This series will eventually include all known Lenawee County cemeteries and the records of cemeteries that have been moved or disappeared. Many sources are being utilized to publish these works. Cemeteries will be walked and re-walked, vital records, newspapers, sexton and township records studied.

Additional copies of all our Burial Series are available. Pricing may vary from printing to printing due to rising costs and changes in our agreement with our printer.

INTRODUCTION

This is the eighth in a series of Burial Records for Lenawee County, Michigan.

The Lenawee County Family Researchers, a Genealogical Society has for several years been walking our cemeteries and recording the burials, so as to bring to you, the family researcher, new, updated and hopefully complete records of the burials in our county.

This is a HUGE undertaking by a small group of volunteers. We foresee that each township will have a book of burial records, we have 22 townships here in Lenawee County. Several of our larger cemeteries are so large that it will require a book for each.

The records contained herein will be a combination of sexton records and gravestone readings by our members. In some cases there is additional data that one of the compiler's felt obligated to go "find" and include. Death indexes and obituaries, and other sources have been examined when one of the volunteer compiler's felt they could "fill" in some missing information.

There is no set order of publication of the townships, they will be published as they become available.

We apologize in advance for any errors, as we know there will be some. Please notify us of any errors and we will correct our records. Thank you and enjoy.

Compiler's Preface

Before using the information in this book for research purposes, there are a few things to keep in mind. Most notably, the information recorded here should always be verified by other sources. Tombstone inscriptions are known to be inaccurate in many cases, the spelling and the dates depending of the ability of the stone mason. We have also found many inaccuracies in the older Sexton's records and in many cases the dates on the Sexton's records do not agree with the dates and names on the tombstones.

All information included in this work was not necessarily FOUND on the headstones, some of it was gathered from sexton records, Harriet Cole Clark Bowen and the Adrian DAR work of the 1930 - 1940 era, titled: Gravestones of Lenawee County, Michigan, vital record indexes, obituaries, too many sources to recite. Therefore we strongly urge you to verify the data included in this work by another source before using it for genealogical purposes.

We have incorporated endnotes in this volume, so that we could report "extra" information that was found on a particular burial. The endnotes appear at the end of the recordings for each cemetery. Each cemetery is separately indexed and we have also included a bride's index for each cemetery.

There are many unmarked burials in the cemeteries and those have been included when records were found. We have attempted to include military information where possible.

Any mistakes in transcription or anywhere in this document are unintentional.

The use of abbreviations sometimes were required to fit the data to the format. They are:

GAR - Grand Army of the Republic
DAR - Daughters of the American Revolution
SAR - Sons of the American Revolution
WRC - Women's Relief Corps
y - years, m - months, d - days

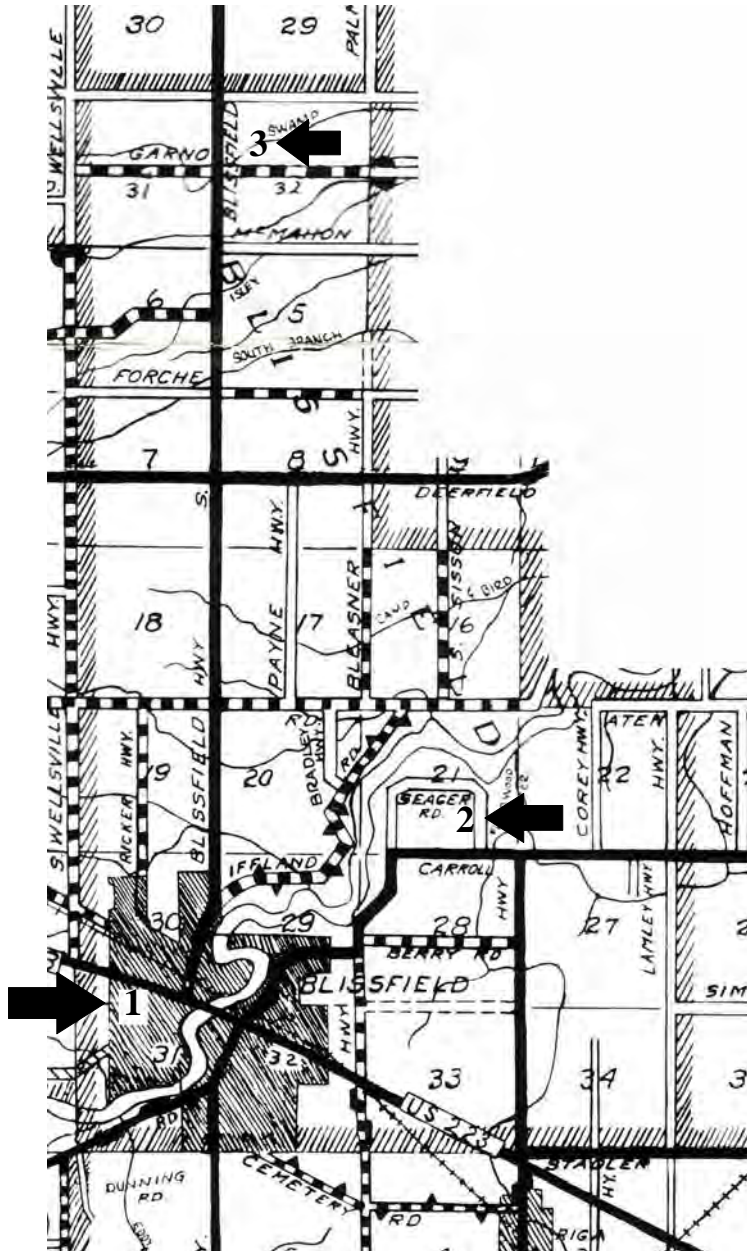

THANKS TO

This work is the result of hundreds of hours of work by our membership. They walked each cemetery, sometimes several times, sometimes in the heat, sometimes in the cold, and always fighting off the bugs and mosquitoes. They sat for hours and recorded data from the sexton and township records. They then spent many more hours typing into computer data bases. Then they checked and re-checked the end results.

This is a very dedicated group of people, and they cannot be thanked enough for the hours they worked and dedication with which they approached this project.

Special thanks go out to Mary Teeter, Dee O'Brien, Carol Stevens, Susan Sitterly, for their work on this volume of Lenawee County Burials. Thanks to the staff of the cemeteries and the township officials for assisting us.

Blissfield Township Cemeteries

There are 3 cemeteries in Blissfield Township.

1.) Pleasant View, on the west side of Blissfield, south of US 223, which is also known as W. Adrian Street. The entrance is off of High Street.

2.) Crane Cemetery, which is located on the eastern leg of Seagar Road, .4 of a mile north of Carroll.

3.) Spiegel, aka Speigel, aka German Lutheran Cemetery, is .5 of a mile east of Blissfield Highway off of Garno Road. The cemetery sits up on a hill, via a dirt road, about .1 of a mile north of Garno Road.

Pleasant View Cemetery

Pleasant View Cemetery

When Harriet Cole Clark Bowen and the Adrian DAR recorded this cemetery in their works published from 1930 to 40 she started the section covering Pleasant View with these words:

"It is wooded with primeval oaks and elms, the whole tract being surrounded with maples which have undoubtedly been set out by the original organizers of 'Pleasant View'.

The first burials are in the southern part of the original area, the oldest record being that of a child in 1826."

Blissfield is the second settlement in Lenawee County. Again, Harriet tells us, "Harvey Bliss, the first settler in this locality and the one for whom the town was named, is buried in the oldest part..." of the cemetery. Harvey Bliss died December 31, 1841 at age 52 years. He settled Blissfield in 1824, founded the village in 1825. He was born in Potsdam, New York, his wife was Nancy Woodbury who died in 1849, age 48 years. Harvey Bliss and his family are memorialized with a family monument in Section C, Row 1.

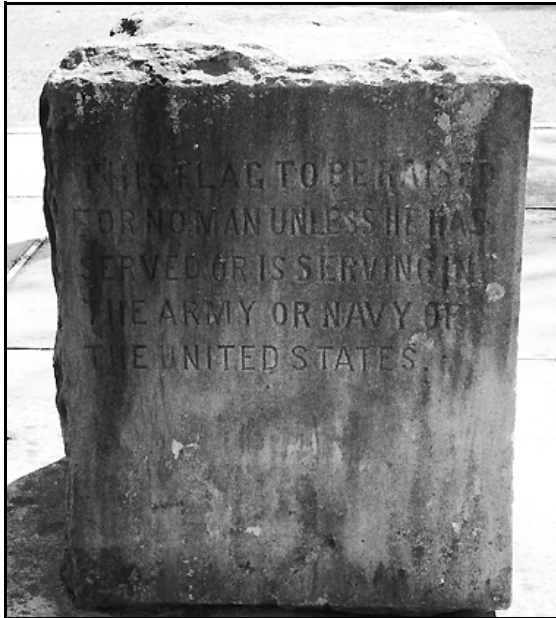

In 1911 Walter Jipson, of the Jipson-Carter Bank had the northern section of Pleasant View Cemetery landscaped at his own expense. We cannot be certain, but we believe the area Walter landscaped would encompass Sections 5 A & B, B2, and 2E.

Left: As with any large cemetery, there are always mysteries. This stone marking the burial place of Asa Bliss is in Section E, Row 6. Nothing is known of Asa. There are no other Bliss family members buried in Section E.

Left: In Section AB, Flag pole, Civil War Cannon (dated 1855), flower pot(see below) and a large cubical marker (see below to left). The vault building was built in 1882.

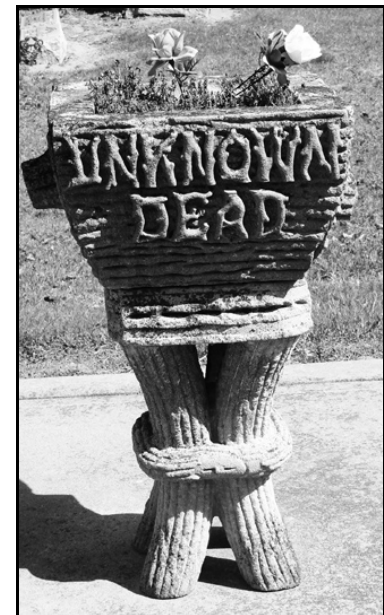

One side of the cubical marker reads:

"This flag to be raised for no man unless he has served or is serving in the Army or Navy of the United States."

The other side reads:

"The love we owe our Country is holier and more profound than we owe our nearest kinsman; and he can have no claim to the title of a good man who hesitates to die in its behalf. Cicero"

This flower pot, made of concrete, and designed to resemble twigs, says, simply:

"Unknown Dead".

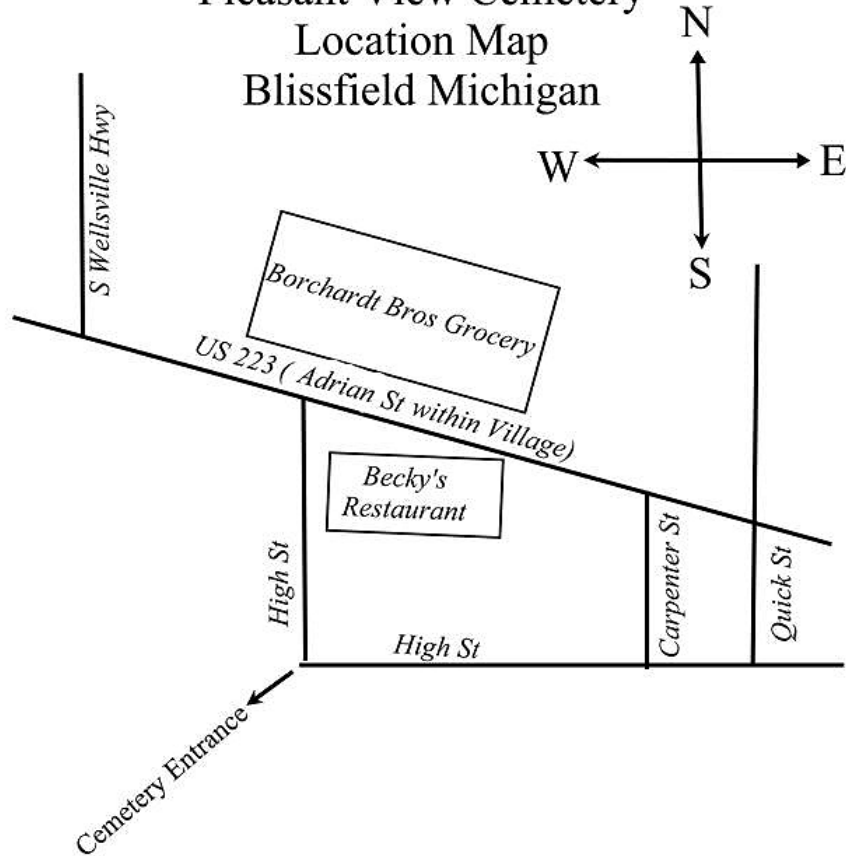

Left: In 1947 the cemetery dedicated this handsome statue commissioned and paid for out of the estate of Flora (Jipson) Ellis. Flora was the second wife of Amaziah D. Ellis. The statue was sculpted by Avard Fairbanks, Dean of the School of Fine Arts, University of Utah.

On the front is inscribed: "To Youth"

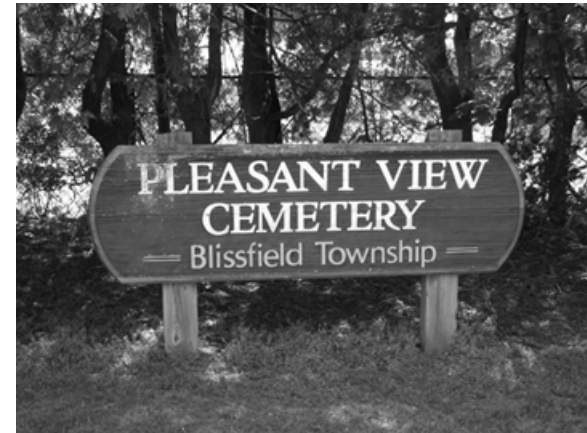

On the rear is inscribed: In honor of Amaziah D. Ellis, 1845-1924, donor of Ellis Playground, and his wife, Flora Jipson Ellis, 1852-1944, donor of Ellis Scholarship Fund. This memorial erected 1947.

The monument is in Section A of the cemetery.

Spiegel AKA Speigel AKA German Lutheran Cemetery

Spiegel AKA Speigel AKA German Lutheran Cemetery

Very little written word/history has been found about this cemetery. A study of the burial records themselves start to tell the story, the first burials happened in the early 1880's. Christian Gafner died Jan 21, 1880, Friedrich Brehmer died April 9, 1881 both are buried in Row 11. Johann Spiegel died June 21, 1881, his stone can no longer be found.

Another difficulty in researching the history of this cemetery is the name, and the spelling. Anyone that has researched German names knows that spellings never are the same. For Spiegel we have Speigel and even have found the name spelled Speigle on plat maps.

In early death certificates found at Seeking Michigan (<http://seekingmichigan.org/>) we find the cemetery called "German Cemetery", as in this certificate for Ernestine Louise Piotter.

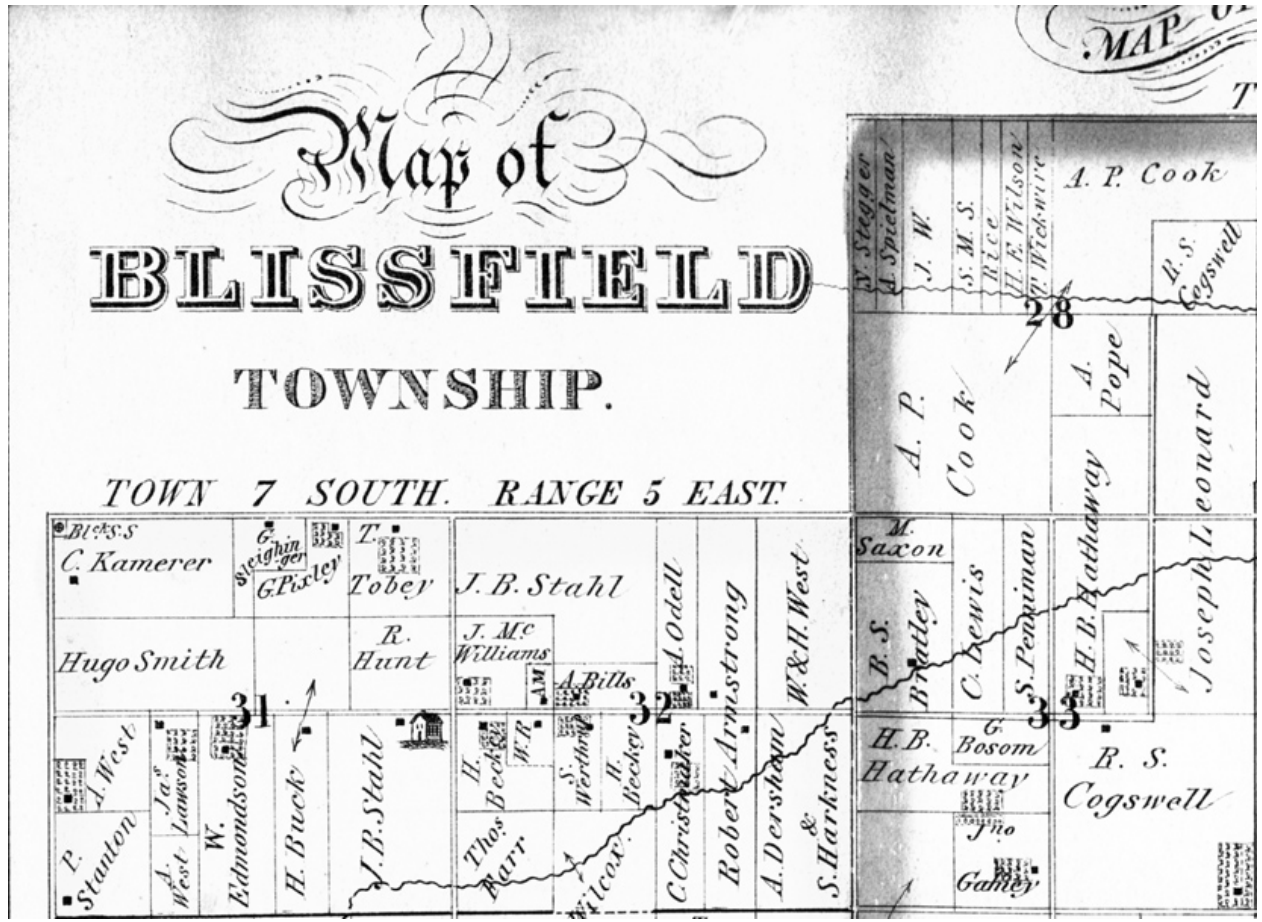

In 1919 we find the death certificate of Esther Martin, whose name was recorded as Ester Doram Martin, states the cemetery name as the "Lutheran Cemetery". We have also seen references to burial places as "Blissfield", when we know the burial was in this specific cemetery. This inconsistency does not surprise, it is common even in 2010, cemeteries known by 2 or 3 names, even funeral homes have been known to call the same cemetery by different names. It is one of the difficulties family researchers deal with daily in their searching.

A study of plat maps also tells us the story of a cemetery, here is an image from the plat map of 1857, believed to be the earliest available for Lenawee County. Spiegel/Speigel Cemetery is in Section 32, shown here. Note in the upper right portion of Section 32 the map maker shows some little grass like graphic icon. This represents the Black Ash Swamp, which also covers parts of Ridgeway Township to the north of Blissfield Township. (Note: in 1857 there was no Deerfield Township.)

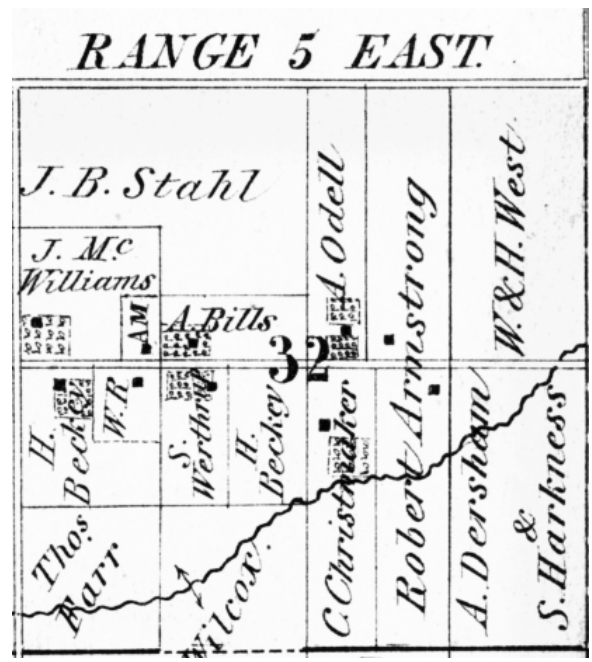

Lenawee's next dated plat map is 1874, here, again is the area in which we eventually will find this cemetery, note, no indication of a cemetery here.

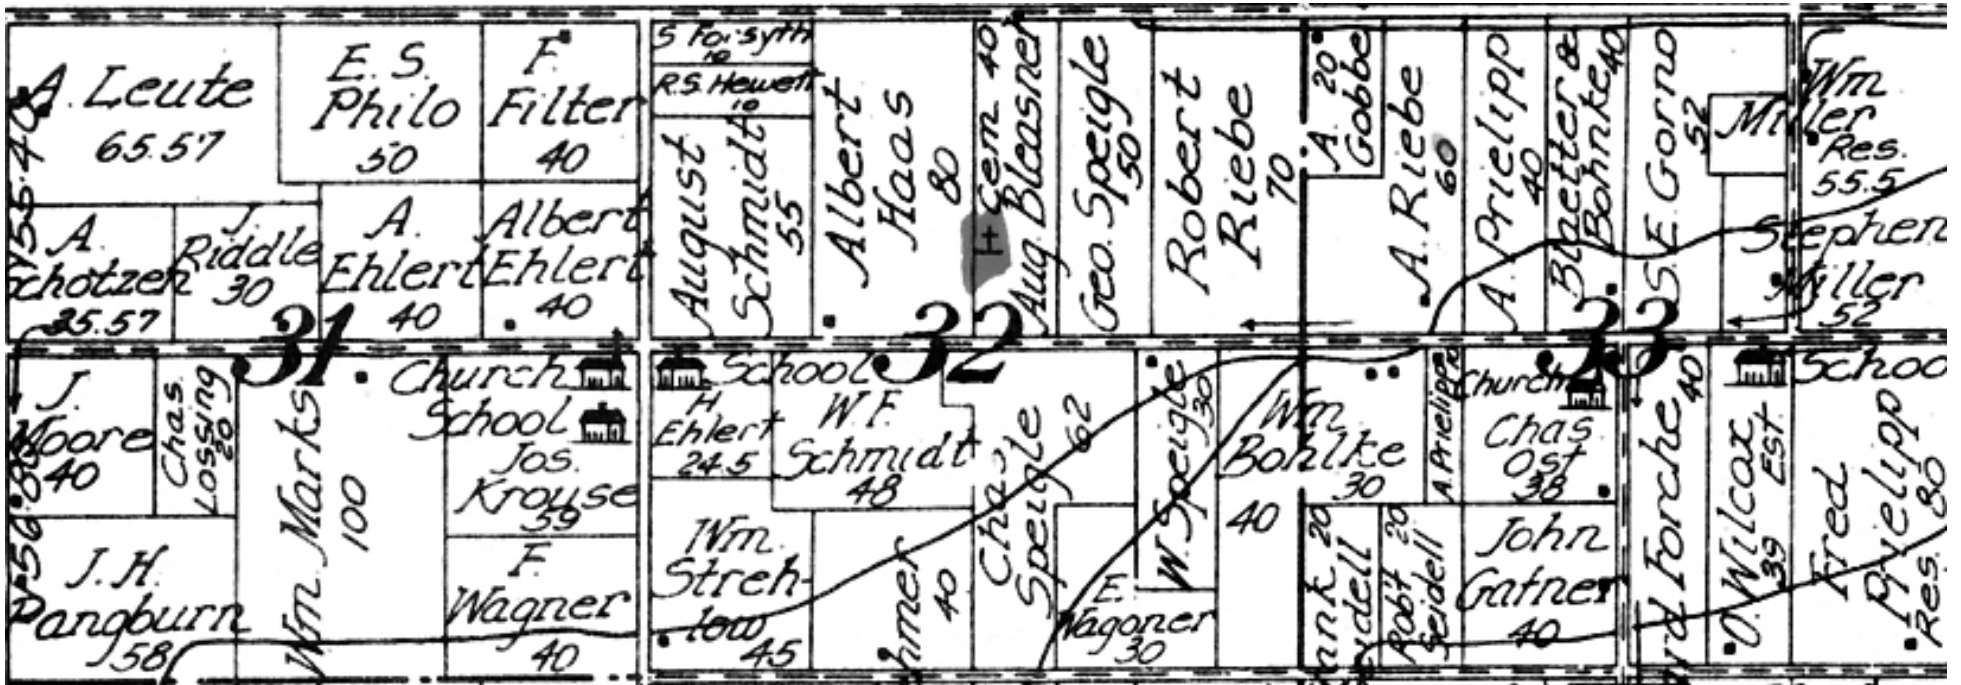

Left Sections 31, 32 and 33.

Below, Section 32 enlarged. The cemetery will eventually come into being on the land owned by A. Odell in 1874.

The cemetery does not show on the 1893 plat map either, but, by 1916, the cemetery can be found, marked by a cross on the land of Aug. Blasnel (surname also found spelled Bliesner). We note 3 land owners close by are Chas. Speigle, W. Speigle and Geo. Speigle.

Just .5 of a mile to the west at what is now the intersection of Garno Road and Blissfield Highway we find on this plat map, 2 schools and one church. That church is now called Immanuel Lutheran Church.

Several trips were made to the Register of Deeds in Lenawee County looking for a deed from someone, anyone, to a cemetery organization of some kind for this cemetery. The deed books are heavy, huge, dusty; not all deeds have been indexed to their computer system. No deed to a cemetery organization was found during these trips, which means only that our search failed,

the deed remains undiscovered. However, a deed recorded in February of 1962 was found that mentions the cemetery, although not by name. The deed is from George and Anna Spiegel, husband and wife, to the Basin Oil Company for a lease on the property they owned. Lease was for 5 years for drilling rights for oil and gas, the property description is:

"Northeast Quarter (NE 1/4) EXCEPT for one acre out for cemetery along the West line thereof - - of Section 32, Township 6 South Range 5 east, and containing one hundred fifty nine (159) acres, more or less."

The capitalization of the word, EXCEPT, is typed that way in the deed.

On the web site, Interment.net, <http://www.interment.net/>, we found the following notes about the Spiegel Cemetery. Note the name is shown as "Spiegle" on this web site: "Mrs Lawrence Marks stated to me that her grandfather, Mr Spiegle, donated the area of his farm on Garno Rd, Blissfield, Michigan, and the name of the cemetery is Spiegle. (some question the spelling)." Attempts to contact the submitter of this information failed.

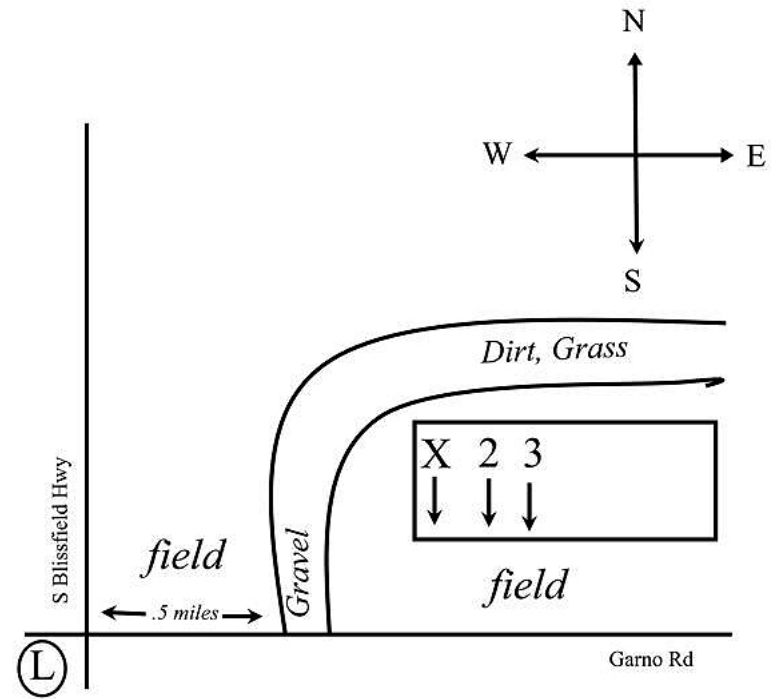

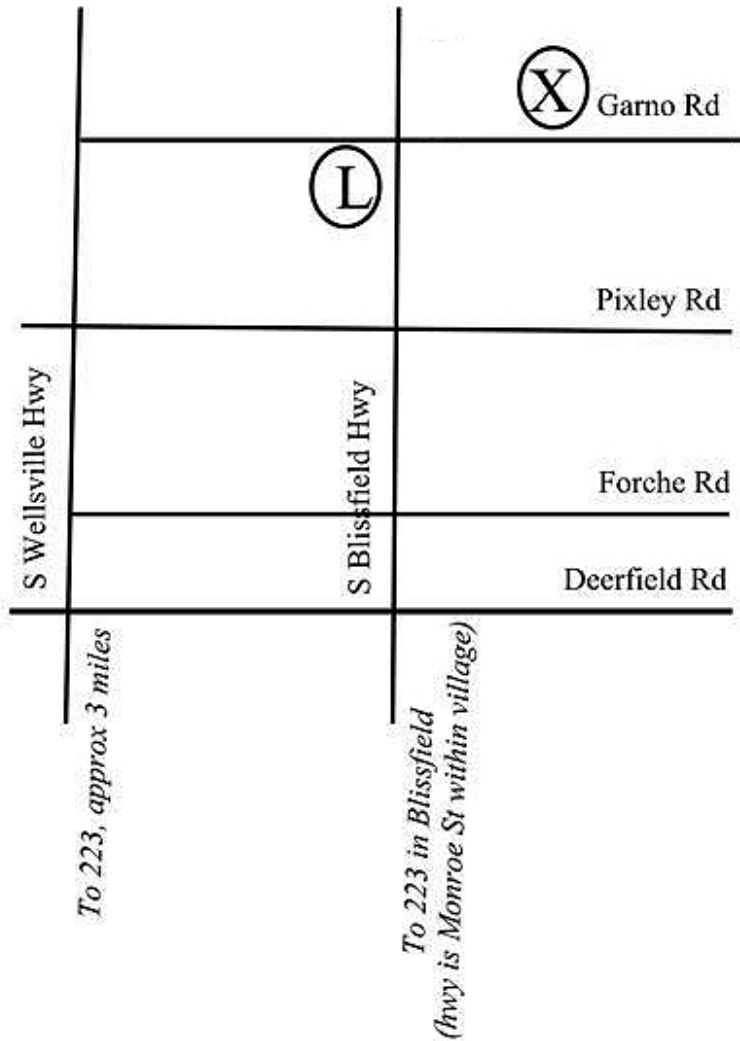

Spiegel AKA Speigel AKA German Lutheran Cemetery

This cemetery is located .5 miles west of Blissfield Highway, on the north side of Garno Road. Most seasons it is fairly easy to see the cemetery from Garno Road as it is on a bit of a hill. You may have to look a bit harder during the summer if the farmers are growing corn. The cemetery is .1 of a mile up the hill north of Garno.

This photo was taken from Garno Road, looking up the dirt access road to the cemetery.

Cemetery lies .5 of a mile west of Blissfield Highway. It is .1 of a mile north of Garno Road, access via a gravel driveway, between fields of crops. Well maintained, grass was cut every time we visited.

Spiegel AKA Speigel AKA German Lutheran Cemetery

The name of this cemetery has been recorded as Spiegel, Speigel and German Lutheran. Harriett Cole Clark Bowen spelled the name Spiegel in the DAR works of *Gravestones of Lenawee County*. However, since then, it seems it has been spelled Speigel in many other places. Please consider that there are several family members buried here, and the name is spelled Spiegel. There are close to 20 burials at the Pleasant View Cemetery in Blissfield with the spelling Spiegel. There are no reported deaths spelled as Speigel on the Michigan Death Index that covers 1971 to 1996.

This cemetery has many German burials. Some terms/translations: Seine Gattin = His Wife

Tochter = daughter

Mutter = Mother

Vater = Father

Rows 1 and 2 wander and have large spaces between some of the burials, caution should be used if you are searching for an interment in one of those rows. Rows 5 and 5.5 may not start at the north edge of the cemetery, have large spaces between burials, the rows are narrow and it is difficult to follow the rows, we urge caution, and if you don't seem to find your ancestor in Row 5 or 5.5, look around a bit. Row OB stands for interments found in the Old Books that cannot be located in 2010. Row X has 2 names provided by a family member, no stone marks the burials, the burials are not indicated in any township or sexton records, but family member knows exactly where they are buried in the cemetery.

Crane Cemetery

Crane Cemetery

From Harriet Cole Clark Bowen and the Adrian DAR series, "Gravestones of Lenawee" we find this one sentence telling of the history on this cemetery:

"This is one of the oldest burial places, and in this plot are some of the very earliest settlers of the township."

Portion of the 1857 map, showing the cemetery marked as GY.

There are any number of stones with dates of 1842, to 1850. The majority of the burials were between 1850 and 1900. Studying the dates, it seems that there have not been many burials here from about 1935 to 2000, but, we do find 2 recent burials, that of Harold W. Brown in 2000 and Howard Allen Estes in 2009.

A War of 1812 soldier, Daniel C. Crane, is buried here in row 9. Daniel died 08 May 1872, at age 83 years 6 days.

The earliest map we have for Lenawee County is dated 1857, and we find the cemetery shown on that map, in section 21, surrounded by land owned by E. Newton. It is marked "GY." Just south of E. Newton's land we find land owned by A. H. Crane, (possibly the source of the name of the cemetery?). He is buried here in our Row 4.

Interestingly the cemetery does not appear on the 1874 Plat Map, but it does appear on the 1893 and 1916 Plat Maps.

Despite several searches at the Register of Deeds, no deeds covering this cemetery were found, further searching may provide more history for this cemetery.
