2008

This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

Additional copies of all our Burial Series are available. Pricing may vary from printing to printing due to rising costs and changes in our agreement with our printer.

Make checks payable to Lenawee County Family Researchers, and mail to Book Sales, P. O. Box 623, Adrian, Michigan 49221 (Note: Multiple orders may be able to be shipped together for a savings on postage and handling fees, please ask us about this.)

INTRODUCTION

This is the sixth in a series of Burial Records for Lenawee County, Michigan.

The Lenawee County Family Researchers, a Genealogical Society has for several years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. They are:

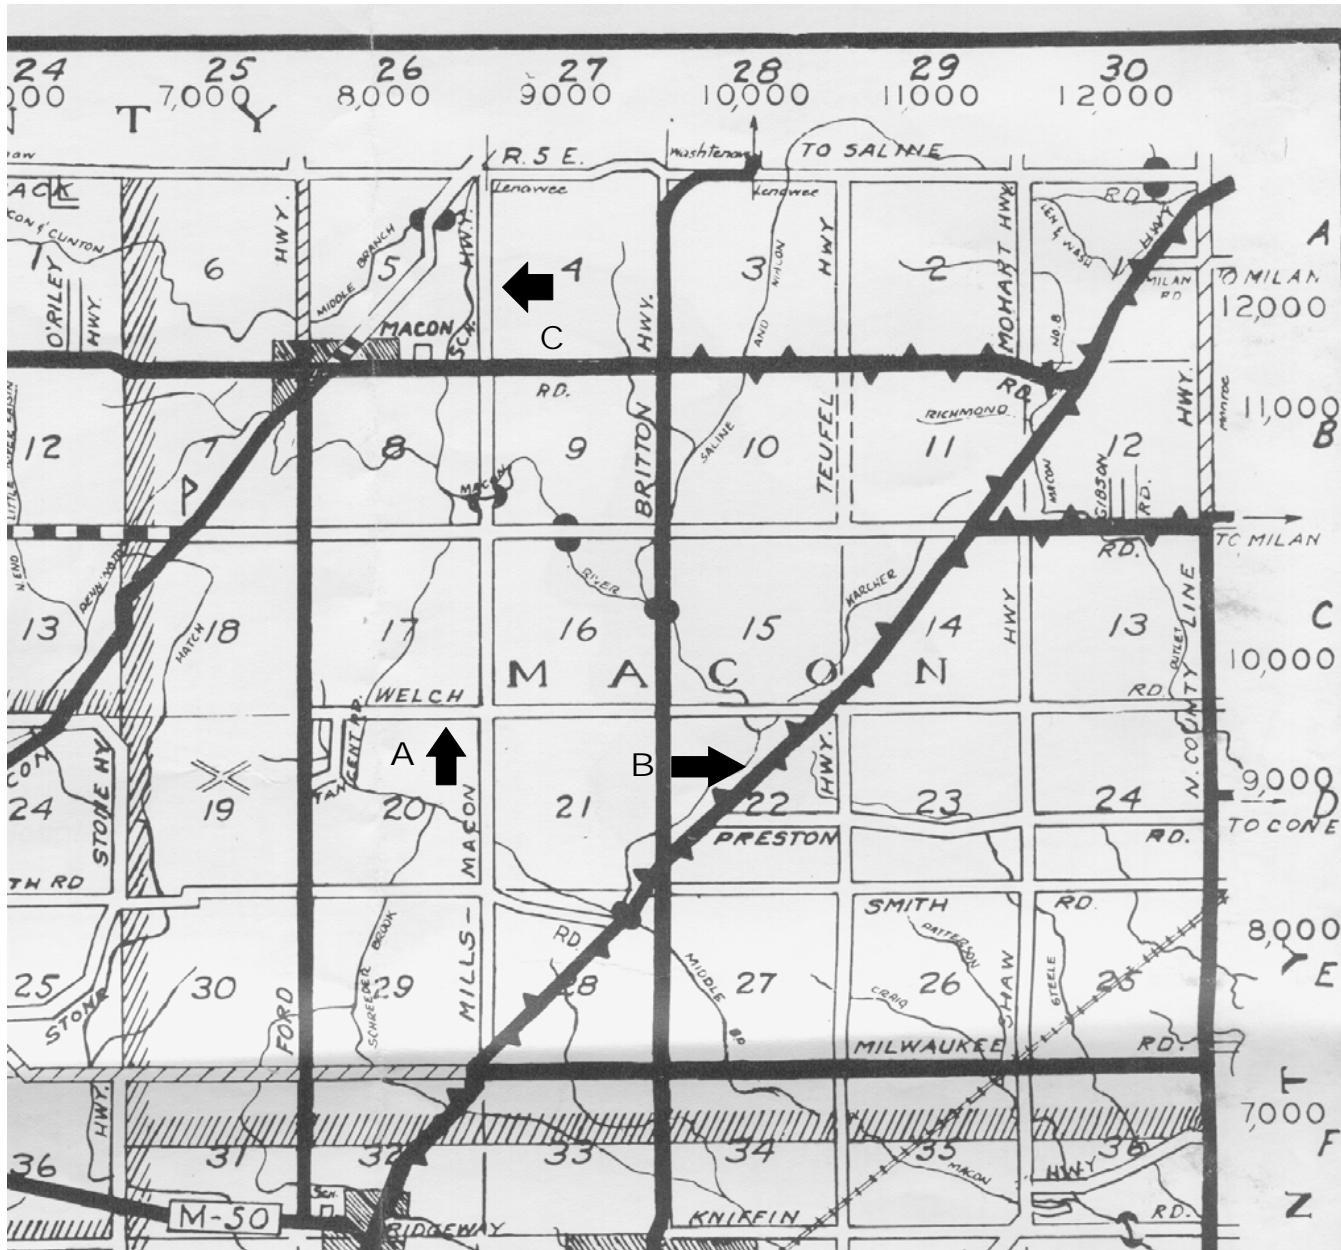

GAR - Grand Army of the Republic
DAR - Daughters of the American Revolution
SAR - Sons of the American Revolution
WRC - Women's Relief Corps
y - years, m - months, d - days

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

Special thanks go out to Mary Teeter, Dee O'Brien, Harold Pixley, Carol Stevens, Jeannette Dickerson, Jan Reister, Julia Klink, Diana Gulliksen, Chuck Oslund, Diane Oslund, Dave Govro, and Susan Sitterly for their work on this volume of Lenawee County Burials. Thanks to the staff of the cemeteries and the township officials for assisting us.

Macon Township Cemeteries

- A. Osborn Cemetery, .1 of a mile west of Mills-Macon Road, on Welch.
- B. Lake Ridge Cemetery, .5 of a mile south of Welch and on the west side of Ridge Highway
- C. Macon Cemetery, .4 of a mile north of Clinton-Macon Road, on Mills-Macon Road.

Catholic Cemetery (Abandoned)

Catholic Cemetery - Site

In stories of old Macon Township and histories of the county and township we find reference to an old Catholic Cemetery, moved to Clinton around 1900. The source of this information, we believe to be Harriet Cole Clark Bowen and the Adrian DAR series, "Gravestones of Lenawee", we quote in full:

"This cemetery also was started on Ford Road, north of the village. Only two Catholic families lived in the neighborhood at that time; Brodericks, and later Burlesons. Two graves marked the site. About 1860 a new Catholic church was built in Clinton and about 1900 the cemetery on Ford Road was discontinued, the bodies moved to Clinton. Broderick parents and one Burleson are buried there."

No attempt was made by the Lenawee County Family Researchers to locate this site, abandoned over 100 years ago.

Osborn Cemetery/South Macon Cemetery

Osborn Cemetery, otherwise known as South Macon Cemetery

We call this cemetery the Osborn Cemetery in most of our references to it. It was called the South Macon Cemetery by Harriet Cole Clark Bowen in the Adrian DAR series, "Gravestones of Lenawee County", which series was published in 5 volumes during the 1930's to 1940's.

Our history of the cemetery comes from that series, repeated here in full:

"In early 1800's a new church was organized known at that time as the Dutch Reformed church. It was built on Welch road just west of Mills highway, near the Old Grange Hall. At the side of the church yard a plot of ground was set aside for a burial ground, and a deed was given for same by one James Wheeler, Jr. on December 1st, 1852, and witnessed by Matilda Darling and Henry Darling. Signed by James Wheeler Jr. The last burial was approximately 50 years ago, the body was that of John Wilkes. Other information discloses that this was the South Methodist Church and it was torn down in the late 1800's.

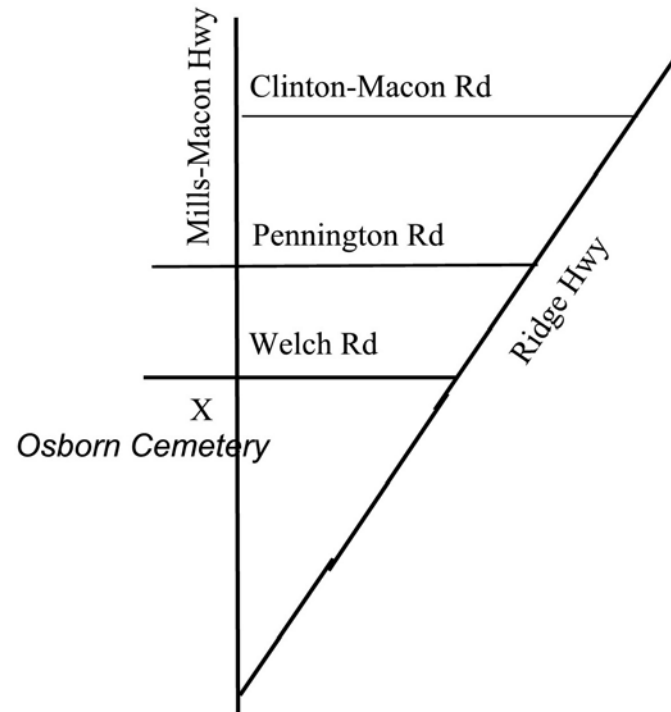

Apparently burials were made in this cemetery before the deed was made, as the wife of Wm. Osborne died on Jan. 5, 1851 and one stone was marked Timothy Hiscock, Dec. 12, 1837, aged 2. Again one finds many children buried here. Few names are readable on the tombstones and the total ground is overgrown with briars, poison ivy, etc. From time to time some interest has been shown to clean it up - - but gradually the interest wanes. Possibly 40 to 50 graves are here and the township was going to move the to Macon but an estimated \$100 per grave caused them to forsake the idea. Relatives seem to show no interest."

In our reading of the cemetery we find the last burial to probably be that of Catherine Stewart Osborn, who died in 1914 or 1919, depending on the stone you are looking at.

We are also very happy to report that in the several years of working on the cemeteries in Macon Township, that this cemetery was always found mowed, no briars. Many of the stones are broken, laying flat on the ground, sadly, even some of the newer stones have been knocked off their bases by vandals. Due to the age of most of the stones, many were all but impossible to read.

Osborn Cemetery is located .1 of a mile west of Mills Macon Highway

Osborn Cemetery, Section 20, South of Welch Rd

Osborn Cemetery

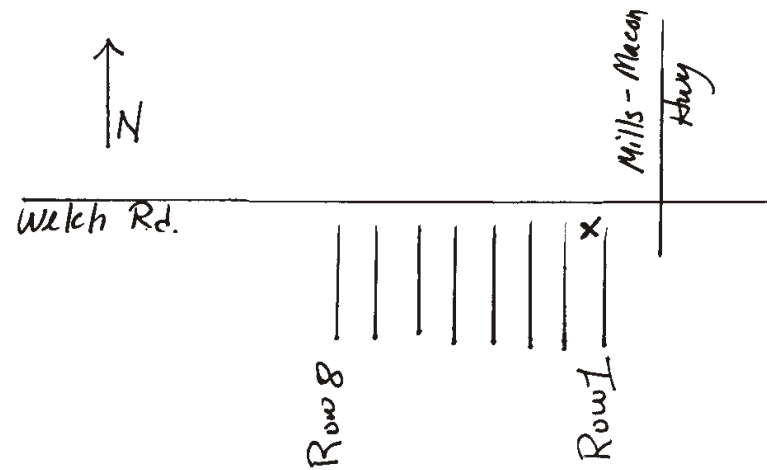

Osborn Cemetery is located on Welch Road, 1.9 miles west of Ridge Highway, or .1 mile west of Mills-Macon Road.

Heading east on Welch Road, you will find Osborn Cemetery .1 miles west of Mills-Macon Road, on the south side of the road.

Osborn Cemetery as seen from the road, it is easy to see this is a very old cemetery.

Map of cemetery, readings began in Row 1 at the "X" mark and run towards the south.

Osborn Cemetery

Located on Welch Road, 1.9 miles west of Ridge Highway, or .1 mile west of Mills-Macon Road. This cemetery is very old, most of the stones are broken, on the ground, many are hard to read. The grass is kept cut. Row 1 is closest to Mills-Macon Road, or to the east of the cemetery. Read each row from Welch Road to the back of the cemetery (or south). It appears that vandals have knocked over a number of the monuments, even some of the more recent ones.

Lake Ridge Cemetery

Lake Ridge Cemetery, Macon Township

This is a very old cemetery, however it is still used occasionally, Otto Miller, a past president of the Lenawee County Family Researchers was laid to rest there in 2002. Many of the stones are worn from acid rain, sun and age. Many are broken, many are missing.

Some of the earliest burials are those of:

Elizabeth Beth Ann Stewart, who died July 10, 1837, age 29 years 5 months and 4 days, wife of Ira;

Milton Stewart, who died August 20, 1837 at the age of 1 month 20 days;

Elizabeth Stewart, who died Oct 8, 1838, age 2 months 21 days, daughter of Ira & Eliza;

Almira Allen, who died May 17, 1839 at the age of 1 month;

Malissa Fargo, daughter of D & M, who died September 17, 1841 at the age of 8 years 6 months and 15 days;

Amytis Phelps, wife of Silas, who died June 14, 1841 at the age of 77 years.

A review of the records will show a number of young children and babies interred here.

From "Gravestones of Lenawee County" Adrian DAR's previous history on this cemetery, it is recorded that the Lake Ridge Burying Ground was incorporated as such on October 30, 1855. The officers elected after incorporation were: Ansel Stanclift, President; James Jackson, Vice-President; T. J. Hiller, Clerk; Ira Stewart, Treasurer; J. J. Scott, Sexton. Harriet Cole Clark Bowen in the "Gravestones of Lenawee County" further states: "There are no war markers of any period in this cemetery. It is claimed by the Michigan "Daughters of 1812" that Samuel Spaulding is a Veteran of that War." Other information on the cemetery tells us that it was once known as the "Lutheran Cemetery", many of the old stones in German script, but there are also Irish settlers buried there. There is reportedly a deed dated May 29, 1888, for the consideration of \$75.00, deeding the property to the Emanuel Lutheran Church by Frederick and Emma Miller. The trustees of the church were George J. Kempf, George Kempf and Christian Daisher.

Macon Cemetery

Macon Cemetery History

The following is taken from a work titled "Macon", compiled and written in part by Clarence P. Damon. A copy of this work can be found at the Lenawee County Historical Society Museum Archives. He includes in it original work written by Mrs. Mildred Moore in 1959, which she titled "Memoirs of Macon" and original work written by Ruth Kuder in 1968, titled "Pioneers of Pennington's Corners". We start with Mrs. Moore's information:

"Macon in its early years of development had two cemeteries. The Protestant Cemetery located on what is now the South Ford Road about one-eighth mile south of the bottomless pond and north of the Louis Yungling home (formerly the Sam Hatch farm).....The Protestant cemetery was in an undesirable location because of so much water. A new cemetery was purchased in 1860 and the bodies entered in the old site were transferred to the new burial ground, located on Mills Highway three-quarters mile from Clinton-Macon Road.

The new cemetery proved to be an ideal location and has always been very well kept. It is interesting to note that for many years it was the custom to keep a guard at the present cemetery because of the fear of "grave robbers" reportedly coming from the nearby University of Michigan, for the purpose of obtaining specimens for the medical students in their study and research. A small guardhouse was erected that was movable and was placed beside each new grave. For years a guard was hired to watch the new grave until danger of robbing was passed.

In 1908 the Women's Cemetery Association was formed with the following ladies as its officers, President - - Myra Camburn, First Vice President - - Ellen Mills, Second Vice President - - Anna Hatch, Third Vice President - - Mary Niblack, Treasurer - - Anna Richmond, Recording Secretary - - Persis Hatch.

Fifteen members made up the first meeting when the committees were appointed to secure members and the Constitution was formed by Hattie Sage, Addie Crittenden, Maude Day and Blanche Mills.

During the years land has been purchased, chapel and restrooms built, memorial tree planted and new drives laid out, lots plotted and flag holders purchased for the soldiers' graves. At Memorial time evergreen wreaths are made by the ladies of the community to be placed on the soldier's graves on Memorial Day.

The first Board of Directors was elected in 1910 consisting of seven members and that same year the first Memorial Day Service was held.

In 1916 the original Cemetery Association and the Women's Association were united and reincorporated with nine directors, new by-laws were drafted, and a map of the cemetery was made.

A Memorial Fund was also established and it is now known as Perpetual Care.

In 1931 Henry Ford drove a well for the Association and more land was purchased to the east.

Mrs. Lizzie Davenport, Mayne Pennington, and many others have contributed much to the projects of the Association, serving as officers and directors, working on committees and preparing Memorial Day services.

Allen Collins served as sexton for 37 years. Clarence Hall as served for over 40 years as the sexton and the community is very grateful to him for his diligence in caring for the cemetery and making sure that the services are carefully planned for each Memorial Day."

Ruth Kuder tells us in her memories of cemeteries of Macon Township:

"The cemetery for Pennington's Corners and surrounding farms was originally located on South Ford Road at the southern edge of the woods owned by Mr. Lopshire. Several burials took place there prior to 1860, but the location was unsatisfactory as this region is spring fed and there was too much seepage into the graves. So a new site was chosen a mile north and east of Macon on Mills Hwy. In 1860 all the bodies were moved from the old cemetery and entered there.

The new cemetery proved to be an ideal spot and has been one of the most beautiful and well-kept cemeteries around. Credit and thanks for this can be given to Mr. Clarence B. Hall who has been the sexton for more than 50 years. Mr. Hall has not only kept the cemetery in fine shape, but he has arranged and never missed a Memorial Day in all those years.

Our Memorial Days are more like Home-Coming Days. It is always held on the Sunday preceding Memorial Day. People by dozens are here every year from Detroit, Ann Arbor, Jackson, Toledo, as well as the nearby towns. Judge Breaky of Ann Arbor is a frequent and favorite speaker. His mother was Maria Lindsey, a former Maconite.

Mr. Hall is always there to shake hands and greet those attending from away. And they look for him. It was he who lightened the sorrow of those who had experienced leaving their loved ones. They know that they were left in good hands.

Back in 1860 the new cemetery had one grave problem. For many years it was necessary to keep a guard on duty following a death and burial because of GRAVE ROBBERS (reportedly coming from the U of M for the purpose of obtaining cadavers for medical research). A small house was built for the guard and was moved from grave to grave as needed (Dr. Morden detecting) However other arrangements have been made at the Medical School now and no longer is guarding necessary."

Clarence B. Hall is found buried in the Macon Cemetery: Section B2, Row 6, born: 1892 died: Aug 3, 1982, his grave is marked: "65 Years Sexton Macon Cemetery"

Beside him lays his wife: Margaret E. McClue, born: 1895 died: Nov 10, 1978, her grave is marked: "50 Years Secretary Macon Cemetery"

The Macon Cemetery Soldiers Monument is made of granite. This monument was dedicated May 30, 1892 at 2:30 on Decoration Day (Memorial Day). The invocation was given by Rev. Mr. Gulick and the historical address was given by the Hon. George Howell, while Professor White of Jackson gave the "address". The monument was made by Marsteller of Clinton. It is reported that it was "a beauty and was sold at a very (cheap) figure for a monument of that ----and quality". (Source of quote unknown.)

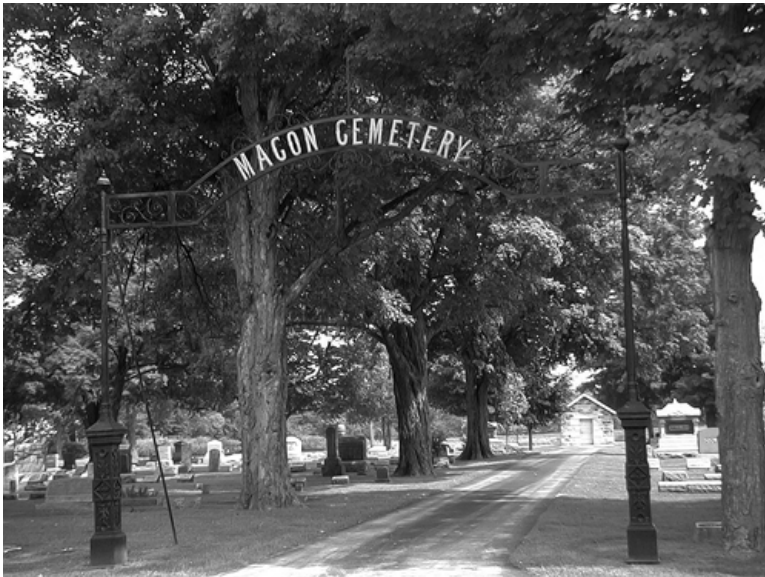

The Monument is found in Section D of the cemetery, there is a flag pole nearby.

MACON CEMETERY

This wonderfully kept, groomed cemetery, has many old sections and is still being used for new burials. Due to the roads curving, as well as rows that do not run straight, and the occurrence of partial rows (for example Row 7 in Section D is only a partial row on the south side of the cemetery), walking and recording this cemetery has been a tremendous challenge. It has been walked several times, ok, lots of times, by many different volunteers. Frequently we see or envision the rows differently. We have done the best we could under these circumstances, and hope that the way we have recorded rows and burials will assist the researcher in finding the burial place of their ancestor(s). We are more than aware that there are errors, in typing, in spelling, in reading the older stones, in how we recorded the rows. We are sorry, and all we can say, is, we did the best we could. Our suggestion is that you locate the Section and the Row your ancestor is buried in and then look around that area, carefully, look in the surrounding rows, this is not the time for tunnel vision. We wish you the best of luck, it is a lovely cemetery.

NOTE: Our sections and row numbers are NOT intended to represent those you may find in the sexton's records. Many cemeteries have Sections that have no physical marking when you arrive at the cemetery, and can be confusing. Grass driveways sometimes are now found paved, but, not all driveways are.

Section A contains many of the older burials, it is divided by a grass drive, and has 2 sections itself, Section A and Section A 2.

Section B also contains many of the older burials and is subdivided into Section B and Section B2, also divided by the grass driveway.

Section C is also divided into Section C and Section C2 by the grass driveway.

Section D has been divided in to a main section, Section D, and 2 smaller subsections, Section D-a and Section D-b. The subsections are by the curve in the road between Section D and Section E. It was hard to follow the rows, so the subdivision was made. Section D also contains the Macon War Memorial, assigned the section identification of Section D Row W/W or W/S or W/N, for War Memorial West Side, War Memorial South Side and War Memorial North Side.

Section E, a newer section.

Section F and G, both are rather new sections and there is a lot of space for future interments.

Behind Section F and G are about 8 additional sections for expansion, no burials have been made in any of these areas as of 2003.

Section U is Unknown.

Family monuments, usually with surnames, sometimes with entire families noted, are included, they help you find your ancestors, they are large and easy to spot. Some family monuments have 2 or even 4 surnames, each surname is listed as a separate line, even if they are on one monument.

"Twins

There are two to wash, two to dry.

Two who argue and two who cry.

One's in the mud having a ball.

The other holds a crayon marking the wall.

Some days seem endless, my patience thin.

Why was I chosen to be a mother of twins?

The answer come clear at the end of the day.

As I tuck them into bed and to myself say.

"There are two to kiss and two to hug.

And best of all...there are two to love!"

By, Devonna Below"

Section F, Row 4, Marjorie Monagin and Dale M. Monagin, the boulder marking their gravesites has a "tree" on it, plus a University of Michigan "M" marking it. Inscribed: Our interests varied greatly it's plain to see, but our love for each other and family, binds us together till eternity.

MACON CEMETERY

Tree: In the back of the cemetery there are two buildings, one is stone, the other is vinyl sided. Between the buildings is a very large maple tree (as of October 2008). At the base of this tree, we find a very old dedication stone or headstone. It was made of concrete with raised letters. The tree has grown around the edges of this stone and holds it in place. Many of the letters have been lost to the ravages of time, it cannot be read at this time.
