate, to give the researcher the general area the cemetery and church are in.

West Adrian Cemetery

D = Davis Mausoleum
Note: Row 1 is quite short,
each row becomes longer.

This site map is drawn as if you were to park your car in the grassy drive, and start with Row 1, at point X and walk to your right. You will note Wolf Creek Highway is at the bottom of this map, Row 1 is the most northerly row. Usually maps are drawn with the north to the top, but that did not make much sense in this case. All rows are walked from the left of this drawing to the right.

West Adrian Cemetery

This cemetery is laid out on a diagonal, making some of the rows quite long. In some cases it was difficult to determine if the burial was one row, or the next. Care with Rows 9 and 10 should be used, 12 and 13 seem to mingle, where Raymond and Vivian Lorichon as well as Rev. Louie R. Foltz and his wife Anna Mary seem to be buried in Row 12.5. We have placed them in between the rows, at the end of 12, indicating Row 12/13. It should also be pointed out that about half the stones in this cemetery face the south west, and about half the stones face north east. In walking a row, you will need to look on all sides of each stone.

Endnotes:

Row 7, John H. and Winifred L. Ruesink, on stone is inscribed: Children: Kathleen, Elinor, Joanne, Carolyn, Dan.

Row 9, Ruth Clawson Clark Ruesink, born Sivas Turkey, daughter of Dr. Charles E. & Ina V.L. (Clawson) Clark. Married to Charles H. Ruesink in 1932.

Row 11, Arthur and Sereno Fleming; previous reading had these two children of Jarvis and AD Flemming recorded as twins, born and died September 17, 1848. The data presented here is what is recorded on the headstones, and which was checked several times due to the conflicting information. Researchers should use caution and their own judgement if they are interested in this family.

Row 12, Leon A. Hood, served in Royal Canadian Air Force, killed in Canada.

Row 12, Jasper P. Decker, died in the explosion of the Sultana - child of H.R. & M. Decker.

Row 16/17, Rosa Taggert, stone is old and repaired. Very hard to read.

Hicksite Friends Site

Hicksite Friends Cemetery (Site)

History written by Carol A. Bowen Stevens

The Hicksites are a branch of the Quaker religion, the Hicksites split from the Orthodox Quakers in 1827.

This cemetery site creates more interest and emotion than any other in Lenawee County in my years of assisting other Lenawee County researchers. Let's begin our study of this cemetery and its history by repeating, word for word, the history published by Harriet Cole Clark Bowen and the Adrian DAR in their "Gravestones of Lenawee County, Michigan" series, published during the 1930 to 40 era. It follows in full:

"On the road leading east from Bent Oak Ave., at Sackrider's Corner beyond the site of what was once Treat's cider mill, was the location of a small church and burying ground belonging to the Hicksite Quakers, on Sec. 26, Adrian Twp.

Intensive research has failed to unearth much historical information as the original members have passed (sic) away and their descendants have been absorbed by the Orthodox Church.

In 1923 a remnant of the burial plot was found overgrown by a thicker (sic) of bushes and tall weeds, a few rods north of the road. The stones were mostly down with very indefinite data, but were at that time faithfully transcribed. Today, 1937, there is no sign whatever of the little cemetery, and the church disappeared years ago. Mrs. Kitty (Robinson) Brown, who in childhood resided in Adrian township, doesn't remember seeing it after 1871; so at that date or a little later was moved away. It was a small clapboard building, painted white and in architecture like the Quaker churches now in the County.

It is thought that there were burials of some of the Rulon family, who were early Raisin Twp. settlers, in this place, but like the Chandler family who were Hicksites and buried on their farm, see P. 236, may also have been interred on their farm."

A few points on Harriet's history need to be discussed. First, Sackrider's Corner. This description has lost all meaning to us. I have been unable to find anyone alive in 2000 to 2005 era that remembers it. When I asked the Lenawee County Family Researchers (many of whom are life-long residents of the area) about the Treat Cider Mill, no one had really heard of it, but member Jan Reister replied:

"I have a copy of McEldowney's Lenawee County Directory of 1896-97. It says on page 768: Treat, Edward B, Mnfr Pure Cider Vinegar, Apple Jelly and Boiled Cider, Sawmill, Feed Grinding and Planing Mill, Mills located Beaver Creek, p o Adrian, res 1 ½ m n, sec 26 Adrian tp."

During the research on this cemetery, I checked with the Adrian Township clerk and with the Rev. Cox, who for many years was the pastor of the Raisin Valley Friends Church at the corner of Valley and M 52 (Adrian Township). Sadly neither had any information about the Hicksite burial site that was any different than Harriet's report.

In 2001 I corresponded with Mr. Carl Davidson of Marshall, Michigan, who was very interested in the current ownership of the land where the church stood. Carl is a member of the Society of Friends interested in the possible historical marking of the site, especially the cemetery. Carl states that "my notes indicate the first burial there was in 1836" and the "site included graves and a meeting house (moved and sold) dating from about 1841-1880. The last burial was in 1878." Carl also forwarded to me a copy of a photo of a meeting house in Battle Creek, on the back of the copy he writes:

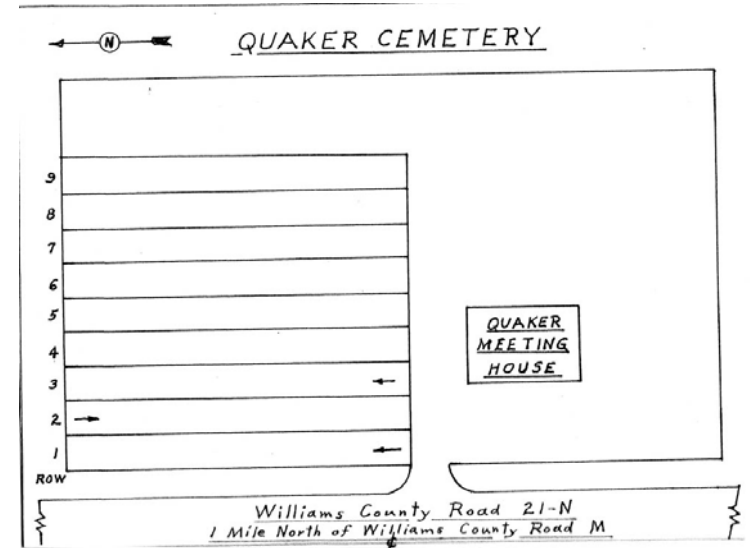

"The meetinghouses at Battle Creek, Bedford-Harmonia, Parma-Hickory Grove, Livonia, Adrian and West Unity were all traditional in design originally. The one at Adrian was a "twin" of the present structure in Brady Twp., W. Unity, Williams Co., Ohio 1850."

As there is a lot of curiosity about this site and the building and their disappearance from Lenawee, hearing that there was a "twin" building just a few miles from Adrian, well, it demanded a trip to West Unity for a photo op. I called upon a friend and fellow Lenawee County Family Researchers member, who was raised in West Unity. She took me to the site and also provided some very interesting history from several books concerning Williams County, Ohio. This is not an article on the history of the West Unity Friends Church, but they existed in a like time frame and were "twins" and they shared history. We thought maybe a bit of their history (as taken from the work "Williams Co., Ohio Cemetery Records, Brady Twp." published by Williams Co Genealogical Society, Bryan Ohio, 1993 and 'Society of Friends' article from the work "Williams Co, Ohio; A Collection of Historical Sketches and Family Histories, Compiled by Members and Friends of the Williams Co. Historical Society; Vol 1, 1978, Montpelier, Ohio), would add something to this discussion. These two works tell us The Friends of West Unity started their meetings as early as 1840 or 41, they were under the care of the Adrian monthly meeting. When the Adrian meetings were discontinued they were transferred to West Unity, where the meetings were continued until 1895, when disbanded. We also learn that the West Unity church building was built in 1850, for \$250.00. It is

West Unity Friends Church Building, Williams County, Ohio

the oldest known church building in Williams County, Ohio. A number of improvements have been made to the property including re-roofing the building in 1913, at which time the north 10 feet of the building was removed to reduce the cost of the new roof and to give better driveway access to the property. The church cemetery dates from 1847, the first burial in 1847, but a stone is found with a death date of 1844. The last burial was in 1961 and the cemetery was turned over to the Brady Township Trustees on September 10, 1967. A drawing of the cemetery layout with the church building indicated is found in the cemetery records book on Williams County, Ohio, which we show here as the cemetery layout of rows, reminds us of the layout of the Adrian Hicksite cemetery (see below for description). We make no representation that this map reflects the cemetery layout at the Adrian Hicksite location.

Next I decided to attempt some internet research, where I found some background information on the Hicksite Quakers:

From a web site at: <http://www.westburyquakers.org/qt/archive/files/GENE1.htm> , I found an article titled: "RECORDS OF NEW YORK YEARLY MEETING OF THE RELIGIOUS SOCIETY OF FRIENDS, AND THE HAVILAND RECORDS ROOM, NEW YORK CITY", which was originally printed in Tree Talks, the periodical of the Central New York Genealogical Society, Vol. 25, No. 1, March, 1985, and updated December 15, 1989, by Elizabeth H. Moger, Keeper of the Records, which reads:

"It should be pointed out that burial in a Friends' burying ground does not of itself constitute proof of membership in Friends, and does not guarantee appearance in any other Friends' records. From early times Meetings named committees to have charge of burying grounds and burials therein, and the inference may be drawn that these committees had authorization to allow burial of non-members, provided that the restrictions placed by Friends were accepted. These restrictions included, from the early 18th Century through 1852, at least officially, a prohibition on the use of tombstones. Tombstones in Friends' burying grounds which bear dates falling within that period were either, I think I would have to say, placed later on, or, if placed within that period, tacitly allowed but not officially sanctioned. Early Friends' burying grounds in upstate New York were sometimes the only ones in their communities. Later Friends' cemeteries might have been opened to non-Friends as a kind of community service. Persons buried in them usually had some Friends' connection, but this is not invariable.

NOTE:

The New York Yearly Meeting records were, until 1997, collected by and housed at the Haviland Records Room on East 16th Street in Manhattan. The room is now closed and the records are at Friends Historical Library, Swarthmore College, Swarthmore, Pennsylvania. Eventually the entire collection will be microfilmed and film copies will be distributed to selected archives or libraries in New York State. However, the Genealogical Society of Utah has already filmed many of these records, and they are available through the Family History Library and Centers worldwide."

From the web site of Swarthmore College, <http://www.swarthmore.edu/Library/friends/> , we learn something about the Adrian Hicksites"

"Logan Preparative Meeting (Hicksite) was established in 1836. In 1841 its name was changed to Adrian Preparative Meeting. This meeting was laid down in 1874. Adrian Monthly Meeting (Hicksite) was established in 1840. In 1848 there was a congregational schism; Adrian Monthly Meeting (Hicksite) was laid down in 1849 because of reduced membership."

Also from the SAME web site:

"In general, Quakers did not keep good burial records. Until at least the mid 19th century, the Society of Friends maintained a testimony against "vain and ostentatious" memorials to the dead—ie. elaborate tombstones. Non-Quakers could be buried in most Quaker burial grounds."

From these two sources we learn that the Hicksite Quakers were not much on record keeping or marking burial spots with headstones, both of these tendencies, of course, make it difficult for family researchers.

I was able to contact the Curator of the Friends Historical Library of Swarthmore College, Swarthmore, Pennsylvania, Mr. Christopher Densmore. He was very helpful. He verified that the Hicksite meeting was laid down in 1874, but that for "several years after the laying down of Adrian Meeting, the sessions of Battle Creek Monthly Meeting continue to circulate among Battle Creek, West Unity and Adrian. The issues of Friends Almanac up to and including 1891 list a meeting at Adrian, though it looks like it was not kept up weekly."

Mr. Densmore continued, "The Battle Creek Monthly Meeting, 9th Month 27, 1876, record that "Hugh Thomas having put the business of selling the property on which the meeting house stands at Adrian in the hands of a Lawyer this meeting concludes to dismiss the case from our minutes."

My next question to Mr. Densmore was, if the Friends were to record a deed, might he know what "name" they would use on the deed. He came back with a long list, including: Society of Friends; Religious Society of Friends (with some possible language referring to this being the branch of the society "called Hicksite"); Logan Preparative Meeting (the original name); Adrian Preparative Meeting; Adrian Monthly Meeting; the personal names of the trustees; Battle Creek Monthly Meeting; Pelham Quarterly (later Half Yearly) Meeting; Genesee Yearly Meeting. At this point I made a trip to the Lenawee County Register of Deeds office, and after several hours of hunting, I came up empty. I checked almost page by page through several deed books that covered this time frame. I then checked the Adrian directories for the names of attorneys that practiced at that time. In the 1874-75 Adrian directories we find the following list of attorneys: Baldwin & Wig; James Christiancy; O.A. Critchett; Grosvenor & Phinney; G. Morris; H. Shaw Noble; J. R. Rauch; J. D. Roman; E. Willard; Willits & Raleigh; T. E. Wing, 10 in all. In the 1876 Adrian directory there were listed 16 attorneys. A deed search became overwhelming, so a new approach was tried.

My search then took me to Plat maps of Adrian township, many of which will follow this discussion, so that you can study them for yourselves. The cemetery was not found on the 1857 plat map, but if we look very carefully the letters MH appear on the map, I believe that is the map maker's indication of the church location. The church and graveyard show up quite distinctly on the 1874 plat. The graveyard can be found on the 1893 plat, was not found on a map dated 1911, but was found again on a map for 1916. All maps since 1921 do not show the cemetery.

I studied the plat maps and then tried to trace the owners of the land where the church and cemetery had been via the deed books at the Lenawee County Register of Deeds. Despite spending a number of hours in the search, I always came away disappointed. Once more, back to the maps I went. I obtained copies of maps dated all the way to 1988. By the map dated 1953 it appeared that the farm land Harriet referred to had been sold off and was now classified as "small tracts". The plat maps are not easy to follow, the route the roads took changed over the years, and it is entirely possible I missed a recorded deed or hint that would have given us a more exact location than we have. I am fully aware that this search took me beyond my skill level in searching for land ownership progression.

After Harriet Cole Clark Bowen bound the Adrian Township Gravestones of Lenawee County, Michigan volume, additional information came to light, including an old account book in which was recorded what was identified as "A list of the deceased buried in the Friends Burying Ground in Adrian....." See below for that list.

Harriet also reports:

"...In a personal letter of recent date (1938) Bertha Cornelius Dayton, (Mrs. G. L.), 512 Webster St., Traverse City, Mich., recalls that her Grandparents, William and Mary Ann (Mead) Cornelius, were members and Elders of this Hicksite Society of Friends, and that after the church was disbanded, representatives of that order from Indiana, Ohio & Michigan, met at the home of William Cornelius for their Quarterly Meeting."

Mary Ann Mead, wife of William Cornelius, was the daughter of Lieut. Nathaniel Mead, Revolutionary Soldier, of Dutchess Co., N.Y., and her grave in the Raisin Valley Churchyard Burying Ground, ..., was marked as such by 12 of her grandchildren, including Mrs. Dayton, who made the Dedicatory speech for the occasion. She recalls that the church was very small and of unpainted clapboard construction, and that it was situated on the angling road as before described, about one mile west of the Raisin Valley Church."

These personal and family memories seem to meld quite well with the histories and remarks found on the internet, of Christopher Densmore, Curator of the Friends Historical Library of Swarthmore College, Swarthmore, Pennsylvania, and of Carl Davidson.

Valentine R. Champlin's headstone,
Raisin Valley Friends Cemetery,
Sept. 2006

Sadly, despite numerous hours spent by this compiler/researcher and others contacted and questioned, we must leave it for future researchers to re-discover the exact location of this lost burial ground. What became of the headstones found during the 1923 survey is unknown, with the exception of that of Valentine R. Champlin, whose stone was returned to Lenawee County in 2003 and is now at rest at the Raisin Valley Friends Cemetery (more information on Valentine follows, see below). The stones could have been removed to a location unknown by persons unknown. Harriet reports that many of the stones in 1923 were down and very hard to read, it is indeed possible that they were just moved aside by a farmer, or as Harriet states, "plowed under". As researchers and historians we would love to know the real story, have answers, have proof. But, we also are aware that sometimes we just don't have the means to answer those questions, find the real story. I prefer to think of it as a mystery for others to research and solve.

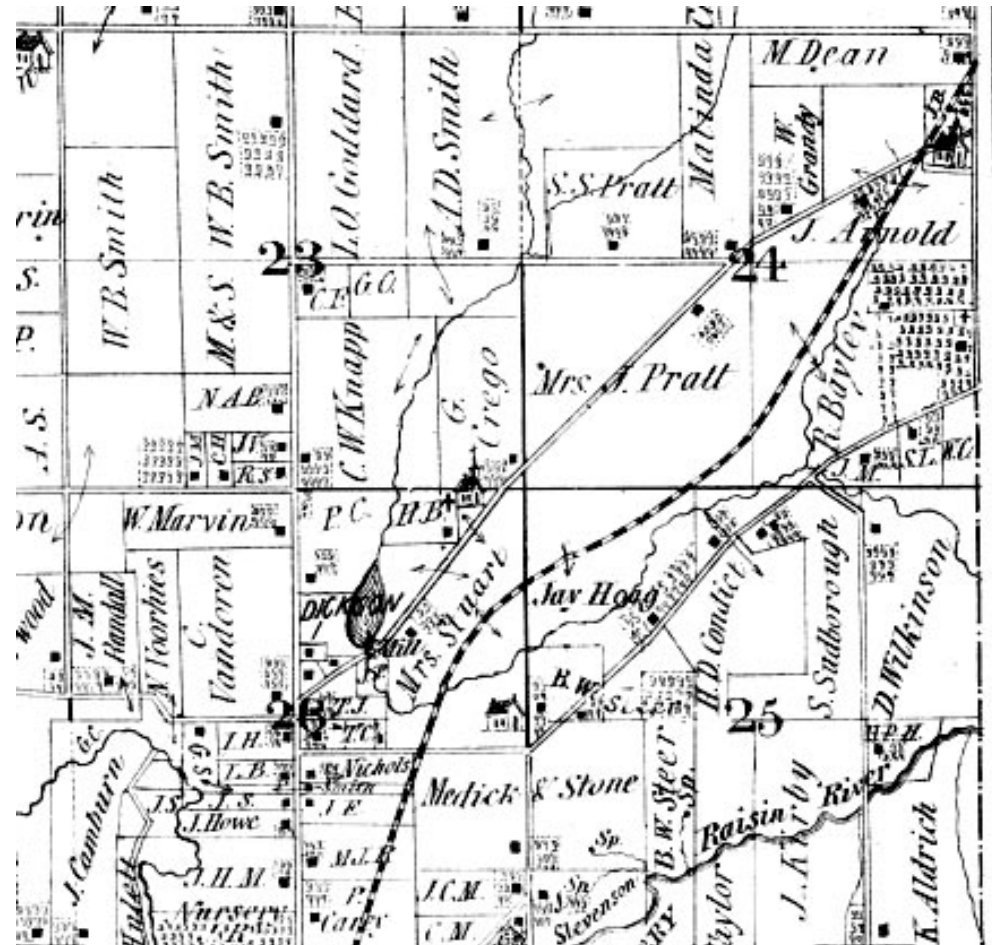

Location and Map Study Hicksite Friends Church and Cemetery Adrian Township

Note: Maps show section 23, 24, 25 and 26 of Adrian Township. In many cases we do not know the name of the publisher of the maps, and have chosen to not include it even when we do know it, this is a study of one small part of Adrian Township and the most important information is the year the map was published. Many of these maps can be located at the Lenawee County Historical Society Museum Archives Room, in Adrian, Lenawee County, Michigan.

Left, 1857 Plat Map of part of Adrian Township. Looking in the upper right hand corner you will find "Quaker MH", below which is written "J. Arnold". The Raisin Valley Friends Church and Cemetery is still in this location. Now, look near the middle of this map, and you will find "B. Lauer", below that a small section marked "MH" (which is hard to read) and below that "J. Harned". As we have no Legend for this 1857 map, we have no positive way of knowing what "MH" stands for. As a study of the map will show, it appears the map makers used full surnames of the land owners, even for smaller sections of land. It is my opinion, that MH stands for Meeting House. See the 1874 map, which places the Church and Meeting House in exactly the same location.

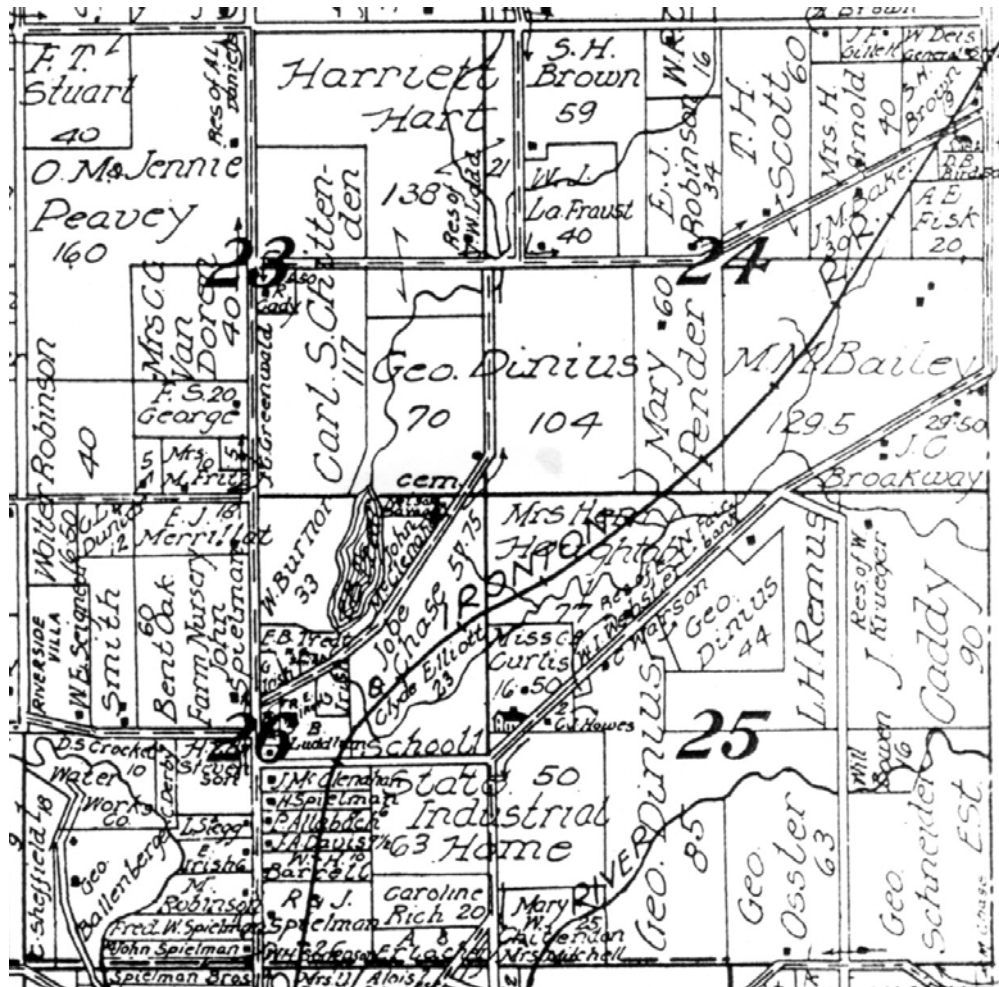

Right, is the 1874 plat map of the same sections of land in Adrian Township. Look again to the far top right corner and you will see a drawing of a church building, which represents the Raisin Valley Friends Church. In about the middle of the map you will see another church building, and a cross, near the initials, "H.B". This is the location of the Hicksite Church and Cemetery according to Harriet Cole Clark Bowen and the Adrian DAR in their work "Gravestones of Lenawee County". We note that on this map, the map makers have used initials for some land owners, not full surnames. Note the road goes from the Hicksite Church through Mrs. J. Pratt's property in Section 24 right to the Raisin Valley Friends Church. By 1893 the road does not appear in this configuration.

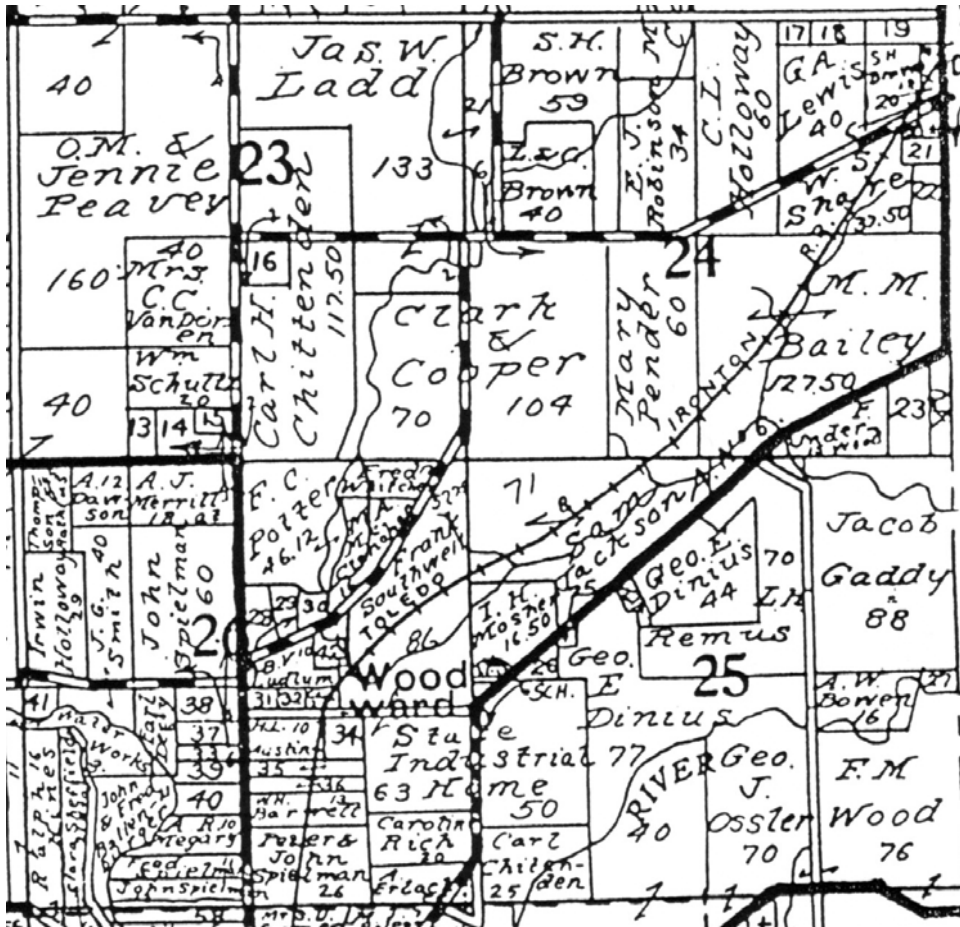

Left, the 1893 Plat map. Again, starting in the top right corner, we can barely make out the letters "Ch" just above the land of "Thos J. Harris". It is difficult to be sure, but this appears to be the map makers attempt to mark the Raisin Valley Friends Church. We see no marks for the Hicksite Church and Burying Ground, which should be just below and to the left (or southwest) of Jane Pratt's land. Note that Jane Pratt's land is no longer divided diagonally by a road. It would appear that F. A. Lang owns the land where the church and cemetery sat, but I have been unable to locate deeds to support this. It is entirely possible I just did not find the right deed.

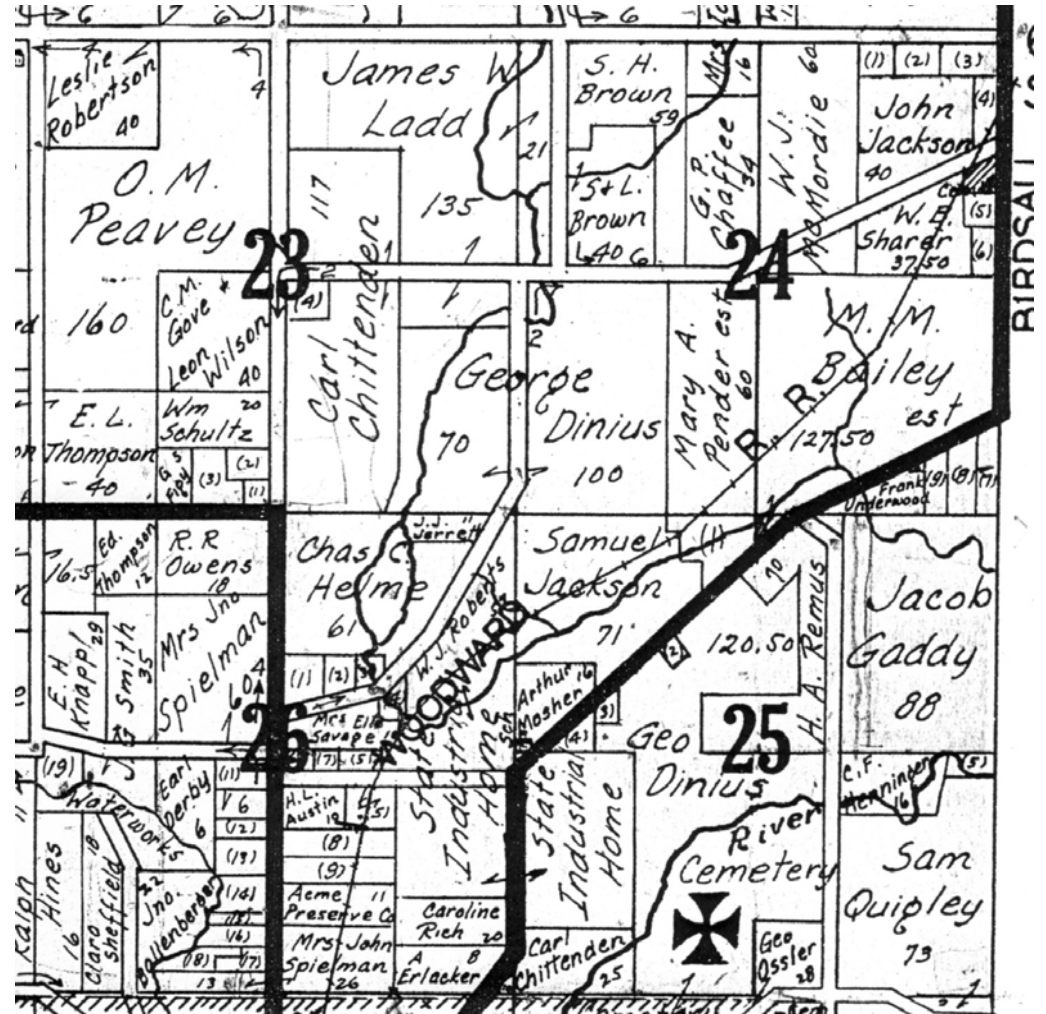

Right, plat map dated 1916. At the top right, you can see a small icon for the Raisin Valley Friends Church. In the middle of the map, we can see the letters "cem", which would appear to be the map makers attempt to mark the Hicksite Burial Ground, the map is hard to read, but there may be a cross to indicate the location below the "cem" and beside the name "John McClenahan", which is also very hard to read.

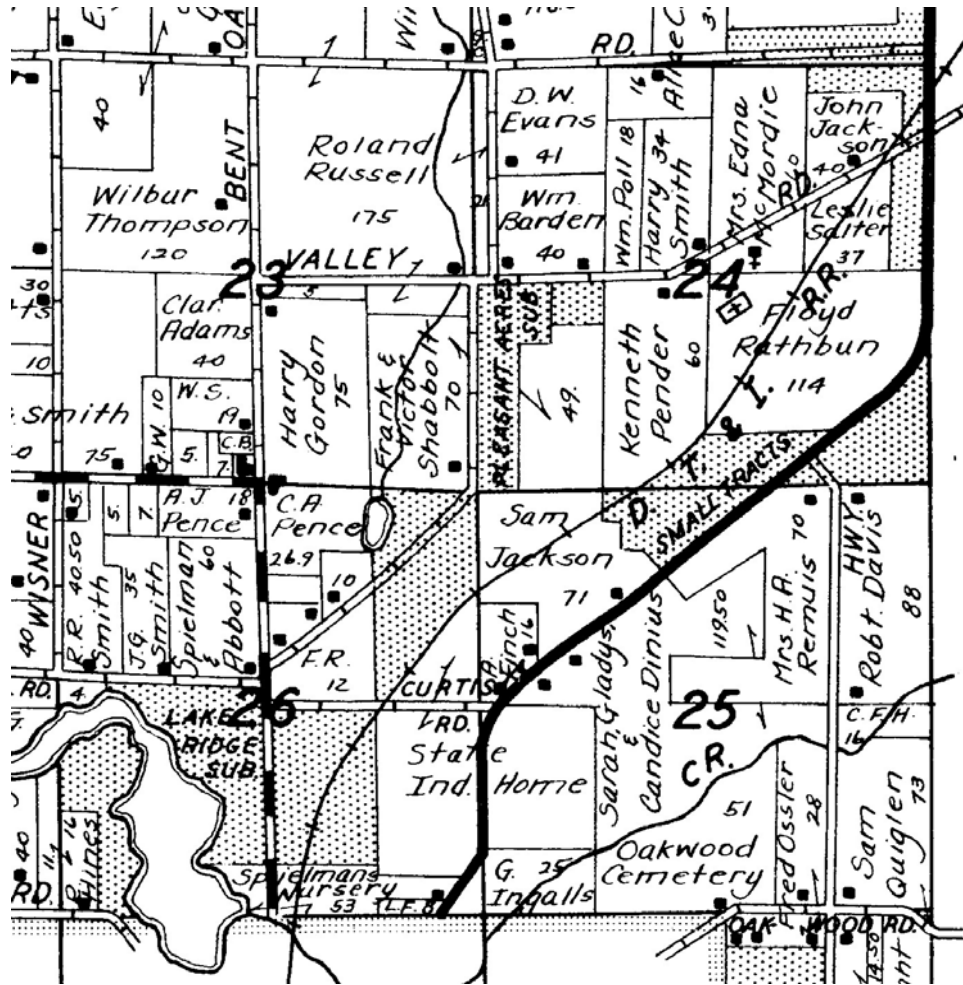

This is the 1921 plat map, and as you can see there is not much help here, no churches or cemeteries seem to be marked by the map maker. This map shown as the last time stones were found at the Hicksite Burying Ground was in 1923. No maps dated 1922, 23, or 24 have been found.

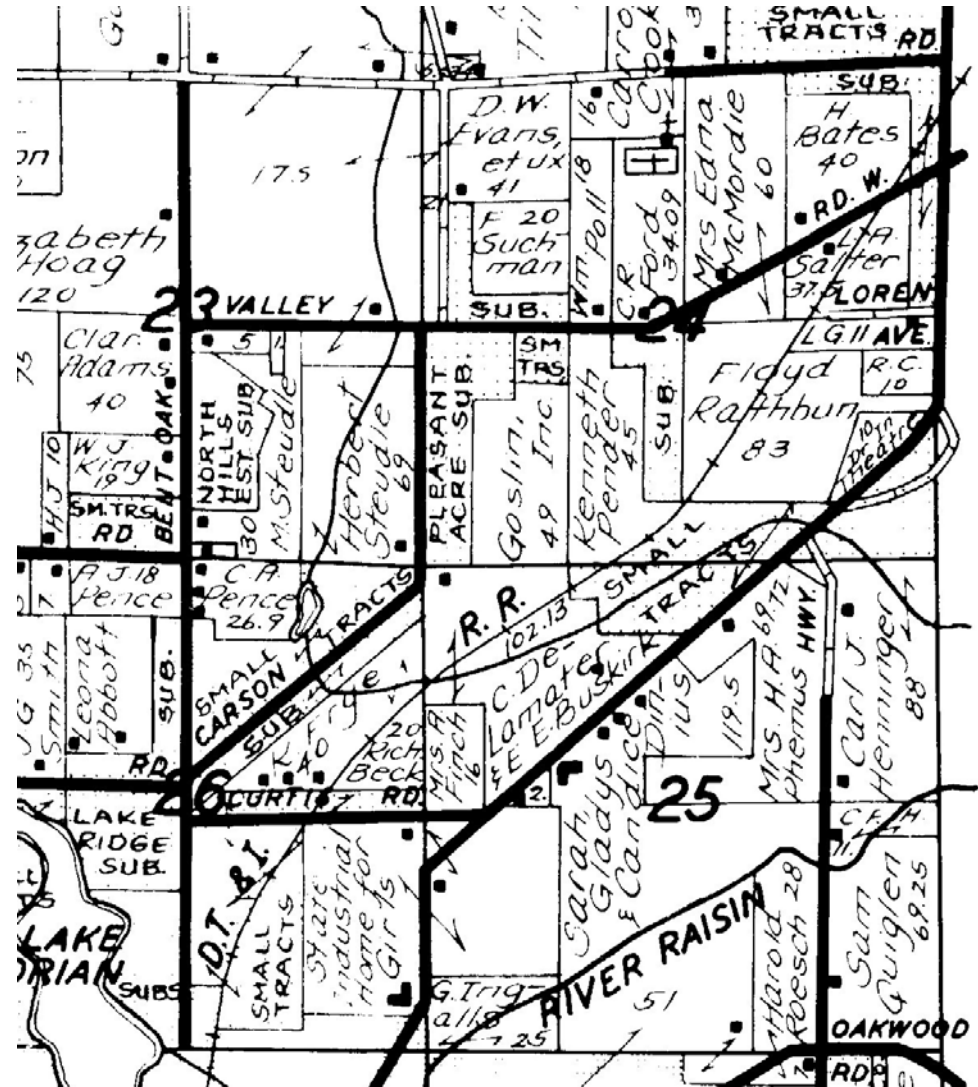

Right, is the 1928 plat map. If you look closely in the upper right hand corner, near the land owned by "W.B. Sharer" one can barely read "cem", which is marking the Raisin Valley Friends Burial Ground and Church. Nothing is found for the Hicksite location, which was near where "J. J. Jarrett" and "Chas C. Helme" own land. The large black cross in the lower right hand corner of the map, near "Geo.Ossler" and "Carl Chittenden", is the Oakwood Cemetery, the largest cemetery in Lenawee County.

This is a 1953 plat map, which shows the area where the Hicksite Church and Burial Ground to be a dotted area. Dotted areas are "Small Tracts", as one can see by studying this map, especially in Section 24, south of "Floyd Rathbun". What is fascinating about this map, is that if you look closely at Floyd's land, you will find a small rectangle with a cross in it. This is the map makers icon for a cemetery. As far as we know, there never was a cemetery here, and we believe it is an error in the map. See the 1967 map for more discussion of this.

This 1967 map is a very interesting one, it shows that the location of the Hicksite Church and Burying Ground is now "Small Tracts". We do not find the Raisin Valley Friends Church in the location that we know it to be. If you look at the 1953 map above, you will see that there is a cemetery on the land of Floyd Rathbun, but that cemetery has now been located in the land of C.R. Ford. Again, as far as we know, there never has been a cemetery in this location. This cemetery appears in this location on all future plat maps until at least 1994. During one long session of studying these maps at the Register of Deeds I spoke to an examiner for a title company about them. She stated that the plat maps frequently had serious errors in them. This was not exactly what I wanted to hear, as it casts doubts on all of this Hicksite site location study. The examiner looked at the maps in question from about 1961 forward to at least 1994 and agreed with me, that the map makers had most likely misplaced the Raisin Valley Friends Church and Cemetery, and once the error was made, no one ever discovered it, or if discovered, corrected it.

The following names and dates were from a cemetery reading done in 1923. In 1937 when Harriet Cole Clark Bowen and the Adrian DAR were doing updates and publishing "Gravestones of Lenawee County, Michigan", the cemetery could not be found, and it was stated that it had been plowed under by a farmer. Due to the complexity of this cemetery record, it has been indexed by page, not by ID number, as are most of the other cemeteries in this series. The index follows immediately, there is no maiden name index for this cemetery.

According to Harriet Cole Clark Bowen and the Adrian DAR, sometime after they typed the above list, an account book was discovered that contained the following list of interments. Harriet tells us: "...the finding of an old account book in the attic of a house at 504 South Main Street, Adrian, containing a partial list of the burials in the Hicksite Friends Burying Ground, Adrian Twp. The accounts in the book are more than 100 years old and the burial list seems to be those of interments; note the record of Almyra Street in each account" The account book was discovered and is owned by Mary Scott Avis (Mrs. William) who is now living at 612 Dennis Street, Adrian."

Note, please remember, these are most likely dates of interment. Dates are typed as in Harriet's work, in the manner of the Quakers. Please refer to Quaker methods of dating to convert.

Harriet then adds to this account:

“In this book were the Jonathan Harned family record both Sr., & Jr.

The following items may be apropos to this work:

“My son, Edward Harned, left for St. Louis in the fall of 1841; in the spring of 1842 was the last account we had from him in a letter to Joseph Merritt Jr.”

“My son, Nathan Harned, departed this life the 19th day of 10th month, 1847.”

“My grandson, George J. Harned, son of Hugh W., & Catherine, departed this life, 6th of 4th month, 1849; was b. the 3rd of 3rd month, 1849; also one b. the 30th of 9th mo, 1851, by Hugh W. & Catherine Harned, departed this life the 2nd day of the 1st month, 1852.”

“My son, John L. Harned, departed this life the 24th of 1st month, 1862.”

[These are the children of Jonathan Jr. & Sarah M. Hurst Harned.]

ENDNOTES:

Champlin, Valentine R: The first burial on Harriet's list was for one Valentine R. Champlin, who died in 1878. In 2003 a headstone with Valentine's name inscribed on it was found in Grand Rapids and came into the possession of John Obermeyer. John is a Civil War history buff and set about to discover who Valentine was and where he was buried. Over a period of several weeks, the story unfolded, and several articles appeared in the The Daily Telegram, published in Adrian, Lenawee County, Michigan. One such article appeared on July 31, 2003, page A 7, said article revealing that Robert Champlin of Newmarket, Canada stated Valentine's middle name was Rock. This article also includes information concerning Valentine's demise, which we repeat here as published in the article of 2003:

“Obermeyer traveled to Adrian on Monday to do more research. He found a notice in the March 28, 1878, Adrian Daily Times & Expositor that ‘an old gentleman named V.R. Champlain (sic) stopping at Cotton's boarding house, fell from the front step, breaking his left leg twice below the knee. The accident is a very severe one.’

The April 12 edition of the newspaper contained an article titled, ‘Ended by death.’ It stated, ‘The advanced age of V.R. Champling (sic), and the serious nature of the accident, rendered his recovery very doubtful. Today we announce his death.

Mr. Champling was an old resident of this county, having lived here for the past 40 years. He formerly owned a farm near Sacrider's Corners, north of the city, but for the past year he has lived at the City Hotel, where he died yesterday.”

Eventually in 2003, Valentine's headstone was returned to the Adrian Township Clerk. Adrian Township Board voted and approved the placement of Valentine's stone at the Raisin Valley Friends Cemetery.

Rulon, Ephraim: The records from Harriet's list also report that Ephraim Rulon was possibly buried at the Hicksite Quaker Cemetery (see her history above). I had the opportunity several years ago to research Ephraim and his wife Sarah Rulon for a client and discovered death notices/obituaries for both Sarah and Ephraim in the Adrian newspapers. Sarah's death announcement appeared in the February 23, 1871 issue of The Adrian Weekly Times and Expositor:

"Died

Suddenly, of paralysis, at Three Rivers, St. Joseph county, on Monday, the 20th. inst., at 11 o'clock, SARAH, wife of Ephraim Rulon, aged 71 years."

Ephraim's obituary appeared in the June 11, 1886 issue of the Adrian Weekly Times and Expositor, and is quite lengthy, especially for this time frame, when many passed with no more than a 2 line mention in the local paper. It reads:

"Obituary - - Ephraim Rulon

Ephraim Rulon passed to the life beyond, from the home of his daughter, Mrs. Mary Illenden, in Madison township, Thursday, June 3, in his 83d year. He was a pioneer in Lenawee county, coming here with his family in the spring of 1833, and settling in Raisin township, where he transfigured a forest into a fruitful farm by his persistent industry. Born in Fairfield, New Jersey, in 1804, of Quaker parents, he continued a member of the Hicksite Friends society until past middle life, and always retained the simple habits and language, and the leading ideas of the early Quaker. His career was one of steady industry, sterling integrity, unflinching hope and courage, and fidelity to his own convictions. He followed "the light within" rather than any authority of creed or sect. Never seeking public place or fame, his devotedness to family and friendly duty and cares helped to make home and social life pleasant. Duty called him to be an abolitionist in "the martyr days" of the anti-slavery movement, and he obeyed the call with quiet courage, firm through evil or through good report. He was an early advocate of the equality of woman, and a zealous and earnest Spiritualist, his firm faith in the future life giving him peace and hope to the last hour. Moving to Three Rivers for a few years, he returned, broken in health, to make a home with his daughter, Mary, and her husband, Richard Illenden, and passed away after a lingering and at times painful illness, aggravated by cancer of the stomach. His lineage reached back not only to Quaker, but to Huguenot ancestors, and the spiritual faith and earnest devotedness to truth which marked his career in the prime of his useful life, seemed to be a heritage from these martyrs of the past.

The funeral was at Mr. Illenden's on Saturday morning, June 5th, conducted in such simple way as fitted to his plain habits, fit words being spoken by G. B. Stebbins, of Detroit, and his mortal remains were taken to Three Rivers for burial beside those of his beloved wife. The choir, consisting of Moses B. Rice, Alf Johnson, Mrs. C.B. Johnson and Mrs. Winship, sang some choice selections, and it is needless to say it was well done."

Ephraim and Sarah Rulon.

Baur Family Cemetery

Baur Family Cemetery

The following information is from the Harriet Cole Clark Bowen Adrian DAR work, "Gravestones of Lenawee County, Michigan". The series was published during the 1930's and 1940's. To quote:

"This cemetery must have been a family burial plot. These records were taken in 1923 and at that point most of the bodies had been removed. The little cemetery is on the west side of the Tipton Road, Sec. 9. Information in the neighborhood stated that Mr. Ottmer Baur superintended the removal of bodies."

A study of Atlas and Plat Maps of Lenawee County shows this little cemetery as late as 1916, the following map is from the 1874 Combination Atlas Map of Lenawee County Michigan by Everts & Stewart, Chicago. III..

INSCRIPTIONS:

Baur, Leopold	b. Nov 14, 1796	d. Nov 11, 1857
Baur, Caroline, born Weiss		d. Sep 1872
Barurle, Matharus	b. Mar 1821	d. Mar 1854
Schiebel, Theresia	b. Feb 16, 1855	d. - - - 16 - - -

Note: Several indexes to deaths and marriages have been generated since Harriet completed her work, several have been checked and none of these names appear in the indexes. The cemetery is no longer visible from Tipton Highway.

Weaver Burials

Weaver Burials

The following information is from the Harriet Cole Clark Bowen Adrian DAR work, "Gravestones of Lenawee County, Michigan". The series was published during the 1930's and 1940's. Nothing more is known than what is repeated here, word for word, from Harriet's work:

On Section 26, second house east of Sackride's Corners at Bent Oak Ave., are two burials at the back of the premises near a Creek. The stones were removed by a temporary owner but the family have preserved a clipping pasted in the Family Bible, and produced by a Gr. Daughter, Mrs. Lily (Stocum) Curtis, (Mrs. Spencer), now residing in Ann Arbor. The wife's dates are missing but the record:

"In Adrian Township on the 20th of May, 1856 in the 78th year of his age occurred the death of Stutley Weaver."

"In Adrian Township occurred the death of Rachel (Wisks), wife of the late Stutley Weaver, age 74 years.

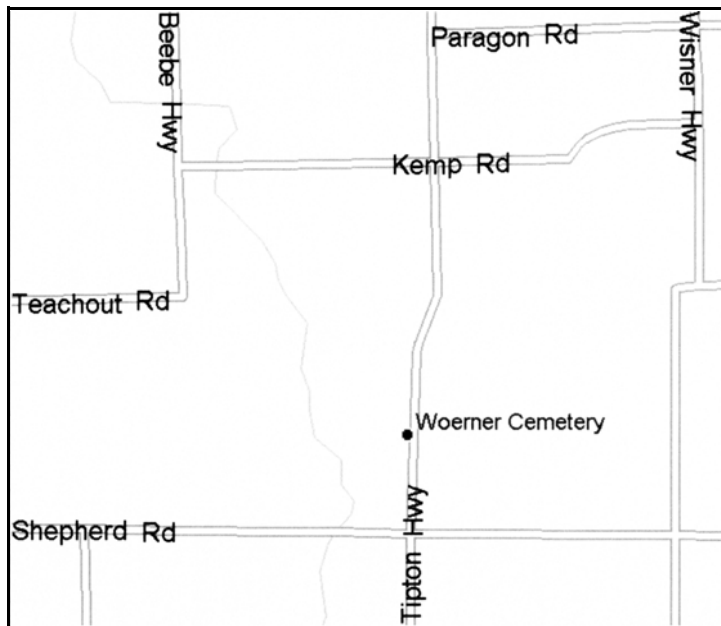

The clipping carries neither day, month or year.

Note: Several indexes to deaths and marriages have been generated since Harriet completed her work, several have been checked and neither Rachel or Stutley appear in these indexes.

Woerner Cemetery

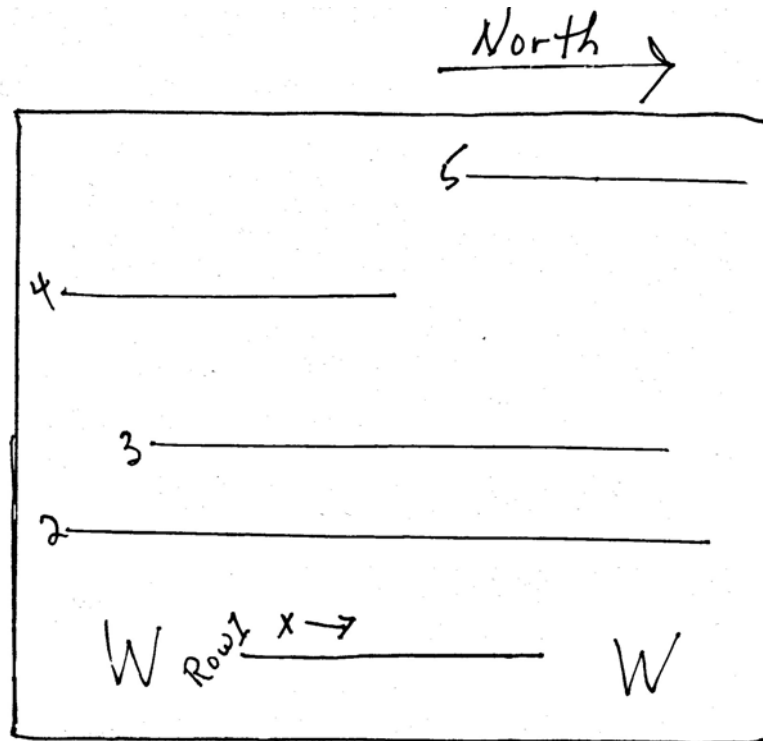

Woerner Cemetery

Woerner Cemetery is situated on the west side of Tipton Highway, .4 of a mile north of Shepherd Road. Tipton Highway runs north and south. The photo shows the cemetery from the street, noting the gate in the center of the cemetery and the 2 large monuments both inscribed Woerner.

Woerner Cemetery

The cemetery was walked from the south towards the north, there are two rather large monuments dedicated to the Woerner family, represented in this site map by the "W" on each side of Row 1.

Woerner Cemetery

The history of this cemetery comes from the Harriet Cole Clark Bowen Adrian DAR work, "Gravestones of Lenawee County, Michigan". The series was published during the 1930's and 1940's. Nothing more is known than what is repeated here, word for word, from Harriet's work:

A Family Burial Place

This little fenced - enclosed Cemetery, Sec. 4, on the west side of the Adrian-Tipton Road, is the private burial ground of the Woerner Family. The plot was already established for this purpose when the Woerner Brothers purchased the farms in 1864, one-half of which was on John's farm, and the other half on Martin's farm. Graves of three Penfold children buried in 1848 are in the extreme south western part. Examination of the abstract showed this land was deeded to James Penfold in 1839; that James and Lydia Penfold deeded to others before the Woerners came into possession of it. Whether there were other burials, the graves unmarked, prior to 1864, is not known.

The plot is kept in good condition and is unique of its kind. Larger cemeteries are absorbing the burials previously made on the farms so the passing of this interesting feature of rural life is doomed and upon us.

See "Gravestone Records", Oakwood, Lenawee Co., Mich. Vol. 1 for other Woerner data. Five brothers settled on five farms the same year so the families are scattered.

We are happy to report that in 2002 this cemetery is still intact, still fenced in, still well maintained.

Cemetery was read from south to north, Row 1 is closest to the road.

Raisin Valley Friends Cemetery

Raisin Valley Friends Cemetery

The Raisin Valley Friends Cemetery is adjacent to the Raisin Valley Friends Church at the southwest corner of Valley and M-52 (otherwise known as North Adrian Highway). On the location map below there is a "X" indicating the church and cemetery. The photo was taken from the northwest corner of Valley and M-52, shows the church and to the far right a split rail fence, the cemetery is beyond the fence line. There is no sign at the cemetery itself.

Raisin Valley Friends Cemetery

To the researcher: This cemetery record consists of three lists of burials.

The first list is the Original Record Book. This list is not indexed.

The next list is our Table of burials. It is indexed and also has a maiden name index.

The last list is what we are calling the Addendum. It is derived from a Plot book for the Raisin Valley Friends Burying Grounds, which information is presented after the table records. It is indexed separately. Working with the records in the Plot book there is at least one reference to the "Original Record Book".

Please use all three data bases of information, compare, and know that there is conflicting information in the data bases.

Raisin Valley Friends Cemetery

Much of the history of this cemetery comes to us from Harriet Cole Clark Bowen and Adrian DAR, who compiled the works, "Gravestones of Lenawee County, Michigan" in the 1930-40's era.

Harriet tell us:

"The land for the church and cemetery was given by Darius Comstock, pioneer settler of Raisin Township and father of Addison J. Comstock, founder of the City of Adrian. The church celebrated the 100th anniversary of the founding of their Society in 1931, so the property is one of the oldest burial locations, constantly used, in Lenawee County.

When the stone records of this cemetery were first taken in 1923, there were comparatively few inscriptions on stones, many of the graves being designated by a piece of rock, especially in the older part. What seemed at the time an unusual and fortunate circumstance, was the discovery of the original book containing a list of burials [see list following the history] from the beginning of the Society's history. Since that time a great improvement has been made, following the lead of most country cemeteries in Lenawee County. An Association has been formed [see further discussion of this below] through the effort of Mr. Arthur Green, a member of the church and much work has been accomplished - briers cleaned out, the whole ground respaded and reseeded, and families been inspired to place granite markers at the hitherto unmarked graves of their ancestors. Perpetual maintenance has been arranged for and two graves of Daughters of Revolutionary Soldiers [see below] have been officially marked by their grandchildren. Altogether the burying ground is a beautiful spot, situated as it is, on a slight rise of ground with venerable oaks all about, and many evergreens and shrubs throughout the plot."

In the fall of 2006, a Plot record book for the cemetery was located at the Lenawee County Historical Society Museum Archives. That Plot record appears later as the Addendum. In that record book we find the following information: Betsey and David Baker, in the comments near their names is found: "Sold this land to Friends for cemetery." Deed records would need to be studied to determine if this Plot record book is indeed correct. Such a study has not been done.

On October 31, 1911, at Adrian Friends Church, there was an organizational meeting concerning the cemetery. The handwritten cemetery meeting minutes are contained in a record book that is housed at the Lenawee County Historical Museum Archives. The first entry in the meeting book is as follows, noting that we don't have a complete copy of that first meeting's minutes:
Adrian Friends Church Oct 31, 1911

Jay Hoag called the meeting of citizens to order who met at the Friends Church on the above date and called J. H. Green to the chair and C. M. Comfort to act as secretary.

The object of this meeting being to form The Raisin Valley Cemetery Association, the proposed articles of association were read by the sec. and adopted. and signed by nine men present - - Johnathan Green, Chas. M. Comfort, Arthur Salter, Robert Glenn, Frank Haines, Emery Haviland, Moses Comfort, George Willett & Hartwell Barber who shall constitute a Board of Trustees of said Association.

The Board of Trustees next proceeded to elect their officers which resulted as follows: Jonathan Green - Pres; C. M. Comfort - Sec; Arthur Salter - Treas.; Hartwell Barber, Frank Haines, Emery Haviland all Executive Com.

The annual meeting of The Association shall be held on the first Monday in Dec. of each year beginning in Dec. 1912 at which time 3 trustees of the Board shall....." [End of record in our possession.]

The cemetery association continued to meet, and conduct business, as often as they felt necessary, in later years, meetings seemed to be about once a year. On November 11, 1996 we find in the minutes:

"The possibility of turning the cemetery over to the township was discussed. Lawrence Cox made a motion for that be pursued & Leona Meyer seconded the motion. It was agreed to have another meeting to discuss & approve this when all the information is gathered.

It apparently took two years to come to an agreement with Adrian Township, because the next meeting and the last entry in the minutes reads:

"November 16, 1998. The meeting of the Raisin Valley Cemetery Association was called to order. It was announced that Adrian Township had voted to accept the cemetery. After some discussion by the 6 people present, there was no objection to proceeding on with the transfer. Margaret Noe, attorney, will help complete the transfer. Lawrence Cox & Carol Cox were appointed as auditors - Meeting adjourned. Signed: Secretary."

The two Daughters of the American Revolution are:

Rowena Bradish Comstock, wife of John and daughter of Revolutionary Solider John Bradish. Her grave was marked by her granddaughter Almira Comstock Wood.

Mary Ann Mead Cornelius, wife of William, daughter of Revolutionary Soldier Lieut. Nathaniel Mead. Her grave was marked in 1931 by her 12 grandchildren, 5 of whom were at the ceremony according to a news article from the Adrian Daily Telegram, published on September 18, 1931.

Raisin Valley Friends Cemetery - Original Record Book

In the work, "Gravestone of Lenawee County, Michigan", done during the 1930-40 era by Harriet Cole Clark Bowen and the Adrian DAR, there appears a list of burials from the original record book. Harriet writes:

"The Church was established in 1831. The burying-ground was laid out on a strictly communal plan, being in rows beginning at the south east corner running north and south, each row numbered 1, 2, 3, etc."

Then Harriet lists the burials as found in this original book. At the end of the listing she writes:

"From the sixth row the lots have not been numbered and the records illy kept. From entries in the new book there are many interments of unknown people. The numbered rows have enough space between so that burials have been made between the lots."

When one compares the following list of burials to our sections and rows as we read the cemetery in 2001 to 2004, it becomes evident that these burials are in what we have designated as Section C. We are presenting the list from "Gravestones of Lenawee County, Michigan" because some of these graves were never marked or the markers have since disappeared. Some of the names below may be represented in our work with only initials. It is strongly suggested that you refer to this original list of burials and compare it to our records presented here. The following list will NOT appear in the index for Raisin Valley Friends Cemetery.

Raisin Valley Friends Cemetery

There are a number of old stones in this cemetery, many of these stones are inscribed with only initials. The cemetery is very attractive, well kept, the circular lay out makes for a pleasant stroll. However, the sections are also a bit hard to record in such a manner that one can find a "specific" stone easily. Row 13, for example in Section B is very long, running all the way up the hill to the edge of the cemetery. Again in Section B, we have what we call Row 13.5, it starts after the Mosher/Graves family plot, or we think it does, it is very confusing in this area, and care should be used when trying to find a grave in this area. Section C2 is a very small section. Some of the burials in Section C2 were originally recorded in other sections, as it was difficult to determine where a section ended and another began. The previous recording of this cemetery, done by Harriet Cole Clark Bowen and Adrian DAR, there are many references to birth dates or death dates as: 2m 21, 1823. This is a Quaker church and cemetery, that form of recording is used by Quakers. Why some of the facts were recorded this way by Harriet and the Adrian DAR is unknown. Many of those facts have been noted in this work, but some may have been missed during the proofreading. Researchers are urged to do their own follow up research and verification of dates. Harriet Bowen also recorded about 20 "Press Death Notices" at the end of her inventory of this cemetery, we have incorporated this information, noting that the headstone may not reflect all the data we show here. The records for this cemetery were held by Adrian Township offices in 2004.

Addendum
Raisin Valley Friends Church Burial Grounds
Plot Record Book

This plot record book was found in the Lenawee County Historical Society Museum Archives Room. It was found just weeks before the entire Adrian Township Burial Book was to go to the printer for a proof run. Since the cemetery records had been typed and both the full name and maiden name indexes had been generated and as the rows in this original record book were hard to understand, and obviously were not the same rows as we used in our readings, we decided to extract any information that was new and present it to the researcher as an Addendum. We are thrilled to have this information, we are sorry it was not discovered in time to include in the tables for the cemetery found above. The Addendum is indexed as a separate document, see the index at the end of this Addendum. Only names have been indexed, stones with only initials or the "unknown" have not been indexed.

Note: if the plot book provides us with some new information on a burial, even if that burial is noted in the body of the tables, we will include it in the Addendum, please check both! Some dates have been entered in the record book with no indication if it is a death date or burial date, researchers should take caution and make attempts to determine what the date means.

The record book was formatted thus: 3 columns, left hand side column had many notes, the lot owners names appeared here. The middle column contained the names of the deceased, sometimes dates also appeared in this column. The column on the right side contained birth and death dates, an occasional burial date, sometimes data on the type, shape and color of any monument or slab.

Format in this Addendum will be: Page number of the record book, name, notes. Notes that are surrounded by [] brackets, are NOT part of the original record.
