This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

Additional copies of all our Burial Series are available. Pricing may vary from printing to printing due to rising costs and changes in our agreement with our printer.

Make checks payable to Lenawee County Family Researchers, and mail to Book Sales, P. O. Box 623, Adrian, Michigan 49221 (Note: Multiple orders may be able to be shipped together for a savings on postage and handling fees, please ask us about this.)

INTRODUCTION

This is the seventh in a series of Burial Records for Lenawee County, Michigan.

The Lenawee County Family Researchers, a Genealogical Society has for several years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. They are:

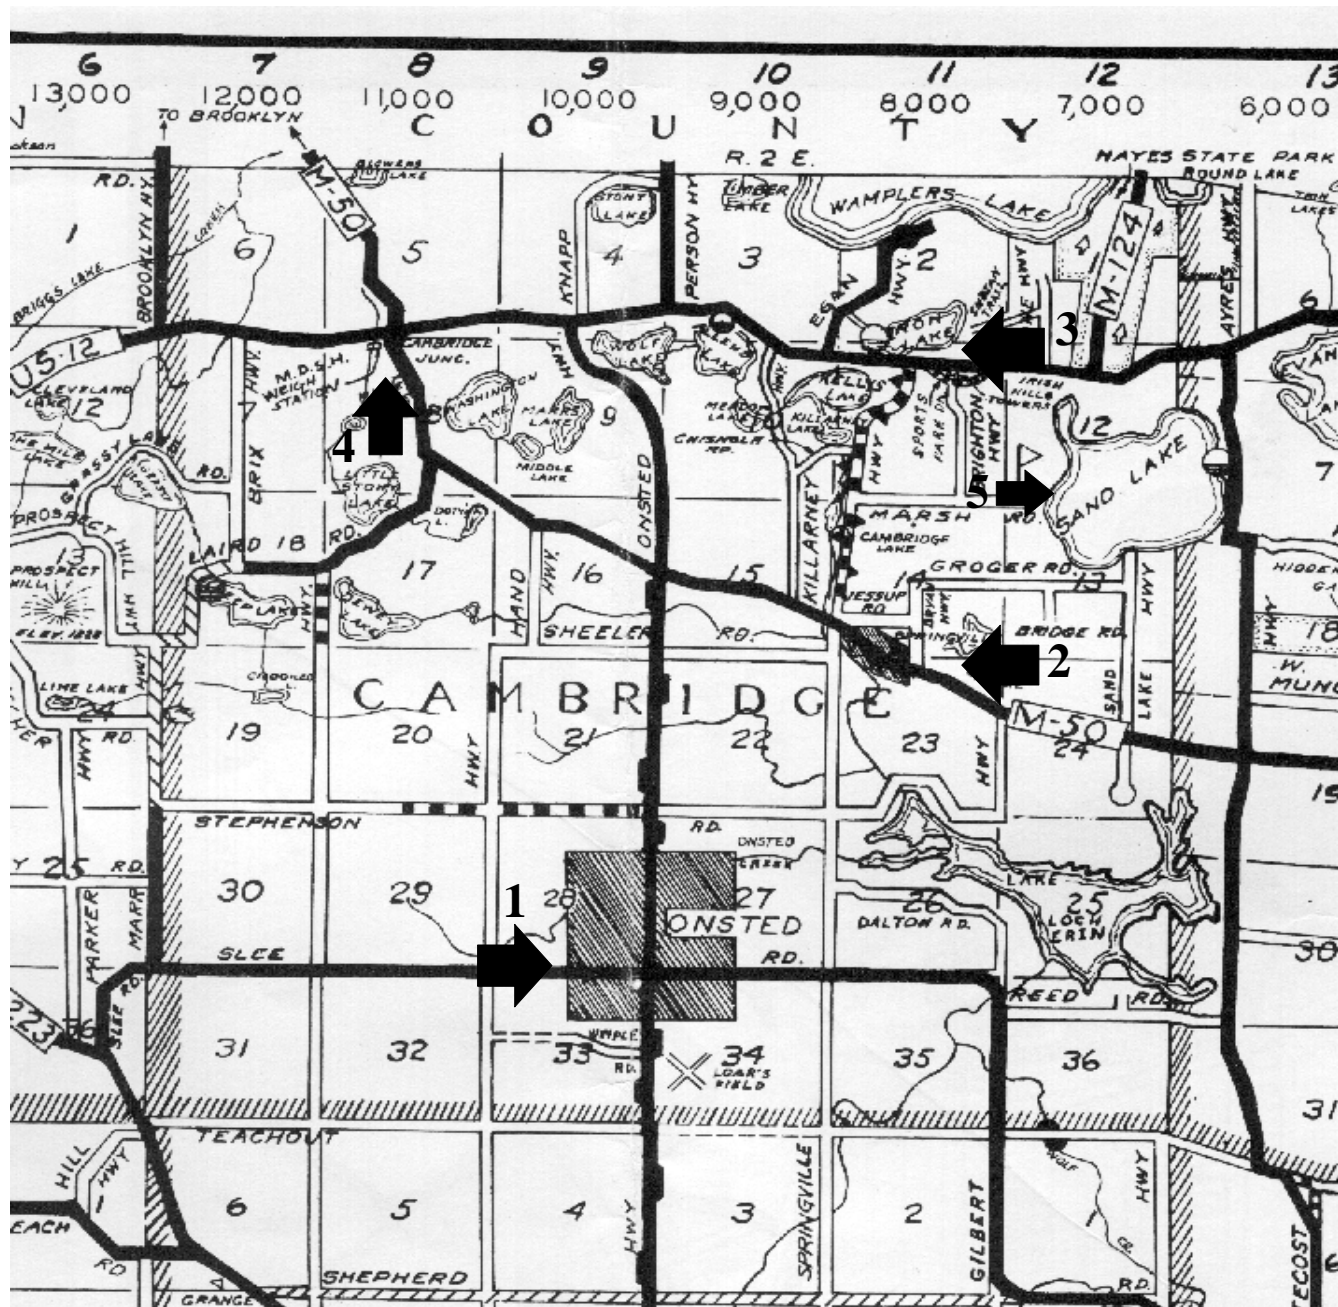

GAR - Grand Army of the Republic
DAR - Daughters of the American Revolution
SAR - Sons of the American Revolution
WRC - Women's Relief Corps
y - years, m - months, d - days

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

Special thanks go out to Carolyn Noel, Mary Teeter, Dee O'Brien, Carol Stevens, Jeannette Dickerson, Jan Reister, Julia Klink, Susan Sitterly, Michelle Olson, Karen Spiegel, Cathy Tervol, and Virginia Tervol for their work on this volume of Lenawee County Burials. Thanks to the staff of the cemeteries and the township officials for assisting us.

Maple Shade Cemetery

Maple Shade Cemetery, Onsted

From the work, "Gateway to Progress, Cambridge Township & Onsted, 1833 - 1976" written by members and friends of the Onsted Community Historical Society:

"Union Corners seemed to be the heart of a flourishing settlement and on the northwest corner the first church (Methodist) was built in 1861, on land given by Charles Greenleaf, the same year the Union Cemetery was plotted by Cambridge Township and was called 'Union Corners Cemetery' until around 1900 when the name was changed to the Onsted Cemetery. Fay Bilby Sr. was appointed the first sexton, and held the position for twenty-five years. Later a cemetery association was organized and the name changed to Maple Shade Cemetery."

The work, "Cambridge Heritage, The History of Cambridge Township And The Village of Onsted", compiled by Audrey Woods, 1999, is a gathering of stories, and memories of many local residents. Very few of these stories are substantiated with facts or sources, but present a wonderfully colorful history of this township.

We find on page 353 the story of the Greenleaf Family, which we repeat here:

"In 1834, John Greenleaf made his first trip to this area to choose his land in Section 28 in the valley of Sugar creek. Indian Trails and blazed trees were the only guides through the hardwood forest. He built his log cabin where the I.O.O.F. Hall now stands and it was here two years later that he brought his wife Susan Averill and their seven children to live.

Both John and Susan were of New England ancestry but migrated to this vicinity from Oswego County, New York State....

Grief came to the Greenleaf family when Susan died in 1857 and a daughter, Harriet Pulver in 1864 - - both were buried in their private cemetery in Section 28...."

It is interesting to note that we find headstones for John, Susan and Harriet at Maple Shade Cemetery, they are buried in Section 2, row 6. In fact, several generations of the Greenleaf family are buried here.

In this 1857 Plat map, we can see John Greenleaf's property, as indicated by the arrow. He lived east of what is now Onsted Highway and north of what is now Slee Road.

Maple Shade Cemetery, Onsted

Again, from "Cambridge Heritage, The History of Cambridge Township And The Village of Onsted", page 133, we find some recollections of Esther T. Wolfe Angus. Her memories were first recorded in an unpublished manuscript in 1975, she wrote:

"Somewhere on the land, now called the Greenleaf property in Onsted was a burial ground privately owned and used by the William Aldrich family."

We find William Aldrich, Roxanna, his wife, and Martin, their son, buried in Section 2, row 1 of Maple Shade Cemetery.

This cemetery has a great number of Veterans burials. Service to the United States and community pride is quite evident if you visit during the summer, when the number of American flags placed on the graves appears to be almost a sea of red, white and blue. In 2001 the Adrian Daily Telegram reported that the Durkee-Seager American Legion Post (Onsted) was applying to the Veteran's Administration for new headstones for 4 of the Civil War Veterans buried in Maple Shade Cemetery, another sign of pride in the service of the communities "boys".

Some other notable burials at Maple Shade:

In 1916 founder of Onsted, John Onsted, died, he is buried at Maple Shade.

In 1949 the Raynor Kerr family died on the Canadian Steamship Noronic, when the ship burned and sank on Lake Ontario, there is a monument at Maple Shade. (The following information on the Noronic was found on the internet at a Wikipedia site, we urge those interested to do further research.) "One of the largest and most beautiful passenger ships in Canada at the time, the Noronic was nicknamed 'The Queen of the Lakes.' On September 14, 1949, the Noronic embarked on a 7-day pleasure cruise of Lake Ontario from Detroit, Michigan. The ship was to make two overnight stops in Canada before returning to Detroit. Most of her 524 passengers were Americans, and 171 crew members were aboard as well. The captain on the voyage was Capt. William Taylor."

Bishop Reed graduated from Albion (Michigan) College in 1914, was the President of the Council of Bishops of the Methodist Church, the highest office of the Methodist religion. He is buried in Maple Shade. He is buried in Section 1A Row 1

NOTE: to all researchers, remember the references to Sections and Rows are sections as walked by our volunteers NOT the official sections of the cemetery or township officials. Use our maps and references or use those of the cemetery, however, remember we did not use those of the cemetery in our walking/recording.

Maple Shade Cemetery has many mature trees in the older sections. It has several entrances marked by brick columns.

Springville Cemetery

Springville Cemetery Cambridge Township

North

Cemetery was read from south to north, starting at the eastern most row.

 Cemetery is on M-50, .1 mile east of Bryan Highway

(Note: This cemetery is difficult to see while driving on M-50, it is easier to find if approaching from the west.)

Springville Cemetery

Left: Approaching from the west, you can just start to see the cemetery on the far right of this photo.

Below: Photo taken from directly across the street, frontage on M-50 is narrow, adding to difficulty in spotting as you drive by.

Please use caution when parking on M-50, current speed limit is 55 MPH.

Springville Cemetery History

The following information was compiled by Mrs. Leo Dowling in September of 1968, it was found at the Lenawee County Historical Society Museum Archives:

"The Springville cemetery is located $\frac{1}{2}$ mile east of Springville on M-50, formerly known as LaPlaisance Bay Road. It was first located north of the Village on land now owned by Paul Toland, and moved to its present location later.

In 1881, the farm now owned by Claude Cool, was purchased by Edgar Hubbard of Henrietta, Jackson County, from Norman and Caroline Giddes. A record of this transfer can be found in Ledger 128, pages 350-351, Lenawee County.

It was from this farm that cemetery property was purchased. In 1927, a meeting of friends and relatives who were interested in the cemetery were requested to meet at the cemetery for the purpose of organizing a Springville Cemetery Association. And to transact any business as deemed advisable. At this meeting Athol Brainard was elected president, Robert Smith vice president, and Percy Hubbard secretary and treasurer. Also five directors were elected which constituted the organization. Meetings were to be annually Jan. 1. A list of rules were made. At each meeting all items of business shall be presented by the president and acted upon by a vote. Records shall be kept of all proceedings during the year. But as the years have passed, the organization is no longer functioning. The township of Cambridge has paid for the cleaning of the grounds every year, mowing and cleaning up debris. Contributing \$100.00 for this. There are some very old headstones in the cemetery."

She continues:

Here is a list of some...

Jessie Neal September 1816 **

Joseph Carpenter - 1861

Ann Pawson - 1835

John Libester - 1843

Wm. Bridge - 1860

Some later ones are Anson Ayres, his wife, Frances Ayres 1915-1916

John Bennet, his wife, Laure Bennet 1916 - 1919

Henry Lewis, and his wife Nellie Lewis 1920 - 1925

William Ayres and his wife Elizabeth Ayres 1932 - 1944

William Ayres was the last burial in the cemetery. Graves of Daniel Hubbard 1860 and his wife Louise 1892 can also be found. There are many other that the names and dates cannot be made out.

** This date raises eyebrows to those in the know of Lenawee County history, as the first settlement was not until 1824. Please see recorded as buried in this cemetery: Amelia Neal, wife of Jesse, died September 29, 1846. Old worn stones are very hard to read, "4" looks like a "1", "8" can look like a "3".

We find recorded in the work, "Cambridge Heritage, The History of Cambridge Township And The Village of Onsted", compiled by Audrey Woods:

"Cambridge township, even before its formation as a legal township likewise had its official cemeteries. In 1832 the hill east of Blackmar's tavern and on the North side of the road was set aside as a 'burial ground' (Tolland's Sandhill) still to be seen in Springville which according to the old accounts is described as 'the hill east of Butterfields'."

Another reference to cemeteries in Cambridge township, from the same work reads:

"The first burying ground of 1832 was on the hill east of Blackmar's and north side of the road; the second one was on the hill east of Butterfield's Springville, in 1835."

In visiting the cemetery since 2000, we find that acid rain and time have further degraded the faces of the stones, making them even more difficult to read and record.

Springville Cemetery

Cemetery is located on the north side of M 50 just east of Bryan Highway.

Row B and Row C are in the back of the cemetery (shrubbery nearby in 2001). Row X is for burials known to be in the cemetery, but exact plot is not known to us.

St. Joseph Shrine Cemetery, Irish Hills

St. Joseph Shrine Cemetery, Cambridge Township, Lenawee County, Michigan

St. Joseph Shrine Church and Cemetery, is on US 12 (a highway that is historic in its own right, an old Indian trail, and the old road from Detroit to Chicago). The Shrine is in an area fondly referred to by many as the Irish Hills of Michigan. It is a place of history, harmony, and peace.

If you visit during the spring, summer and early fall, you will note there is a lot of foliage, trees, bushes, etc. This is looking west, the church is over towards the left of the photo. There is plenty of parking along the edge of the road by the cemetery. Being so close to the road, it is pretty hard to miss this wonderful stopping place in Lenawee County.

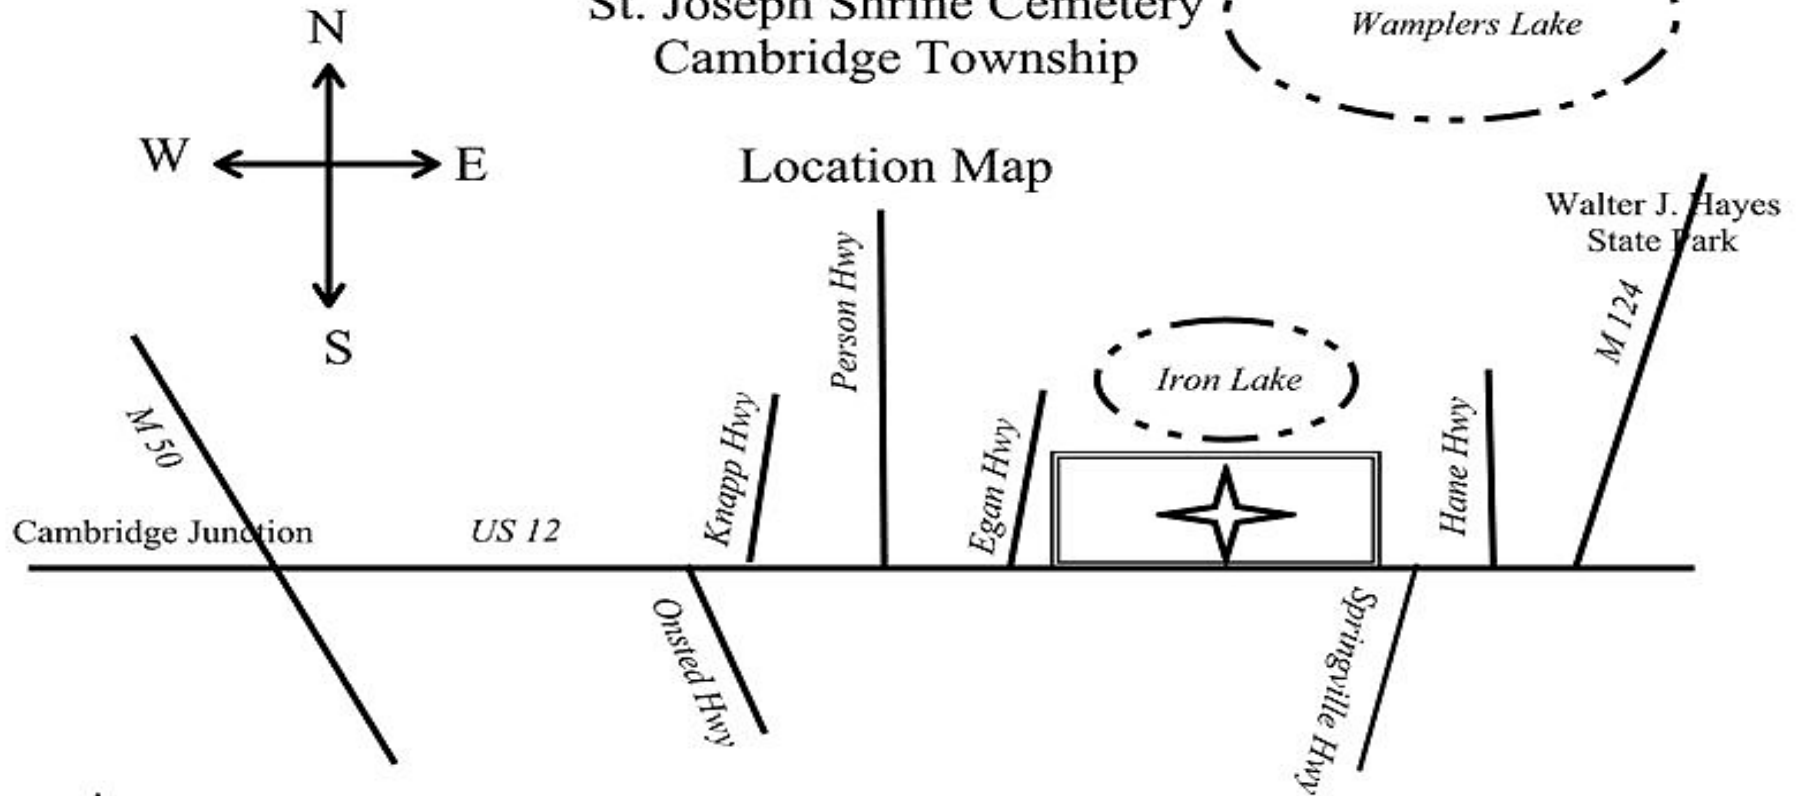

Another view of the church and cemetery, again, taken looking west (and north). Iron Lake is just beyond the tree line, north of St. Joseph Shrine and Cemetery. If you get to visit, be sure to wander around and walk down to the lake shore, the lake is such a jewel of the Irish Hills of Michigan.

St. Joseph's Shrine, Cambridge Township, History

St. Joseph Shrine and the cemetery attached to it are steeped in history, and the history of the church is part and parcel to the history of the cemetery.

From the work, "Gateway to Progress, Cambridge Township & Onsted, 1833 - 1976", compiled by the joint efforts of the members and friends of the Onsted Community Historical Society:

"Twenty years after the early settlers came to the lakes and the hills, Humphrey Egan, an Irishman and the first Roman Catholic in the area, bought 300 acres, along the "Chicago Turnpike" from Isaac Powers. This was the origin of the famous Irish Hills which extended along the "Old Sauk Trail" to Evans Lake. During the years that followed, other families from Ireland joined the colony as word reached them that this land offered many opportunities and resembled the Emerald Isle. Through their efforts, St. Joseph's Church was completed in 1854."

St. Joseph's Shrine Cemetery was included in the Adrian DAR works, "Gravestones of Lenawee County, Michigan". In July of 1933 it was walked by Harriet Cole Clark Bowen and Miss Mary Jane Mitchell (who was living in Toledo Ohio at that time). In her introduction to the cemetery Harriet noted, "The Cemetery is a remarkable example of the evolution in the spelling of family names as generation follows generation." She actually listed the burials in a way that the surnames appeared together, some examples are: Agan, Egan, Eagen, Egan and Brereton, Brearton and Brighton.

The church is a registered Michigan Historical Site and is marked as such. The marker tells us that the church in its current structure includes the original building. The first mass was held here in 1863. The church underwent an expansion in 1928. In 1932 the 14 stations of the cross were re-created on the grounds. Photo to the left is an example of one of the stations. The stations are placed along a walkway on the hill behind the church, over looking Iron Lake. The steps, archways and railings were crafted by Mexican artisans from wet concrete to resemble timber and stonework. If you visit the cemetery, you must allow a few minutes to walk along the remarkable 14 stations walkway.

In 2007 St. Joseph Shrine Church was listed on the National Register of Historical Places by the U.S. Department of Interior.

In addition to the 14 stations there are several other lovely religious sculptures placed around the cemetery, including one of Saint Patrick, the Patron Saint of the Irish Hills. The statue of Saint Patrick, as seen on the right, is placed in the newest section of the cemetery, on the eastern side of the cemetery.

Adjoining the cemetery, near the church, there is also a memorial area dedicated in 2004 which includes "The Great Hunger Memorial" done by Kenneth M. Thompson, Sculptor.

This cemetery is still quite active and there is still room for additional burials.

St. Joseph Shrine Church and Cemetery, Photo History

The following historic photos of St. Joseph Shrine Church and Cemetery have been shared with the Lenawee County Family Researchers for this project by Anthony Nichols and Dan Cherry. We are in their debt. Thank you!

Left, this fabulous photo from the air shows the church, cemetery, and Iron Lake, year unknown. What is now known as US 12 is the roadway that runs along the bottom left of this photo.

Right: Photo of the church taken from the west (looking east) in 1890.

Left, photo also taken in 1890, but taken from the east, looking west. Note the wood pile next to the building, probably for heating purposes during the cold winters.

Right: another photo of the church taken from the east, looking west, year unknown, Anthony pointed out that there was a wooden steeple. The writing on the bottom of the photo states: St. Joseph Church, Wolf Lake Park (?), Onsted, Mich.

St. Joseph's Shrine Cemetery

Row 1 is on the east side of the church building, readings start at the road (US 12) and go towards Iron Lake. There is a very small section that lies on the west side of the church, we have labeled the rows, A, B, and C. Between Rows 12 and 13 is a paved sidewalk. Between Rows 33 and 34 there is a gravel driveway, and there is another gravel driveway between Rows 41 and 42. Rows we have designated as 46.5, 48.5, 49.5, 50, 51 and 52 are partial rows in 2009, they start about the middle of row 45 and continue to the back of the cemetery (nearest Iron Lake). From Row 42 to Row 52 there is much room for additional burials. Row X represents names found in prior reading of cemetery whose stones we could not find in 2002, 2008 or 2009. Please note that our rows may not agree with any maps and rows that the church has in its records.

No death record was found for John. Cambridge Junction Cemetery

Cambridge Junction Cemetery History

Cambridge Township, historians tell us, had cemeteries even before it was a legal township. The cemetery that came to be known as the Cambridge Junction Cemetery was purchased September 15, 1838 from Rulof D. Crego. At that time the town purchased $\frac{1}{2}$ acre for the sum of \$10.00.

From other county histories, we learn that William S. Blackmar owned the land on which the church and cemetery are now located. The proximity of this lovely piece of land to the existing cemetery made it a desirable place for a church to be built.

In the work, William N. Lyster, *Missionary To Michigan*, by Jack E. Warner, we find some nice history of the building of the Saint Michael's and all Angel's Church. Mr. Warner includes some quotes from reports made by Rev. Lyster and Bishop Samuel A. McCoskry to the Episcopal Church. Just about the time the building was consecrated in 1858, Rev. Lyster wrote of the building: "This church is a well-proportioned gothic edifice of brick, the lot up on which is stands is on the brow of a gently eminence, commanding a noble prospect, and partly bounded by a graveyard." This tells us that burials were already being made in the cemetery.

Saint Michael's and All Angel's Church, as it was during the first 20 years, from a drawing by F. S. Dewey, 1867

In 2004 the church and the cemetery were listed on the National Register of Historic Places.

From the work, *Gateway to Progress, Cambridge Township & Onsted, 1833 - 1976*, compiled by the joint efforts of the members and friends of the Onsted Community Historical Society:

"Lenawee County's last surviving Civil War Veteran was Grover Vanderpool, a resident of Springville. He died January 6, 1938, and as the last bugle call was sounded, he was buried in Cambridge Junction Cemetery. He was a member of the 11th Michigan Cavalry that captured Jefferson Davis. A minister of the Prospect Hill Methodist Church also served as a chaplain of the 23rd Michigan Regiment."

Left, a view of the Saint Michael's and all Angel's Church, photo taken Fall of 2008.

Right, the cemetery as seen from the parking lot of the church. (This is our Row 1, remembering that our rows and sections may not agree with records of the church or sexton.)

Cambridge Junction Cemetery, Site Map

Map not necessarily drawn to scale, rows can be difficult to follow. A lovely old historical cemetery. There are two brick poles marking entrance to the drive, represented here by squares, bottom right.

Cambridge Junction Cemetery

Rows in section C, the older section of the cemetery, are hard to follow in a straight line, many of the stones are so faded that they can no longer be read. Please use caution when using these records.

Lyster Burials, Sand Lake

Lyster Burials, Sand Lake

Early Lenawee County history is deeply tied to the story of Rev. William Narcissus Lyster. He was a graduate of Trinity College in Dublin, Ireland in 1826. He also studied at the University of Edinburgh. William came to Michigan in 1829, stayed a short time and returned to Ireland. He was ordained a priest in 1830, married Ellen Emily Cooper of Wexford County, Ireland on March 5, 1832. In May of 1833 he came to Tecumseh, Lenawee County, Michigan. In Tecumseh by invitation of Musgrove Evans and other early settlers of the area, he was asked to preach. He participated in the laying of the cornerstone of St. Peter's Church in Tecumseh.

In 1837, Rev. Lyster built a log house on his land on the bank of Angel's Lake (Sand Lake). For a few years, Reverend Lyster preached at the Christ Church in Detroit, Wayne County, Michigan, where he was the first rector. (In 1905 there was a beautiful stained glass window dedicated to the memory of Dr. Henry Lyster, William's son. This window reportedly depicts ten of the members of the Lyster family who surround Christ.)

For years, Rev. Lyster preached, married and baptized in many churches in southeastern Michigan, in Lenawee County, Jackson County, Washtenaw County, Wayne County and beyond. His last sermon at the Episcopal Church, now known as St. Michael and All Angels Church, in Cambridge Junction, Lenawee County was on May 1, 1870. He died in Columbia Township, Van Buren County, Michigan on September 9, 1877, his remains were buried at the Elmwood Cemetery, Detroit, Wayne County, Michigan.

It is his time at Sand Lake that interests us the most, as it is reported by many that he buried 3 of his young children there. This fact is reported in at least two local histories of the area.

The first is, "A History of Sand Lake Cottage Residents, Cambridge Township, History of the Marsh/Brighton Property", the introduction written by Donald Massey, ca 1996, it follows in full:

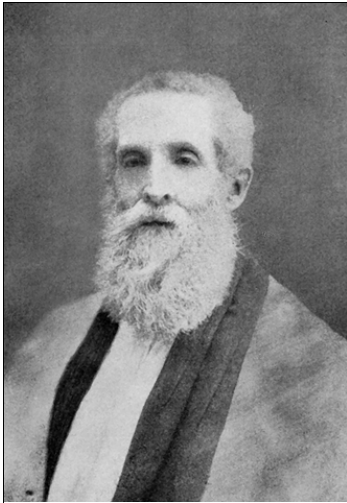

"West Shore of Sand Lake

Accounts Recounted by Joe Marsh 1996, page 32:

A second story has a touch of sentiment and is about a tiny, private cemetery on the low shoulder of land, perhaps a half dozen or so

rods west of #3030, Hiebers and #3034, Woricks. It seems that shortly after the Rev. Wm. Lyster acquired his land from the Van Buren administration and build his home on the south side of the lake, an epidemic (smallpox?) struck and took three of his children. He chose to bury them on that little knoll near the base of the big locust trees that grow there. As a boy, Dad recalled a low picket fence around the spot and a lilac bush. He said that Lyster relatives would occasionally cut the weeds away and add a coat of whitewash to the fence. I don't recall ever hearing of stones marking the graves and have never found any, even though I frequently visit the location and ponder the ache that must have been in those pioneers parent's hearts. It's certainly a beautiful and peaceful place to await eternity."

The next reference to the Lyster burials comes from the work, "An Historical Sketch of Sand Lake", published in 1981 by the Sand Lake Property Owners Association. They tell us, repeated here, in part:

Rev. William N. Lyster

"A near neighbor of Elder Tripp, was the Rev. William Lyster, a graduate of Trinity college and a clergyman of the Episcopal church. He had been a rector of Christ's church, Detroit, but discovering the beauties of this little lake, he determined to make a home on its borders, and purchased the land nearly around it, building a house on its west bank, at a point which was inaccessible on all sides to teams. Near this spot was a giant oak, where the Indians told him the eagles had built their nests and reared their young for a hundred summers as they were again doing that year. So under the shadow of this tree, the learned recluse made a home for himself and family for many years. Some of his unique schemes for the improvement of his forest abode, were a log fence, a rope fence, and a chair, which could be raised and lowered by means of a windlass and chain, from the top of the bank to the edge of the water, and which he occupied while writing his sermons, thus making solitude more solitary.

...Not far away, and back of where a row of west side cottages now stand, we may find four locust trees, which once marked the corners of a little burial plat, where were laid three children of this interesting pioneer family, and the covering sod is still marked by clumps of live-forever and myrtle, planted by loving hands in the long ago."

It is not clear what the names of these three children maybe. Death records were not required to be reported in Michigan until 1867.

However, some very good information on Rev. Lyster and his family, including his children, comes from the work of Jack E. Warner, titled: "William N. Lyster: Missionary to Michigan", published in 1998. Mr. Warner studied Rev. Lyster in depth, reading all his writings and letters, even traveling to Ireland. It seems Jack Warner is quite well versed in the life of Rev. Lyster. We feel confident in placing a great deal of

credence to his work. (That said, locating and reading the writings of Rev. Lyster himself may reveal information that Jack Warner did not report in his work, we leave that to other researchers.)

Jack Warner reports the names of six children born to William and Ellen, as:

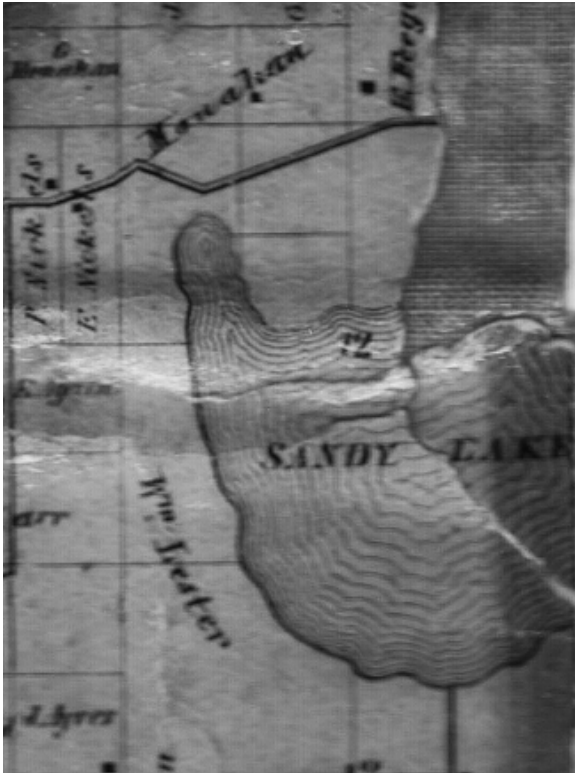

- 1.) William John, born June 22, 1833 in Tecumseh, Lenawee County, Michigan
- 2.) Matilda, aged 4 years, died in Cleveland, Ohio around 1838, birth year or place not stated; there is a reference to her grave being moved, but to where, is not stated in this work, see below
- 3.) Henry Francis LeHunte, born November 8, 1837 in Ireland
- 4.) Theodore, born December 4, 1840 in Detroit
- 5.) Melvill McCaskey, who was baptized in February of 1843 and died November 10, 1844 and was 'buried on the banks of the lake'
- 6.) Elizabeth (Bessie) Martha Hatton, born January of 1847, possibly in Detroit

William John, Henry Francis LeHunte, Theodore and Elizabeth are known to have lived to adulthood. Matilda died in Cleveland, Ohio, so that only leaves Mevill(e) as the only child listed by Jack Warner who died and was buried at Sand Lake.

Jack quotes a letter from Rev. Lyster to his father (back in Ireland) which tells of the loss of Melvill, part of which we repeat here:

"During the short stays which I could make each week at home, much of my time had to be occupied in relieving Ellen from the charge of our little Melvill who long severely suffered from a delay in cutting teeth and was unwilling to let any one attend to him but ourselves. ... Our dear little Melvill McCoskry (and if I had a favorite among our children it was he) has been numbered with the dead! ... As we have no consecrated burial grounds in this county, and the resting places of the dead are not unfrequently disturbed and changed (Matilda's grave had to be moved) I selected a beautiful and retired spot in our own woods near the bank of the lake for the repose of the earthly remains of our little one. ..."

The access to the area where Rev. Lyster lived is a beautiful scenic road, Marsh Road. A drive through this area in late 2008 did not reveal the burial place. No attempt was made to contact local residents who may know where the little burial place is.
